The Coming Of Spring

Pretty Cathy Lynn Steele, her dog Tinkle and a fistful of her great-grandmother Nichols' flowers serve as our models to signify the coming of spring. Two year old Lynn is the daughter of Jimmy Steele, assistant manager of the Cooleemee Supermarket, and Mrs. Steele of Route 1, Woodleaf. The flowers were grown by great-grandmother, Mrs. Maude Nichols.

Something To Squawk About

It looks as though someone has his own ideas about a pre-Easter celebration. On Saturday night, many homes, cars and almost every store window in the Shopping Center were vandalized by someone with nothing better to do than throw raw eggs.

This was a very unpleasant sight to find your car, porch or windows dripping with eggs on Sunday morning, but what kind of protection do we have? The next time it could be rocks instead of eggs..

We, in Cooleemee, are very fortunate to have the only Shopping Center in the entire county and I, for one, hate to think what our little town would be like without it.

It's hard to believe anyone could be so child-like as to destroy something that almost everyone in Davie County benefits by. Not to mention the waste of all those, possibly stolen, eggs that a great number of people in the world would give almost anything to have just one..

It hurts even worse to think how our own service men, who are willing to give their lives for us at home, must do without the many things that are used in any such way as this.

I just can't believe that the numerous things happening in our friendly little town are being done by mature people. There is no profit in such things. To quote the Bible from First Corinthians, chapter 13, verse 11, "When I was a child, I spake as a child, I understood as a child, I thought as a child: but when I became a man, I put away childish things."

We as parents and citizens of this community should search our lives and maybe, just maybe, we can come up with a solution to end such vandalism.
