PLENTY ROOM FOR ALL WHO WILL COME.

Authentic figures place the number of uncultivated acres in North Carolina at 22,000,000, which is estimated to be sufficient to give homes and maintenance to 250,000 additional farm families. There are thousands of people who would be delighted to accept the opportunities of the climatic and soil conditions offered in this State and it is predicted that at the end of the European war there will be a great increase in the number who will be seeking homes in the United States. North Carolina can furnish homes to a great many of these and the only thing that remains to be done is to let the homeseekers know that we have the land necessary for making themselves homes—to get homes and the homeseekers acquainted. Hence the scheme to advertise the resources of North Carolina to the world; and the need of all true Tar Heels helping this cause along.

The more a person travels over other states and the more he sees of the resources and possibilities of North Carolina the greater booster he becomes for the Old North State. There are many sections of this country which are better known than is North Carolina—because they have been better advertised. But there are none more worthy of having its advantages and desirability as a place of residence placed before the public. Help the cause along which means so much for the future of the State.

Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

The BIG Warehouse ON MAIN STREET

OWNED and OPERED by the Farmer, for the Farmer, by the Farmer.

We ask the farmer to help the farmer you will help the farmer make money thereby building up country as well as the town. Our business has exceeded expectations and we are growing every day. Other warehouses in the State operated in the same manner, made money and divided big dividends among the farmers. When farmer becomes interested in the business he is building a business, helping the market and helping the town. Hundreds of farmers have taken stock, and as we have no one selling those wanting stock will have to apply at the warehouse.

This is a big business, by your co-operation we can make it a larger business. Appreciation of your patronage is shown by Townsend's hard work.

Yours respectfully,
TOWNSEND'S TOBACCO WAREHOUSE CO.

P. S.—Being unable to get out to see friends and patrons, I ask you to get in early with your tobacco, so we can get you unloaded in time for sale. Prices are much stronger, several of my customers averaged as high as twenty cents for large loads of tobacco.

APPRECIATING YOUR PATRONAGE

Your Friend,
C. R. TOWNSEND

Choice Small Farms NEAR Arthur, N. Carolina

Monday, November 1st, 1915, at 10:30 A. M.

We have subdivided into small tracts the farm of Mr. Chas. Forbes, known as the old Williams Farm, which is located on the Farmville to Ballard's Cross Roads road, 1-2 mile from Arthur, 4 miles from Farmville, 9 miles from Greenville, and each tract will be sold to the highest bidder at our sale.

Each tract will have a road frontage—schools and churches are within 1-2 mile of the property—the neighborhood is unexcelled. The soil is a loamy top-soil with a good sub-soil and produces large crops of tobacco, cotton, corn and in fact all crops grown in this section. The average yield of cotton is 1 1/2 bales per acre, and the average yield of tobacco is 1,000 pounds per acre. There is one main dwelling, two tenant houses, four tobacco barns, stables and pack house on the place. This is one of the best farms that we have ever had the privilege of offering in Eastern North Carolina, and if you are at all interested, it will be well worth your time to go today and look over the place thoroughly, for it is positively going to be sold Monday, November 1st, and the highest bidders get the pie. The terms of the sale will be easy and within reach of all.

Free Dinner To All Attending The Sale. Music By Our Own All Star Brass Band.

We sell rain or shine, so don't stay away if it is raining, for we will be there just the same and we are going to sell the place. Meet us on the ground. Don't forget the time, date and the place.
