## SURRENDER

### IS DEMANDED.

Japanese Issue Another Demand for Surrender to General Stoessel Who Will Refuse.

ASSAULT TO BE RENEWED BUT MORE DETERMINED THAN EVER TONIGHT

Cholera Rages at Port Arthur.

Tien Tsin, Sept. 24.—It is reported here that Field Marshal Oyama has sent a message to Port Arthur urging them to make a desperate effort to take the place within the next three days so as to release 50,000 Japanese soldiers which are needed in the campaign against Kuropatkin.

London, Sept. 24.—A private telegram from Nagasaki reports the safe arrival of two Russian volunteer cruisers, Smolmsk and Petersburg, loaded with valuable machinery for the Tokio arsenals.

Cholera at Port Arthur. Kinschow, Manchuria, Sept. 24.—A Russian naval officer here has received official advices that cholera has broken out at Port Arthur and that it is feared the sickness will become epidemic.

Surrender of Port Arthur Demanded.

Rome, September 24.—According to a telegram to the newspaper Italia Militari from Chefoo the Japanese commander about Port Arthur has sent another demand for surrender to General Stoessel. The exterior forts, says the telegram, is now in the hands of the Japanese, while three of the interior fortresses have been wrecked by the Japanese fire shells. Stoessel, it is expected, will refuse the demand for surrender, in which event an assault more determined than ever will be begun tonight.

Pat. Knows Nothing About It.

St. Petersburg, Sept. 24.—Gen. Kuropatkin reports under today's date he has received no news of a serious engagement of any of his troops.

Entire Regiment Destroyed by Mine.

Berlin, Sept. 24.—The Tokio correspondent of the Lokal Anzeiger telegraphs that a Russian underground mine was exploded at Port Arthur during a recent engagement and that an entire Japanese regiment was destroyed.

Heavy Bombardment of Port Arthur.

Chee Foo, 25.—The heaviest bombardment since the land attack of Port Arthur began opened on the morning of September 19th. The new Japanese guns, firing two shots a minute were trained on the fortifications and firing lasted for twenty-four hours followed by cannonade of minor fierceness which lasted forty eight hours. They were slight gains by the Japanese.

Japanese Furiously Assault Port Arthur.

Paris, Sept. 24.—The Matin's St. Petersburg correspondent telegraphs as follows:

"Telegrams of which the general staff have as yet no knowledge reached the Emperor at 4 o'clock this morning. I can affirm that they concern Port Arthur, regarding which place the greatest anxiety prevails at court. The Japanese are now engaged in a general assault, which is more furious than its predecessors, attacking the town on three sides simultaneously and employing their whole forces, being determined to finish the business. Russian mines blew up whole battalions. General Fock especially distinguished himself, directing the fire from the wall which the Japanese reached after indescribable massacre.

"The whole of Admiral Togo's and Vice Admiral Kamimura's squadrons are aiding in the struggle, which, it is feared here, will be final. The besieged forces are fighting as in a furnace. A perfect storm of shell is falling on the town, port and fortress from the whole hill and roadstead.

General Stoessel is going from fort to fort, encouraging the defenders in their desperate efforts.

"In St. Petersburg the facts concerning the tragic event, which perhaps will terminate by a glorious fall of Port Arthur, are wholly unknown. At court hope has not yet been entirely abandoned."

Cannot Hold Mukden.

Berlin, Sept. 24.—The Tokio correspondent to the Tageblatt reports that Field Marshal Oyama is driving the Russians at Mukden northward and has succeeded in turning Kuropatkin's flanks. The Japanese cavalry patrols have reached the vicinity of Tieling Pass. The Mukden correspondent to the paper confirms the report that both flanks have been turned in the battle near Mukden and that it is impossible for Kuropatkin to make any serious attempt to hold Mukden. The Russian army is concentrating at Tieling.

## THE REPUBLICANS NAME TICKET.

Cabarrus County Convention This Afternoon Named Full County Ticket.

W. G. NEWELL FOR THE SENATE, BUCHANAN FOR COUNTY COMMISSIONER AND A. W. MOOSE FOR THE HOUSE.

Blackburn Addresses the Audience After Adjournment.

Although the Republican primaries of last week spoke pretty emphatically on some things and some candidates the county convention today carried the day the way of the caucus. During the past week there was a good many caucuses held in Concord by leaders of the g. o. p. and what these had to do with the making of today's ticket is now seen in the net result of this afternoon's meeting.

The convention today was ushered in by a caucus. In talking to several prominent Republicans through the morning THE TRIBUNE tried to get a forecast of what was to be decreed in the county meeting. There seemed to be an uncertainty. Mr. Kestler was undecided as to whether he would accept the nomination offered him by the primaries of last Saturday. Another said, "we don't care nothing about primaries," and in comparing the result of the primaries of a week ago and the convention decrees of today it can well be seen that the primaries are only an evil of the necessary variety and that they do not indicate anything but what the caucuses endorse.

The convention itself which followed the caucus was pretty well attended. There was a good lot of delegates in attendance. The more prominent of the party leaders went from headquarters to the court house. It was near half past 1 o'clock when Chairman Buchanan of the Executive Committee called the convention to order. Messrs. W. F. Hagler and Louis Stricker were called to act as secretary. The call for the convention was read by Mr. G. C. Goodman, temporary chairman, who said, "this is not a Republican convention but an anti-Democratic convention, and all who are opposed to Democratic policies are entitled to sit in the convention."

The roll call was made by Chairman Goodman and all precincts were found represented. This brought the convention to nominations.

W. G. Newell and A. W. Moose were nominated for the State Senate. M. L. Buchanan made motion that the place be left vacant for the Executive Committee to fill. This was carried.

For the House A. W. Moose and W. G. Newell were placed in nomination. Mr. Moose was nominated, the same being made unanimous. For Sheriff, Messrs. M. F. Teeter, E.

P. Deal and W. W. Burleyson were put in nomination. Teeter was nominated on the first ballot. Next came the Register of Deeds. A letter from G. Ed. Kestler declining the nomination was read. Mr. Kestler being out of the race other nominations were called for. J. Harvey Dorton was placed in nomination. Jno. A. Sims spoke for Mr. Dorton's "Anti Democratic" faith.

Dr. S. A. Grier was placed in nomination by No. 10. Dorton carried No. 10 in the primaries, and the township split the vote between Dorton and Grier. Dorton was nominated by a good majority, and, on motion, by a unanimous vote.

For treasurer Jas. F. Harris, of No. 1 township, was nominated by acclamation.

Jno. S. Sapp and Robt. H. Patterson were nominated for cotton weigher. D. B. Porter and A. J. Scott were placed in nomination also for this office. On first roll call Sapp was nominated, and, on motion, unanimously.

D. A. Caldwell was nominated by acclamation for coroner. M. G. Lentz in like manner was nominated for surveyor.

Nominations for commissioners came next and the following names were submitted: M. L. Buchanan, W. Harris Moose, W. W. Burleyson, F. D. Brumley, S. W. Winecoff, W. Ed. Harris, Jno. S. Turner, Lawrence Klutz, W. H. Blume, William Stallings, Ad. Kinley and R. T. Honeycutt.

The following were nominated: M. L. Buchanan, F. D. Brumley, W. W. Burleyson, W. H. Moose and S. W. Winecoff.

NEWELL FOR THE SENATE.

At this point Dr. S. A. Grier, who was out at the time, objected to the action taken in postponing the nomination of State Senate. Dr. Grier moved to re-consider, saying that it looked like the convention was afraid to name a candidate for the Senate. The motion was carried and Mr. Newell was nominated, closely followed by the nomination of Dr. Grier. The roll call resulted in the nomination of Dr. S. A. Grier, who was promptly on his feet and emphatically declined to accept the nomination. There was following this announcement a charge of votes to Newell and in a few minutes the nomination of Newell was made unanimous. The nomination of J. B. Spence, of Mecklenburg, for the State Senate was endorsed and Esq. W. G. Newell made a short speech, thanking the convention for the nomination and said that he would meet any one anywhere, including the Democratic nominee and the entire committee of the Democratic party.

Following the adjournment Mr. E. S. Blackburn addressed the audience.

CONVENTION NOTES.

When W. G. Newell, the man for whom the primaries declared for the State Senate, came into town this morning he was greeted with many a "Hello Senator!" The greeting pleased Mr. Newell no little.

Hon. E. Spencer Blackburn, for whom the Republicans will vote for Congress, arrived from the north on the local train and was taken into the confidence of more than one preliminary caucus. Following the convention Mr. Blackburn addressed the voters assembled on issues and questions of interest to himself in particular and the Republican party in general.

Another visitor was J. B. Spence, of Charlotte, a law partner of Mr. J. F. Newell, and the Republican nominee for the State Senate in Mecklenburg. Mr. Spence was due a speech following the convention.

At a conference of the officers of the Hamburg-American and North German Lloyd steamship lines held at Frankford today it was decided to reduce the steerage rate from Hungary to New York to two pounds.

## TALK OF ANOTHER BANK.

Two Men Spent Yesterday in the City Looking Into the Prospects for a Banking Business.

Two gentlemen spent yesterday in Concord looking over the city and talking with different business men with a view of opening and operating a bank here. These two men say they have the money and other requirements for the business undertaking and only want proof that there is room for the business they propose doing. They say they can furnish every evidence necessary connected with their coming and if they do come they will come prepared to meet every demand of a first class banking house, especially to loan money. After spending some time in the city these two gentlemen left last night, saying as they left that they were very much encouraged with the prospects and well pleased with all they had seen and heard.

Weltering in his own blood and almost dead Frank Austin, wealthy cold storage man, was found in his building at Buffalo, N. Y., late last night by his son. He cannot live.
