Smith Grove Methodist To Open Sanctuary

Sunday, August 13, 1967 the Smith Grove Methodist Church will open the doors of the new sanctuary.

Too much cannot be said for the men who have brought this church into being. Originally Whitaker Church was built at the intersection of the Winston - Salem highway and the Farmington Road Timber Ridge, where Bishop Francis Asbury preached twice once in 1794 and again in 1799. The graveyard still stands. Services were held as late as 1847.

Rev. Moses Brock, a native of Farmington Community, selected the present site for another church. The first Camp Meeting was held in 1826. Camp meetings were held here for some years with families camping in the woods in their wagons for the revivals in an old arbor.

In the year 1876 the Farmington Charge was formed from the Mocksville Circuit with the parsonage at Smith Grove.

In 1877 Smith Grove Church was built for about \$1200. This church was built because people wanted church services all year, not just when they could camp out.

The Smith Grove Academy was later used as Sunday School rooms. This building was sold and new Sunday School rooms were completed in 1953. The Sanctuary was torn down in 1966 and the new Sanctuary completed in 1967.

The public is cordially invited to attend the services in the new Sanctuary. Sunday School will be at 10:00 o'clock and the worship service at 11 o'clock by the Rev. Stanley James. Open house will be from 2:30 to 5:00 P. M.

Beautification Plans

As many of you have probably noticed the grounds surrounding the Recreation Center and the playground are now reseeded. Additional plans call for new playground equipment to be installed when a good stand of grass has been grown. Chuck Beidler, Recreation Director, is asking everyone to help in this beautification program by staying off the newly grassed area thereby giving the grass a chance to grow. This has been a community need for a long time. Please stay off the grass.

Central Carolina Bank Revises Service Charges

Central Carolina Bank and Trust Company has drastically revised its schedule of service charges to personal checking account customers. Charles F. Bahnson, Assistant Vice-President, said today, Bahnson, who is in charge of the bank's operations in the Mocksville-Cooleemee area, said that under the new policy, personal accounts which do not fall below \$100 during the month would receive no charge.

"Many years ago," Bahnson said, "A checking account was used only by the well-to-do. The average man paid his bills in cash. But today a checking account is almost a necessity. It's the cheapest way to pay bills, and provides a built-in record of payment. And the cost has remained very low in comparison to the level of prices of other basic needs."

Bahnson said that the new service charge arrangement, which applies to personal accounts only, will be cheaper for the customer, will simplify his record-keeping, and will enable him to make fuller use of his account. He said that the new schedule applies to all offices of the bank, and will be used for CCB's Mocksville Office, when it opens in September.
