

ON DRESS INSPECTION.

Ladies Field Day in Concord—Opening of Season's Headwear Showing in Millinery Stores of City.

It is easy to understand the presence of so many ladies on the street to-day, when one glances at the windows of the millinery stores, where the new in the seasons head finery is being most lavishly displayed.

Miss Brachen, Miss Alexander and the Canon & Fetzer Co., have been the scene of active, admiring throngs, every detail inspected every style noted.

The news man is not up on all the frills so familiar to the ladies, but knows that to-day's openings are in keeping with the usual good taste of Concord dealers in headwear and decorations for ladies, misses and children.

A Moment with Our Advertisers.

The Tribune today carries a large line of local advertising, all of which are interesting to shoppers and house-keepers who have the daily problem of what and where to buy to contend with.

The Bee Hive, that mammoth mercantile house of Charlotte, which enjoys a wide trade throughout this section, has a large ad in today's Tribune. Many choice bargains are enumerated there.

The H. L. Parks & Co write a new ad setting forth some changes; the Ivey-Durfee Shoe Co has a new shoe ad; Lippard and Barrier, fancy and staple grocery men, write an ad to the buyer of foodstuff; Craven Bros., Furniture and Undertaking Co remember the little ones and have a carriage and go cart talk.

All of these and others are of direct interest to Tribune readers.

Jap Bank at Frisco is Robbed.

San Francisco, Oct. 3.—Armed with revolvers and pieces of gas pipe, two robbers entered the Japanese bank at Kinnon Ginko, also known as the Golden Gate bank, at 1588 O'Farrell street, at noon to-day, and after probably fatally beating two clerks, escaped with \$5,000 in gold.

The robbers chose a time when there were few persons transacting business in the bank and the sensational and bold deed was so quickly effected that it was all over before the crowd of people passing the doors of the institution were aware of what had happened.

SIXTEEN ARE DEAD

Work of Rescuing Entombed Miners is Carried on With Great Difficulty.—Women Beg to be Allowed to Go Into Mine at Bluefield.

Bluefield, W. Va., Oct. 4.—There are sixteen known dead and seventy-five men entombed as a result of an explosion of gas followed by fire at the West Fork mine of the Pocahontas colliers last night. To-day parties are endeavoring to get to the entombed men. The heat is so intense that no man can get near the chamber which has caved in and the whole mine is so filled with gas that those who go in are overcome. The scene about the shaft to day is appalling. The women, relatives of the dead, are present and urge the rescuers on and many of these beg to be allowed to go into the mine. Three men who were rescued have not been able as yet to give any account as to how the disaster occurred.

Rescuing Parties Likely Lost.

Bluefield, Oct. 4.—Sixty or more men are in the mine and are thought to be dead. The mine is on fire and it is impossible to rescue them. It is probable that two rescuing parties are lost. Five bodies have been recovered. Special trains are bringing rescuers.

A Card of Thanks.

Mr Editor Tribune:—We desire to thank the many friends who showed us so much kindness in our recent affliction and bereavement. The loving husband and father is gone, but this dark hour is softened much by the light shining from the loving hands that ministered to us when we needed them most. Our hearts are grateful for every expression of sympathy and help.

Very sincerely,
Mrs. M. L. Moore,
Mr. and Mrs. J. C. Cook.

UNIVERSITY DAY.

Celebration of University Day on October 12. By Loyal Alumni Over State.

October 12 is University Day over North Carolina, a day when the local associations hold a meetings and recall school days, and discuss matters of interest to the State institution. In Concord there is an Alumni Association which numbers all of the University boys living in the city.

President's Letter.

The Tribune is furnished the following letter from President Venable: "The celebration of University Day, October 12, is now an established custom among many of the alumni. We hope that the day will be recognized in some way by all."

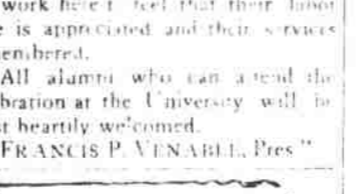

"It will be observed at the University by the gathering of students, faculty and visitors, by appropriate speeches, and by a reception. In the cities and towns of the State smokers or banquets of the alumni should be held to show their loyalty to the University and to send greetings to their alma mater. Even if only a few can meet they are urged to do so, and to send a telegram or letter of greeting."

"A report by the President on the state of the University will be sent to each gathering of alumni if the address of the proper officer is given in time."

"The observance of this day is a favor to the country, wherever the sons of the University may be, means a great deal to the University by added strength and prestige. It will serve to unite the alumni in loyal support of their alma mater and to secure general recognition of its worth and work by the public, and it will bring encouragement to those whose lives are spent in the work here. Feel that their labor here is appreciated and their services remembered."

"All alumni who can attend the celebration at the University will be most heartily welcomed."

"FRANCIS P. VENABLE, Pres."
