

Interstate 40 Gets Him Out Of The Country

Regardless of where you live these days, you never know when you may have to pull up stakes and move, due to the fast changes being made in our land, such as roads, dams, back water, etc.

This is exactly what happened to a Davie County citizen, Mr. Albert Howard of Mocksville, along with thousands of others during the past 25 years throughout the United States.

Mr. Howard says, "You can get a man out of the country, but you can't get the country out of the man."

But Interstate 40 between Winston-Salem and Asheville, got him out of the country and moved him to town, by taking 40 acres of his 132 acre dairy farm, which is alright with he

and his wife, Margaret Call Howard, because she is nearer her work at the Davie County Hospital.

Mr. Howard, a fine citizen of this county, looks at road building and improvements of our land with an open mind. He is not one to hold back on progress.

For six years he served as Davie County Commissioner. He is a member of the Bethlehem Methodist Church, a Mason at the Farmington Lodge 265, and presently serving on the Farm Bureau board of Mocksville.

He says the only thing he is

doing these days, is loafing, and getting behind on that!

Anywhere he hears of an auction sale, he is there and buys lots of things, such as an old washpot, which he has in the carport, just a little in the way of parking cars, coffee grinders, milk cans, and other items that can be spotted in and around their well kept home on Gwyn Street.

Mr. Howard has a gift of making friends and when he attends an auction sale, he is happy, because he loves people and everybody all over the county knows and respects him.

Local Women Attend Retreat At Junaluska

Women of the Liberty Methodist Church attended the Spiritual Life Retreat this past weekend, held at Lake Junaluska for the Western North Carolina Methodist Conference. This district had the largest delegation present, with a total of 60 per cent of their members.

Mrs. Abigail Randolph from The Upper Room was the guest speaker. Her topics included "Reach For the Sky" and "Boundless Horizons". Mrs. Randolph was an inspiration to everyone present and reminded them never to become satisfied but aim your dreams for a better world and to always reach for the sky. She also pointed out that the women set the tone in the homes and if they try hard enough, could change the world for the better within the next 25 years.

The Retreat ended on Sunday morning following a beautiful Love Feast with more than 400 women taking part. All those present, agreed that this had been the best retreat ever held.

The ladies attending this retreat included: Mrs. Edward Carter, Mrs. Larry McCullough, Mrs. Robert Frost, Mrs. Emory Frye, Mrs. A. F. Naile, Mrs. Sherrill Munday, Mrs. Paul Carter, Mrs. Bruce Hinkle, Mrs. Ralph Call, Mrs. Foy Cope, Mrs. Edward Wagner, Mrs. Sam Boger, and Mrs. Charles Call.
