

RAILWAY CO. IS CHARTERED.

Concord Real Estate and Railway is Chartered by the Secretary of State.

R. A. BROWN AND ASSOCIATES

Will Build Car Line and Operate in Real Estate on Large Scale.—A Charter for One Hundred and Twenty-five Thousand Dollar Concern.

The secretary of state has granted a charter to the Concord Realty and Railway Company, which is authorized to construct and operate electric railways from Concord to Charlotte and other points in fifty miles of Concord; to operate gas and electric plants, furnish light, heat and power, and to deal in real estate. The company is chartered with a capital stock of \$125,000 by Messrs. R. A. Brown, C. W. Johnson, E. A. Johnson, L. A. Brown and J. L. Brown.

A large tract of land has already been turned over to the company—about seven hundred acres—and power is already at hand to operate cars. The plans the company has in mind are large ones and mean much for the development of Concord. The line will run through the city and to outlying sections and in the course of a short time, no doubt, on to neighboring places.

This step is an advanced one and argues for the future greatness of the city and community. The plans of the company are not fully developed yet, but there will be operation on a wide scale and a great development along with the advent of the car system.

ONE SON'S DEVOTION.

Editor Deaton to Return to Concord to Care for His Aged Mother.

The announcement of Editor H. P. ("Pres") Deaton that he has sold his paper, the Mooresville Enterprise, beautifully illustrates the devotion of an ambitious young man to his aged mother. The writer risks the violation of a confidence as he had it from Mr. Deaton, after journalistic experiences fortunate and otherwise in Concord, went to Mooresville and took hold of the Enterprise when it was down at the heel and barely existing. A practical printer and a good newspaper man, he ground out and put in type his own copy. His paper expanded and in less than a year it was making money for its owner. Mr. Deaton took with him to his Mooresville home his aged mother, but she never became entirely reconciled to her altered surroundings and pined for her old home. She accordingly returned last year to Concord and it is to be at her side that the son disposes of a prosperous business upon which he had set his affections.

Mr. Deaton will return to Concord with his family and take up life where he left it off at the home of his boyhood.

Fortunate mother in the possession of such a son. Fortunate man that he one lives to inspire such unselfish love.—Salisbury Post.

Perpetuating a Benediction.

The Fairfield Correspondent of the St. Louis Globe-Democrat says:

The Rev. Daniel B. Leach, of Bone Gap, Ill., a Methodist minister 86 years old, and well known all over southern Illinois forty years ago as one of the greatest pulpit orators, has just had placed on a graphophone record a benediction which he has used for more than seventy years in closing sermons. It is his request that the benediction be reproduced by the graphophone at his funeral.

SITUATION GROWS WORSE.

Government Forces Outnumbered by Revolutionists—Pinar de Rio is Likely to Fall.

Havana, August 23.—The army of Pinar Guerra, frustrated with the victory of yesterday over the local guards and the capture of San Luis, is now before Pinar del Rio and an attack on that city is momentarily expected. As the insurgent army outnumbers the government forces the fall of Pinar del Rio is likely.

The situation is serious and apparently growing worse all the time. New revolutionary bands are springing up constantly, especially in the western provinces.

Cost of the Naval Review.

Washington, Aug. 23.—The naval review off Oyster Bay on Labor Day will not cost Uncle Sam a million dollars as has been reported. The cost will be only \$609 over the expenses of maintaining the fleet of 65 vessels for one day, which would have to be borne anyway had there been no review.

DEATH OF MRS. FINK.

Mrs. Martha Fink, of No. 5 Township, Died Last Night.—Buried This Evening.

Mrs. Martha Fink, wife of Mr. John A. Fink of No. 5 township, died last night.

Mrs. Fink was Miss Martha Smith, of Rowan county, and has several brothers living in Rowan. She was 58 years of age and is survived by a husband and six children.

The funeral services were conducted this evening by Rev. M. V. Honeycutt, and the remains interred at Mt. Oliver, of which Mrs. Fink was a consistent and faithful member.

New York Bucket Shop Falls.

New York, Aug. 22.—M. J. Sage & Co., brokers, of No. 1 Montgomery street, Jersey City, and No. 57 Broadway, this city, at the close of business hours today, posted a notice at their Jersey City office, informing their correspondents that they had discontinued business.

The firm had branch offices in a number of cities in the East, and correspondents throughout the country. The amount involved in the failure is said to be large, although no one in authority could be found tonight to give figures.

The firm moved its principal office to Jersey City about the time the new stock transfer tax went into effect in this State.

Messages were sent by Sage & Co. today to all the branch offices, notifying the local managers that it had been found necessary to close up.

Sage & Co. was incorporated under the laws of the State of New York in 1904, with a capital stock of \$50,000. The object of the company, as set forth in the incorporation papers, was to conduct a stock commission business.

Attempt to Murder Governor.

Havana, Aug. 22.—An attempt was made this evening to assassinate General Emilio Nunez, Governor of the province of Havana. A man had a revolver leveled at the Governor as he was entering his home. Another man who was passing by saw the would-be assassin and cried out, whereupon Governor Nunez turned, and drawing his revolver, fired over the miscreant's head. The latter was so surprised that he dropped his revolver. He was promptly arrested. His identity is not known, but he is a white man and was well dressed.

Havana, Aug. 22.—Louis Perez, the last Liberal Governor of the province of Pinar del Rio, has joined the insurgent forces in that province.

A REPUBLICAN FOR HACKETT.

W. F. Barlow, a Former County Commissioner of Wilkes, Says He Will Vote for Hackett and Gives Reasons.

Mr. W. F. Barlow, a prominent citizen of Wilkes county and a former county commissioner, has a card in the Chronicle of yesterday in which he comes out for Mr. Hackett, the Democratic nominee for Congress. Mr. Barlow states that he is a Republican from principle and expects to remain so all his life, but that for once he will step aside and vote for a Democrat and that one will be Hon. R. N. Hackett, who is opposing Blackburn in this district. Mr. Barlow says his reasons are that he considers Blackburn unworthy of the honor, that he has fooled the people, that he is a resident of another district, that he did not vote for a single Republican from president down two years ago and that he has abused and vilified every Republican leader in the State who would not do his will. He further declares that Blackburn has introduced methods into conventions that are unfair, dishonest and untruthful. He has run conventions by force and fraud and sold nominations to the highest bidder.

These and other reasons are given why Mr. Barlow will vote and work for Hackett, and ask other Republicans to do the same thing. He speaks in high terms of praise for Hackett in contrast with Blackburn, and says his character is stainless, his honor untarnished, and that no man can say a word against him.

A prominent and well informed citizen of the state has said to the Tribune that he has seen Blackburn recently and that he seems hackett, that at Greensboro his friends look blue, and all but concede his defeat.

Thaw's "Emotional Insanity" Plea Prepared.

New York, Aug. 22.—The decision was to-day reached by the attorneys that Thaw's defense to the charge of the killing of Stanford White will be the plea of emotional insanity. This will include as a part of the defense the declaration that Thaw's insanity existed only until after White was killed and that Thaw is now sane again and has been since the killing. It was decided that Thaw's wife will be the chief witness of the defense.

The Tribune is Right.

The Concord Tribune is opposed to the suggestion that a law be passed changing the day for the opening of courts from Monday to Tuesday, solely for the convenience of the judges. The Tribune is right. According to our notion what is needed is a law that will reach the tardy judge as certainly and as inexorably as the judge will reach the tardy juror or witness. There is no reason why the judge should be favored over the "lower classes."—Charlotte Chronicle.
