SOME POLITICAL GOSSIP

A Republican Says They are Out to Win and Will Name a Ticket in the County.

One of The Tribune's good friends, who votes the Republican ticket was a visitor the other day and wanted to know if there was anything doing in politics. The reporter confessed that he could not stir up a political item at all, that as far as he could see there was nothing as yet on the checker board.

"What are you folks going to do?" was asked.

"We are going to put out a ticket this year and, as for me, I am in favor of the very strongest that we can get in the county, for I am in favor of beating you Democrats."

Seeing a good opportunity to get at least some political gossip the reporter continued to press the matter and was told that his friend was really interested in a few friends.

"I want," said he, "to nominate Captain Henry Probst for county commissioner and Mr Arthur Faggart for either county treasurer or sheriff. In my opinion he would be a good candidate for either place."

There the Tribune got its first bit of politics for the year. The friend with whom we were talking is a Republican from the county and is interested in politics. His suggestions here brings in some new political material and adds an interest to the question which will soon be uppermost in public thought.

A DAY CURRENT.

Electric Current for Power Now Finished by the City—A Large Receipt Assured from This Service.

The electric plant now furnishes a day current for power and has to begin with a number of patrons to use the power. For some months the board has been arranging to furnish this current, and has made contracts to that end. The two Magnolia mills, Carolina Bottling Works and other plants, together with a number of fans, furnish patronage for the beginning of this service. The Tribune is informed by a member of the board that the receipts from this source will amount to as much as \$8,500, quite a fine revenue, and at comparatively low cost to the management. By this service power for small plants can be had quickly and at much convenience, which should be inducement to the operation of many small industries where small power is necessary.

MILL CHARTER AMENDED.

Cannon Manufacturing Co. Increases Its Capital Stock to One Million Dollars.

The Secretary of State has authorized the amendment of the charter of the Cannon Manufacturing Co., of this city, which increases the capital stock from \$200,000 to \$1,000,000. The Cannon is one of the city's most valuable and prosperous enterprises and is thus increased in capacity and usefulness. Under most excellent management it has prospered and this increase is further evidence of its worth and growth.

Favor Bryan for President.

Lima, O., May 22.—William Jennings Bryan was endorsed for President here today by the Democratic judicial convention of 16 counties of northwestern Ohio. The resolutions which were adopted with cheering, declare that Bryan would have been renominated and elected in 1904 had the trusts not stolen the nomination from him and that the national Democracy will nominate him in 1908 by acclamation.

Murdered for Lending Cossacks.

Libau, May 21.—A peasant couple were killed and their 6-year old son was wounded and their house set on fire by a band of revolutionists in the district of Tadiakansk today. The crime was an act of vengeance because the peasant had led a Cossack patrol.

A CASE OF SUICIDE.

Young Sam Barnhardt, of Cold Springs, Shoots Himself Tuesday Evening—A Shot Gun Used.

Sam Barnhardt, the 15-year-old son of John H Barnhardt, of Cold Springs, No. 8 township, killed himself Tuesday evening, the deed being done with a shot gun. The young man was working near the house, and when he came to the house he told his mother that he wanted a washer for his plow. In a few minutes the report of the gun was heard, and lying in a heap on the floor the young man was found dead. The shoe of the right foot had been removed, and with this he had evidently pulled the trigger, holding the muzzle of the gun in his left hand, which was badly scorched. The load, from a single-barrel gun, went into the head and death was instant. When the young man went out to work in the morning he was apparently in the best of spirits, and the rash deed came with out warning to the family.

CHOIR FOR SUNDAY.

Superintendent Thompson Wants the Big Choir of the Glenn Meeting at the Exercises.

At the services Sunday morning at the Graded School it is desired to have the big choir which was assembled for the meeting addressed by Governor Glenn. Mrs. Davis Relapses from Tuesday's Relapse.

New York, May 23.—Relatives of Mrs Jefferson Davis who are constantly at her bedside still express hope and belief of her recovery. Mrs Davis, although suffering a slight relapse yesterday, had a good night and showed slight improvement this morning. Her daughter, Mrs Hayes, said this morning: "I do not think there is any immediate danger of death, in fact we hope that Mrs Davis will recover."

After Anarchists in Baltimore.

Washington, May 23.—Warrants for the arrest of seven anarchists will soon be issued in Baltimore looking to their deportation to Italy. For some time Baltimore officers have been looking for a large number of anarchists who appear to be making that city headquarters and it is believed they are planning to hold an international congress there.

Drowned in Mill Pond.

Wake Forest, May 21.—A son of Mr. Neal Bragg, who lives near Pope's church, Granville county, was drowned in Moore's mill pond, five miles southeast of here, Saturday afternoon. Young Bragg was about 18 years old. It seems that he and friends had been seining nearly all day. Young Bragg was in a boat when a strong wind capsize it, and before he could reach shore he took cramps and drowned. He is said to have been an exceptionally good swimmer. Cramp was probably due to his having been in the water nearly all day seining.

A Peach of a Talker.

A fly salesman dropped in on one of our young business men the other day carrying in his hand a finely polished oak cabinet. "I want to sell you a peach of a talking machine," he said.

"Got one," replied the young business man.

"What kind?" was asked.

"The best on earth," was the response.

"Where did you get it?" was the next question.

"Married it," said the y. b. m., and the salesman hiked off to look for a victim elsewhere.—Huntsville Ledger.

BLACKBURN VS. BUTLER.

There is Promised A Lively Tilt for the Leadership Among Republicans.

The Washington correspondent of the Observer writes: Congressman Blackburn left tonight for Greensboro and it is likely that he will remain in the State until after the meeting of the Republican State executive committee next Saturday. The contest between Mr. Blackburn and his opponents will be exceedingly fast, if not furious, during that period between the meeting of the state convention. The line of demarcation between the factions appears clearly enough drawn. It will be Blackburn on the one side and Butler on the other, for it seems that the program of the convention is being looked after by the former Populist Senator, in so far as such program can be arranged by the organization people. Friends of Mr. Blackburn say they have just discovered Mr Butler in another attempt to embarrass the congressman. They say that Butler, after reading how Congressman Sherman, chairman of the Republican congressional campaign committee, intended going through the state as the guest of Congressm Blackburn, straightaway set about to "queer" the proposed performance in some way. He went to Mr Sherman and asked him to go down for the state convention and make a speech. Mr. Butler is said to have told Mr. Sherman how "they" intended to re elect Mr Blackburn. To Mr. Sherman, who had previously been informed how Mr. Blackburn had been elected before, not because of but despite the efforts of the Butler crowd, the situation did not appear the least opaque. In fact, the New York congressman, at once seeing how the land lay, declined, saying it was his purpose to attend the Tar Heel Club banquet and make a speech on that occasion.

Found Dead in the Woods.

Morganton, May 22.—In a secluded spot near here, Mr Frank Duckworth, of Morganton, today found the dead body of William Brown, a former inmate of the State hospital here, who had been missing from the institute for three weeks or more. Diligent search had been made by the hospital authorities to ascertain his whereabouts, but in vain. Mr Brown, who was a native of Catawba county, had been an inmate of the hospital for a number of years and was a half trusky. Sheriff McDowell and a physician examined the body and reached the conclusion that Brown died of natural causes.

Sale of Union Mills Today.

Union, S. C., May 22.—Tomorrow at noon the Union Cotton Mills and their accounts will be sold here. The Federal court has fixed the upset price at \$1,239,367. In order to buy the property it will be necessary to deposit a certificate check for \$50,000. It is said the entire property may be bid in by the re organization committee and that they may be sole bidders.

The Union Cotton Mills have figured conspicuously in the South Carolina courts since last summer, when they sustained heavy losses. They were adjudged bankrupt last February.

Church Bell Rings Ustrue.

Chambersburg, Pa., May 21.—At Waynesboro the big bell on the Lutheran church clanged four times at midnight and the people ran out of their houses, thinking a slight earthquake shock was the cause.

The rope that held the clapper in a perpendicular position had simply become loosened from a hook, allowing the clapper to fall against the heavy metal and rebound.

Turned Coiner to Aid Sick Wife.

Indianapolis, May 21.—William B Schwartz, a member of the Indianapolis bar, was arrested today by Federal officers on a charge of counterfeiting. Schwartz confessed and surrendered the dies he used in making the spurious coin. His law practice, he said, did not yield a sufficient income for the support of his sick wife.

This was the opinion expressed generally in court this morning. There will be a battle today and tomorrow over the girl's sanity, but that is looked upon as a light court formality.

Off On a Three-Day Sky Trip.

New York May 21.—Provisioned for an air voyage of three days, the balloon Nirvana, manned by the owner, Dr. Julian P Thomas, of the Aero Club, and Charles Levee, a French aeronaut, ascended this afternoon from Port Morris, on the Harlem river.

Dr. Thomas announced that the trip was intended as an endurance test, and that he would keep in the air as long as his gas and food held out.

The balloon, which has just been completed, has a capacity of 20,000 cubic feet.

The ascent was made at 4:45 in a light southeasterly wind. The balloon rose straight into the air about 2,000 feet and drifted slowly south, until it was over Central Park, where a shift in the wind sent it driving rapidly northward, passing over Tarrytown and Yonkers. When last seen at dusk the balloon was over Sing Sing, still traveling north.
