

## You Name It

This funny looking sweet potato was found last week by Mr. Verdie Cornatzer in the Coolee Super Market. The sweet Potatoes were purchased from Mr. J. W. Barber of Route 1, Mt. Ulla.

Mrs. Barber was just as amazing as Verdie, when she saw it for the first time. It was overlooked during the digging, curing and washing process and, of course, she's taken quite a bit of kidding from the gang at the Super Market about the kind of potatoes they grow.

But as usual, Verdie Cornatzer had the answer — "Your sweet potatoes are so good" he explained to Mrs. Barber, "that they decided to grow hands so they could eat each other." He continued, "I just hope they don't start growing feet and jump off the truck and run away before you get them to the store."

## Burlington Sales Show Increase

Burlington Industries reported record consolidated net sales at \$391,716,000 for the quarter ended December 30, 1967, an increase of 16 per cent compared to sales of \$337,700,000 for the same period last year.

Net earnings for the quarter increased 24 per cent to \$20,032,000, equal to 79 cents per share on 25,322,000 shares outstanding at December 30. For the comparable quarter last year, net earnings were \$16,146,000 or 64 cents per share.

Charles F. Myers, Jr., president, said the results were in line with earlier expectations that textile demand was recovering from generally depressed market conditions of last year. "We have experienced a marked increase in business since last September in most areas of operations," he stated, "and we expect the improvement to continue in our second fiscal quarter."

The Board of Directors of Burlington Industries, meeting in New York today, declared a regular quarterly dividend of 30 cents per share, payable March 1, 1968, to shareholders of record at the close of business February 2, 1968.

### TRY, TRY, AGAIN I

David Griffin of Mocksville, Mona Jo Canupp of Coolee, Gene Ward of Mocksville and Barbara Vaughn of Winston-Salem spent Sunday at High Meadows Ski Lodge in Roaring Gap. This was their first experience on the ski slopes and with the exception of David's treatment at Davie Hospital for a sprained foot, on Sunday night, everyone had a great time.

When David gets back on his feet, they plan to try again.

## Local Folks Help School

Continued from page 1.

Downum, Dorie Pierce, Doll Foster, and Hudson Hoyle insulated and paneled one wing of the Atwell Dorm. This was completed with the exception of varnishing the panelling. They decided the practical part came first and the pretty part could come later. They are making plans to insulate and panel the other wing on a trip in the near future.

The staff at Crossnore find it hard to believe that people, like those from Coolee, are willing to spend their only days off from their regular jobs to do this type of work. With the exception of Bob Hoyle, none of the other people have children there or even knew anyone at Crossnore until after they had made their first trip to do some work at the school. The staff and the children find it very hard to find words to thank these people but have made it known to them that the people in Coolee have done a lot for the school and shown real concern for it.
