## Bird Feeding Station

Miss Wanda Gullet, a Davie High Junior, likes to feed the birds. Several years ago, the wind blew their apple tree over and the tree died. Her father, who is very good at building things, cut all the limbs off and made bird houses to fit each limb. He also thas made a bird feeder that is set

## Cooleemee Folks Make

## School Improvements

Some men in Cooleemee left truct a much needed recreation early Saturday morning, equipped with hammers, saws and various working tools, for Crosenore School.
In February, 1807 many of the people in coolecmee became of the children at Crosmore. The echool, which is not state sumported and depends mainly
 much need of replir work, some of the men and women in Cooleemee decided to lend a helping hand. They began by putting down floor coverings on all the fioors in the middie girls' dorm and painting all the bedrooms.
As other people in town learned aboat this group and the work they were doing at Crossnore, they began to make contributions of supplies and materials needed and in several cases, joined the working party on the next trip. This made it moom:the men donated their time to laying the block for the foumdation. The neat lrip, ancther arew put y the walls and peitty soon the recroation roome-was completed. The Fire Department mode a very generous conCribution to be applied on a pool toble for the chitimen.
groin Mills coliti ributed emough material for the ladies to mithe draperies for the entire midile giris anm and enongh cloth left, for bedspreads for the little boys.
EQUIPMENT ADDEE
A professional hair dryer was donated to the girls by one of the ladies in Cooleemee and from the different donations, a washing machine and dryer was purchal school.
