**THE BREESE APPEAL.**

**Bond of \$15,000 Accepted—Government Stands Expense.**

Charlotte, N. C., July 30.—Judge Keller this morning when formal appeal was made granted a writ of error in the Breese case certifying the case to the circuit court of appeals at Richmond, Va. The ground for appeal lies in the exceptions to the evidence and judge's charge.

"An affidavit was filed certifying that the defendant was unable to bear the expense incident to carrying the case to the circuit court of appeals and the clerk was instructed to make out the writ of error, print the transcript of record, etc., at the expense of the government. The government thus becomes responsible for about 1,000 of expenses that will be incurred by Maj. Breese in carrying his case up on appeal.

The bond of Maj. Breese for the sum of \$15,000 was tendered and accepted. The bond is signed by Mrs. M. A. E. Woodbridge and Mrs. J. W. Jume, each of whom justifies for twice the amount named in the bond. Mrs. Hume is the mother-in-law of Maj. Breese and Mrs. Woodbridge is the mother-in-law of the defendant's son, Mr. William E. Breese, Jr.

**The Columbia Fire.**

Mr. James L. Tapp, formerly of Charlotte, now head of the firm of the James L. Tapp Company, of Columbia, S. C., telephoned the Observer last night that the fire at Columbia early yesterday morning, which destroyed the building and stock of Sligh & Allen, had given his place a close call. As it is, the Tapp firm, which was just next door to the building which was burned, was damaged to the extent of from \$7,000 to \$10,000, principally by water. It is fully covered by insurance, however, and the firm will not be inconvenienced in its business. Mr. Tapp said that he had more than two score men carrying goods out of his building to safety, when one of the walls of his building caught fire, but, happily, the blaze was kept under control except in the Sligh & Allen building, which was a total wreck.—Charlotte Observer.

**Lowder Goes to Jail—Watson Gives Bond.**

Yesterday's Charlotte Observer says of the trial of Lowder and Watson, the two Concord boys, who were taken there for trial:

In the police court yesterday morning Dan Lowder and Lee Watson, the two white men who had been arrested at Concord Friday on the charge of stealing \$109, lost by S. R. Doster, were arraigned. The evidence tended to show that Lowder had taken the money which Doster had dragged out of his pocket with a handkerchief, and that at the time Watson knew nothing of it. Watson had assisted in spending some of the money, however, and he was bound over as an accomplice. Lowder's bond was fixed at \$200, and in default of this he was sent to jail. Watson gave bond of \$25.

**From His Skull He Pulls Ball.**

Augusta, Ga., July 30.—Lucius Turner was shot between his eyes by Mary Harris Friday morning. The bullet was from a 32-caliber pistol. Turner was brought to the city hospital in an unconscious and seemingly dangerous condition. While being prepared for an operation. Turner regained his senses, reached his hand up to his forehead, pulled out the bullet, got out of bed and walked up to the police station to tell the officers that the shooting was accidental.

The bullet was fired point blank at Turner's forehead and at a range of only four or five yards. His skull was not evented, the bullet lodging just under the skin. The force of the bullet's impact was sufficient to knock Turner down and render him unconscious, but that was the extent of the damage.

**Mrs. Maybrick's Trip Deferred.**

London, July 30.—The Associated Press learns that Mrs. Florence Maybrick has been obliged to alter the plans for her American trip in consequence of nervous prostration, from which she has suffered since her release. It is not likely that Mrs. Maybrick will be able to start before the end of August, if then. She has been ordered perfect rest, and is in no condition yet to personally acknowledge the very many letters and telegrams of congratulation, which have been greatly appreciated. Her mother's house at Rouen, France, is literally besieged by reporters who, in behalf of London newspapers, patrol the neighborhood, watch the house day and night, attempt to scale the high walls of the garden, and otherwise force an entrance into the grounds. The nuisance has become so great that the police have been requested to suppress it.
