Cooleemee Man Named Davie County Manager

MOCKSVILLE — John Barber of Cooleemee is the first county manager of Davie County.

Barber, associated with Burlington Industries, was hired as the first official county manager during yesterday's meeting of the Davie County Commissioners.

Barber, who worked at the Erwin Mills plant until the recent closing presumably will assume office in his new capacity after working a notice with the company.

Commissioners voted unanimously to hire Barber as county manager, who will in the job coordinate all county offices and functions.

Commissioners previously had set up a \$10,000 item in the budget in anticipation of hiring a fulltime manager.

Barber's "office" will be a shared arrangement in the county accountant room, specifically because no vacant space exists for a private office in the courthouse.

In other action yesterday, commissioners re-appointed for one year terms the Davie County Fire Commission members including Wade Groce, Andrew Lagle, J. W. Everhardt and John M. Bailey.
