t in every way possible, have there on time as he had a paper to home' says 'you may.' Of course we all their sturdy pulls at the cars, they by this time learned that God's purposes are carried out in the face of all opposition. A series of Gospel Temperance meetings will be inaugurated in the tabernacle in Nortolk on next Sabbath evening, Oct. 19th, under the leadership of Mr. Francis Murphy, The report was unanimously adoptwho is now in that city. We trust that these meetings may prove a blessing to the community, and that thousands may be led from the curse

production and made a fine impre sion. A copy of it was requested for publication in the Herald of Gospel Laberty.

Rev. M. L. Hurley reports a grand time in Alabama. He says that the pecpie in that Conference are stirred over the principles and work of the Christians. He thinks a brighter day s dawning upon our work in that section. The Lord grant it.

The Alabama Conference has shown its pluck-it raised within \$4 of the whole amount they assessed for mis sions the past year. That is a record of which any conference might be proud. May it be but the beginning of yet greater things.

We met Rev. J. P. Watson and his noble wite at Marion for the first time. He is a hard worker-has done more to create missionary enthusiasm in the Ohristian Church North than any other ten men. He has a most pleasant face and is very cordial. To know him is to love him. He is the accomplished editor of the Herald of Gospel Liberty.

We wish to direct the attention of our readers to the rew advertisment of Harper & West of Suffolk, Va. as it appears in this issue. Bro. West is as devoted member of the Christian Church, is thoroughly reliable and a progressive businesss man. We cordially recommend him to the public. Read the advertisment and if you have any business in his line give him a chance at it.

Rev. T. M. McWhinney, D. D., pastor of the Christian Church in Marion, ind., where the American Christian Convention was held, has done a great work in that beautiful city. The new Temple is a marvel of beauty N. Summerhell, D. D., had a leading and taste-and the most convenient part in the division, and his aged house of worship we have seen in a life time. Its architecture is Roman. -It cost \$25,000, but far surpasses any church we know of ever built for that money. Dr. McWhinney, like our beloved brother, Rev. P. T. Klapp, is a real church builder. He says be feels a desire to build one more house for the Christians before he goes home brother, Rev. J. W. Wellons was to his reward. He has been in the ministry 45 years and yet does not look to be very old. He is active and he wore the happiest face in the con-He is a man of commanding talent.

Long, President of Antioch College, presiding. We soon met Rev. M. L. Hurley who had come on direct from the Alabama Conference and got to Marion ahead of us.

In a few minutes the Board of Commissioners from the South were introduced to the Convention, and each

known by party, or sectarian names,

but simply as CHRISTIANS. He told

ed and the united body proceeded to member made a brief reply and rework. In a short while the report on ceived the attention of the people, union between the Christians and the The editor of the SUN created a burst 'Christian Union' brethren of the of applause and enthusiasm, as he West was made and adopted. Thus was the last called on to speak, by the union of the church North, South presenting the Convention as a body and West greatly adds to the power with a walking cane made from a sill and resources of the main body, and in the old church house at Lebanon, the future of the body looms up with in Surry county, Va., in which the brighter prospects than ever before. Christians had assembled Aug. 4, There is much yet to tell, but this 1794, as 'Republican Methodists,' will do for one letter. and declared they would no more be

Moffit, Staley, N. C. that C. Nov. 6 - 9 are requested to notity hand shaking which followed the con. homes may be provided for all.

Christ We feel very much encouraged in eference to our work in this city; four have united with the church in the last month, and we expect more in the near tuture. Our prayer-meet ings are well attended, and the Sabbath congregations are large. We ask the prayers of the brotherhood that God may bless this church and congregation, and make it instrumental of great good in this community. C. J. JONES, JR. Berkly, Va., Oct. 17, 1890.

of drink to the light and liberty of

Field News.

Our protracted meeting at New Providence, Graham, N. C., began the tourth Sunday in September and closed Tuesday after the first Sunday est manifested from the first which continued until the close. The weather most of the time, was very rainy, but the evening attendance was large ing and afternoon, attendance was small. Towards the close of the meet

ing the church was more than filled After preaching twice last Sunday, announced that the meeting would close, but there came a request from the congregation for its continuance.

l at once announced from the church door steps that the meeting would continue. That night eight or ten professed Christ. The entire number of protes-

sions during the meeting was about forty. Revs. W. G. Clements and J. L. Foster were with us a part of the time Their sermons were good and much enjoyed by our people. We

hope they will come again. Bro. D. M. Williams, a ministerial student at Elon College, was with us Sunday and Sunday night. Bro. Coppege of the Presbyterian church, and Bro. Kennett of the M. P. church were present one night each. Truly a great work was done, and to God bengs the praise. Amen. P. H. FLEMING.

Graham, N. C.

We note with pleasure that our ex-cellent friend, Mr. James I. Johnson of the firm of Lee, Johnson & Co., drugvisited the Yellow Springs' grounds which are among the finest I have of the firm of Lee, Johnson & Co., drug-gists of this city, has bought the entire business of that establishment. He is a clever gentleman and a first-class drug-gist, and we wish for him long continued prosperity. See his advertisement on third page. that we used the torace Mann monument which stands in the campus in front of the main building. Magnificent thanks unto the in thy holy Church, grounds, massive buildings, a good taculty, an enterprising president, an

read on that night. But he made ing over their books all the time. On learning some lessons that night; the other hand we wish to make and so are some of my readers who fine impression with a good paper, notwithstanding our delay. We all had good homes, received a cordial school life pleasant and agreeable and are just now passing through storms welcome, and enjoyed our stay. There were over two hundred delegates, more than three hundred visitors, and hence of more harm than good. more than five hundred in all present Dr. Long has not yet returned from the Convention, so Prof. New at the Convention. The meeting was harmonous, more aggressive than ever man preached another one of his able before, and the future promises better

sermons for us on Sunday. P.of. results for the Christian Church than the past. Terms of union between our Convention and the American Christian Convention were agreed to by the joint 'Board of Commissioners' and ratified by the Convention. I have a temporary organization by electing pot the text, of the agreement in my Prof. Moffitt President, Mr. J. H. not the text of the agreement in my

possession now, but if the Editor does not publish it, 1 will get a copy and publish it in the 'Sun.' It is subject to the ratification of the southern church, but I am sure every church in the South can endorse it without any hesitation or reserve. Our 'Board' was unanimous in ap-proving the terms of union. Rev. M. L. Hurley, who had been in Alabama

several weeks, met us at Marion and was also a member of our 'Board;' so six of the nine appointed were present. The southern branch of the Christian Church sometimes feels discouraged on account of small numbers, but if they could all see the American Christian Convention they would find some relief. We are a part of a great movement which will win position, usefulness, and great reward. We

labor for a larger fellowship among christians, without interrupting the essential doctrines of the christian faith. We are evangelical in the truest sense, and must be a potent factor in liberalizing christian thought. Never before in Convention has there been such manifest desire and effort to put

the christian principles into concrete form. Home and Foreign Missions. and Educational interests seemed to dominate the purpose of the Convention. All these interests will be cared for, and furthered as never before. And we are in line in the South, This year will witness larger sums of money raised than any previous year of our history; and yet we have not reached the maximum of

our strength. I am pressed for time this morning and must soon close. All the brethren from the south left on the morning of the last day, except myself. I remained to the close. The next day I accompanied Rev. D. A. Long, D. D., to his home at Antioch College and

spent the night. At his request l addressed a tair audience in the College that night. The next morning was ratuy, but Bro. Long and myself

A BURNE - MATTER

Moffitt announced at Sunday school that a Young Men's Christian Association would be organized in the chapel that evening. At 3 o'clock the young men assembled and effected Jones, Vice President and Mr. W. G. Wicker Secretary. It was appointed

to meet next Sunday p. m., and effect a permanent organization, elect permanent officers and begin work in earnest. We hope for good results from this organization and sincerely hope all of our young men will take a part in this work.

The sad intelligence reached us last their hours of sadness and grief our hearts go out in ancere sympathy for ious He allows to go on the rocks. them. The bereaved family have our sympathy and our prayers during their hours of sore affliction. No sickness at the College and all secm

J. O. ATKINSON, Elon College; N. C., Oct. 13, 1890.

No doubt ere this you have heard about the Cholera this summer in Japan. For a while in the earlier part of the sea-son it stayed about Nagasaki ; after a time it went North, keeping much to the West coast, then to Kobe, Osaka, Yokahama and finally to Tokyo. Its stay in Tokyo is comparitively short, yet long enough to commence its deadly work. From 50 to 100 daily are taken, and, as a rule, a large number die, as may be seen from the report to-day, which shows that in all Japan 15,-400 persons have been taken with cholera,

out of which 9,285 have died. Last evening we were surprised to learn that two police officers had gone to

O God, mercital Father, graciously providence, be brought to naught; that we, thy servants, Loing hurt by no persecutions, may evermore give

persecuting Sanhedrims and bloody

to be moving along smoothly. Cholera Very Near.

at the same time as beneficial as pos- of trouble and enveloped by darkness sible. But we are of the opinion that of a mysterious Providence. They too frequent holidays for students are are learning the blessings of head-winds (1) Prosperity breeds self-concert, both in a Christian and a church and

in a nation. We take to our-selves the credit. When we are 'hard up', we are apt to call upon God for what we want; when we have got it, we are equeally apt to set down to our own skill or our own industry and seamen. ship. Prosperous churches congratulate themselves on the eloquence and popularity of their pastor, the skill ot their officers and the liberality of their contributions. When the chil-dren of Isreal had things to their liking, they forgot God and turned idolators; when calamities overlook them. they were driven back to God, and cried lustily for His delivering arm. One of the subtlest forms of sin is self direction. We ignore God and set up a will and choose a way of our own. He is too wise and too loving

night that a daughter of key. M. L. 'o allow this, and sends a suff gale Winston was dead. She has a sister into our faces for our chastisem ent and and brother in school here and during correction. Whom He loveth, He chasteth; the stiffnecked and rebell-

(2). Head-winds strengthen the sinews and develop character. Nearly every American who has attained to the highest mark of honor and usefulness was 'seasoned in his boyhood by sharp adversity. As Joseph was prepared by a pit and a prison for the Premiership of Egypt, so Abraham Lincoln was educated for his high calling by splitting rails, and eating the tonic bread of poverty. If he had been born in a brownstone mansion instead of a log-cabin, history might never have heard of him. Probably the best part of George Washington's training for his destiny was his rough experiences in the frontier willderness. Silver spoons and soft raiment are turning too many of our young men

into wretched *pulp*. Smooth seas and gentle breezes never make a sailor. This same trath applies to all the spiritual experience of God's people The great purpose of our heavenly Father in this school-life on earth is a house almost opposite our gate, and that some one had died. We knew at that some one had died. We knew at dinally heard that to develop godly character. 'Count it once what it meant and finally heard that an old lady was taken during the day with cholera and had died. Suffice it faith worketh patience.' Afflictions

here to say that the police were ready to take all necessary precautions to prevent its spreading. D. F. JONES. Often sends them upon good people often sends them upon good people, in order to make them still better. O God, merciful Father, graciously That hard rowing in the night-storm hear us, that those evils which the on Galilee proved the disciples, pluck,

craft and subtlety of the devil or man and gave some fibre to their sinews. worketh against us may, by thy good They were learning to 'endure hardness,' and were rehearsing their subsequent experiences in the teeth of
