

THE MASSACRE OF JEWS CONTINUES.

At Bialystok the Slaughter of Hebrews Continued Through the Night—More Than Two Hundred Reported Dead.

Warsaw, Poland, June 16.—The massacre at Bialystok continued through last night according to information received here. The mob attacked the patrols in the streets and there were many furious fights. The devastation continued uninterrupted while the fighting was in progress and the streets were lighted by the conflagration of Jewish houses which had been fired by the rioters. Many were killed on both sides and some of the suburbs were reported as completely destroyed. The massacre is extending to neighboring towns. It is feared that the rioting will accelerate civil war.

More Than Two Hundred Killed.

Berlin, June 16.—German Jews sent emissaries to Bialystok to investigate the massacre and their preliminary report shows that over two hundred were killed and four hundred and fifty wounded during the outbreak. Local Jews assured the emissaries that a complete investigation would show far greater bloodshed than indicated in the report. The report further says that the official statement that the Jews started the trouble is but a trick to hide the infamy of the outrage.

Members of Douma to Investigate the Riots.

St. Petersburg, June 16.—Three members of the Douma have started for Bialystok for the purpose of inquiring into the anti-Jewish disturbance there. One of the party is a former prosecutor and another is a Jew.

Congressman Lester at the Point of Death.

Washington, June 16.—Colonel Rufus E. Lester, representative from Georgia, who fell through the skylight in the cupola of the Cairo hotel yesterday, lies at the point of death. He had gone to the cupola to look for two grandchildren. Since the accident he has been attended by a corps of physicians. Colonel Lester is 69 years of age, represents the first district of Georgia and is the dean of the Georgia delegation in Congress.

Another Earthquake at San Francisco.

San Francisco, June 16.—Four distinct earthquake shocks were felt this morning in the city and at Oakland. The first two were at 9:40 and two others at 1:35. No damage was done. The movements were from east to west and were several seconds in duration.

What Troubled Him.

A well-known Atlanta minister tells an amusing story of an Atlantan who has a wife with a sharp tongue. Jones had come home about 2 in the morning rather the worse for a few highballs. As soon as he opened the door his wife, who was waiting for him in the accustomed place at the top of the stairs, where she could watch his uncertain ascent, started upbraiding him for his conduct. Jones went to bed and when he was almost asleep could hear her still scolding him unmercifully. He dropped off to sleep and awoke after a couple of hours, only to hear his wife remark: "I hope all the women don't have to put up with such conduct as this." "Annie," said Jones, "are you talking again or yet?"—Atlanta Georgia.

Death of Two Children.

The small child of Mr. C. W. Alexander, of No. 10 township, died this morning. The body will be buried Sunday at Boger's Chapel. The 3-months-old child of Mr. Vernon Pardee, of Bala Mills, died last night. The interment will be Sunday.

Fight Against Change of Schedule Ends Abruptly.

Raleigh, June 15.—All complaints and petitions before the corporation commission against the new schedule of train No 111, on the Southern Railway, were today withdrawn.

R. T. Gray, attorney for the News and Observer, in a statement before the commissioners this morning, declared: "Your petitioners see no good in further pressing the matters now before this commission."

The attorneys for the Southern accepted this capitulation of the complainants with a smile, expressed esteem and respect for the corporation commission, and declared if no suit was to be instituted to collect the \$500 a day penalty then proceedings in the federal court will be dropped.

This ends the proceedings, for there are now no petitions or complaints before the commission on which that body can act.

Seaboard Train Runs Into Open Switch.

Hamlet, June 15.—This morning at 11 o'clock No. 66, the Seaboard's fast train from Jacksonville, Fla., to New York, running about two and a half hours late, ran into an open switch in the Southern yards here and ran into some freight cars standing on the repair tracks at Williams & Bonsols' repair shops. The train was in charge of Conductor Gibson and Engineer George Gill.

When the engineer discovered that he was on the side track he applied the emergency breaks, and, within 200 feet of the cars, jumped from his engine. But for his presence of mind it would have been a disastrous wreck. Mr. Gill's left arm was broken above the elbow and his back was hurt. He was carried to the Seaboard Air Line Hotel and was attended by Drs. Kinman and Fowler. His injuries are not serious. The fireman jumped as the crash came but was not hurt. The pilot and front trucks were torn from the engine and six or seven box cars demolished. No one seems to know how the switch came to be left open.

Students' Conference Opens Its Sessions.

Asheville, N. C., June 15.—The Southern Young Men's Christian Students' conference opened tonight at the Asheville Farm School, six miles from this city, with more than 200 delegates, representing the leading southern colleges and student bodies, in attendance. Dr. W. M. Anderson, of Nashville, Tenn., presided. Dr. Clayton F. Cooper, of New York, delivered the opening address at tonight's meeting, which was in the nature of a preliminary session to perfect arrangements for the formal opening tomorrow.

Among those who will address the various sessions of the conference are President Poteat, of Furman University; Dr. E. R. Bosworth, of Oberlin College, Ohio; Dr. H. F. LaFame, of New York, and B. R. Barber, secretary of the Y. M. C. A. at Calcutta, India.

Surprising Strike.

One day in Washington recently a group of politicians were talking, when "Uncle Joe" Cannon was reminded of a story:

"There was a friend of mine in Ohio, said he, 'who once joyfully sought the oil expert, declaring that he had struck this fluid on his land. He brought a sample in a bottle. Now evidently my friend had been in a great hurry, hastily grabbing the first bottle at hand, for when the chemist had duly analyzed the sample submitted he sent the following telegraphic report: 'Find no trace of oil. You have struck paregoric.'—Woman's Home Companion.

Senator Schwab, of Nevada, Not Yet.

New York, June 15.—Charles M. Schwab will become a candidate for United States senator to succeed Francis G. Newlands, of Nevada, in 1909. At present Mr Schwab is a resident of New York.

A member of the Metropolitan Club said:

"Mr Schwab's friends are of the opinion that he would be the best candidate to succeed Newlands.

"The reasons are that his investments in Nevada have served to attract other investors, and that his name will keep Nevada much in the public eye.

"After hearing arguments, Mr. Schwab consented to become a candidate, but he objected to having the matter made public until he shall have become a citizen of Nevada, which will take place within a few months."

Jumped On by "Baby Elephant."

Ocean Grove, N. J., June 14.—Miss Clara Packard, a stout, good-looking girl of Ocean Grove, resented the appellation of "baby elephant" given her by Arthur Summerville, whose attachment for her had been declined, by giving the young man a sound drubbing. Not content with knocking him down, she jumped on him with both feet.

Harry Scart butted in to assist Summerville, when he got a dose of the same medicine. The young men retreated ingloriously.

Wheels Cut off Footgear.

Allentown, Pa., June 14.—Young Calvin Reynolds, of Harrisburg, a visiting Red Man, can thank his lucky stars that only his shoe and stocking were cut off one foot and he was left practically unscathed, catching on a local train for home. He had left the train, to the rear end of which a freight car had been coupled. When it started he tried to board the last coach ahead of the freight, was dragged several hundred yards, fell and the wheels merely cut one shoe and stocking from his foot.

Congressman Falls From Roof; May Die.

Washington, June 15.—Representative Rufus E. Lester, of the first Georgia district, was tonight seriously if not fatally injured by falling from the roof of the Cairo apartment house to the eleventh floor of that building where he has apartments.

There was a consultation of physicians late tonight and it was said it would be twenty-four hours before it could be determined whether he could recover.
