Episcopal Church Men Meet

The Episcopal Churchmen met at the church last Sunday afternoon at 4 P. M. for Holy Communion and supper. The men decided at that meeting to meet on Sunday in each month. Tentative plans call for a supper meeting once each quarter, program meetings on occasion, and for the undertaking of several service projects for the church. More discussion will take place at the first meeting on the First Sunday in October.

Only through education can the prince and the pauper meet on equal terms.

REPUBLICAN PARTY PLANS A BIG FUND RAISING DINNER

Zip Code Week October 10-15

Residents in Cooleemee, N. C. will be offered an opportunity to ZIP Code their mailing lists during October, Postmaster William C. White today. Clerks will deposit "no postage needed" cards in all of the Post Office boxes beginning October 10. The cards will have blanks for addresses used most often, but for which individuals do not know the proper ZIP Code.

"This is a good time to get the ZIP Codes missing from your lists," Postmaster White noted. "This Christmas, ZIP Code will be as important as shopping and mailing early for the efficient and on-time delivery of the record-breaking avalanche of mail expected in the pre-holiday weeks."

After filling in the street number, city and state, the cards are to be mailed back to the postmaster. Post Office personnel will add the proper ZIP Codes and return the cards to the sender.

President Johnson has proclaimed October 10 - 15 as "ZIP Code Week" to promote greater usage of ZIP Code.

Postmaster General O'Brien announced May 19 that steps were being taken to make ZIP Codes more accessible to the mailing public. The present program resulted from a search for the most effective methods to get the codes in the hands of private mailers. A Poll conducted by Elmo Roper and Associates earlier this year found that about half the population is using ZIP Code. Of the remaining half who are not, 80 per cent said the reason was that they did not know the ZIP Code for the people to whom they write.

Previously, the Post Office Department has embarked upon an extensive effort to help volume mailers convert their lists to ZIP Code.

"The Roper poll strengthened our conviction that the public is ready and willing to cooperate with business mailers who will be presorting their second and third-class mail after January 1, 1967," Mr. O'Brien said. "I am convinced that the 'ZIP-A-LIST' project will go a long way toward accomplishing our goal of ready availability of the proper ZIP Codes of the home."

Local cards will be printed with blue ink and out-of-town cards in red. Addresses which cannot be ZIP Coded because of insufficient or improper addresses will be forwarded to the city indicated on the card, if legible, and the codes will be added there. Only addresses, not names of correspondents, should be listed on the cards, the postmaster said, ZIP Codes represent delivery areas for the postal service, not individuals.

During the summer, a "dry run" of the ZIP-A-LIST was conducted in Columbus, Ohio and Richmond, Virginia. Information gained from these tests is being incorporated in the national program.

John B. Wagner of Bremen, Ga., spent last week with his parents, Mr. and Mrs. Albert Wagner.

Mr. and Mrs. J. C. Sell and Mr. and Mrs. Bryan Sell of Mocksville attended the Sell Reunion at Matton's Grove in Stanley County on Sunday. More than 100 attended.

Mr. and Mrs. Howard Huffman have moved their trailer from 601 Yadkin Highway to 801 Highway at Rocky Knoll.
