Methodist Revival A Great Success

Much Interest Manifest and Several Have Already Been Received Into the Church. Meeting Closes Sunday.

The series of meetings which have been in progress at the Methodist church for the past two weeks has so far been of great benefit to not only the church in the building up and strengthening of its membership but has indeed been a great God send blessing to a large number of unsaved. So far about 12 or 14 have stepped out on the Lord's side during the meeting and many more are expected to do likewise ere the meeting comes to a close.

Mr. Moyle, the pastor, has been delivering some mighty fine sermons, and we are glad to note that his efforts have not been in vain.

ville Players elsewhere in this issue. They will be in Farmville all next week, beginning Monday night, April 24th. They come under the auspices of the Farmville Fire department which will share in the profits. Todd's show this season is the best of his kind, playing the South and far surpassing any attraction that has presented here in years past. He is this week playing to packed to the brim audiences at Ayden, and the report comes from there that its being enjoyed by everybody that goes.

Mr. W. K. Willis is planning to assist the Farmville boys in organizing a Boy Scout Band. There's nothing could be of finer influence for uplift than this and we hope others will co-operate in this splendid work. This organization is being successfully carried on in towns and cities throughout the country. We have just as good material with which to work as you'll find anywhere. There's no doubt "acres of diamonds" right around us and only lacks effort on our part to find them and polish them in to everlasting beauty and usefulness--now they are our boys, so let's we of the town, give Mr. Willis our support in this undertaking.

Stills Captured By The Sheriff

Another Big Capture Made Tuesday Night, by Sheriff in Black Jack and Fountain Section. One of Operators Taken.

Sheriff Joseph McLawhorn made another big capture in the Black Jack section last night. This time it was a new 52 gallon capacity copper still which was in charge of three men. Upon the arrival of the officer in the neighborhood of the still, two of the men fled to the woods and made good their escape, but Church Adams, a white man, was captured and brought in by Sheriff McLawhorn and placed in jail to await trial. The outfit was brought here to be disposed of as old copper.

Not satisfied with his success of last night in capturing the still near Black Jack, Sheriff McLawhorn with Deputy Hyman, L. M. Tull and Jack McLawhorn went out on another still hunt in the Fountain neighborhood where they were successful in finding two 55 gallon stills in operation. At one of them the operators were at work, but hearing the approach of the officers they made their escape. With the three stills captured there was 25 gallons of corn whiskey and 800 gallons of beer. --Reflector April 20.

Mrs. Mary Fennell, milliner at the Owens Millinery Co., spent the week-end visiting in Fremont.

Don't miss the entire program of the 1916 commencement here April 27, as announced in last week's issue of "The Enterprise."

The Singing Class from the Oxford Orphanage gave their concert here Thursday night April 13th, to a large and attentive audience. The entertainment was intensely interesting and all enjoyed it very much.

The revival services at the Baptist church, which have been in progress for the past ten days under the able and efficient direction of Rev. Kendrick, of Wake Forest, closed Sunday night. The services were largely attended and all enjoyed the well prepared sermons. They were both interesting and instructive.

Prof. Norman Johnson received a telegram Friday from Hon. E. L. Daughtridge stating that he could not speak for us on April 27th as heretofore announced. We are very sorry Mr. Daughtridge cannot come, and hope he

will have the privilege of visiting our town at some later date. The commencement speaker will be Prof. L. C. Meadows, (A. B. M. A. Yale) English professor of the East Carolina Teachers Training School. Come to the commencement.

When Jefferson "The wonder of Fountain" and the idol of the Fountain fans walked into the box to open the series for the Fountain school against Farmville, there was a wave of displeasure and intense scare that swept over the entire Farmville team in such a way that they refused to play if "The wonder" pitched. Fountain was compelled to put Speight in the box and he was hit hard for the first 3 innings later Carroway was put in both pitched good ball and Fountain's defeat was caused by poor fielding and wild throwing. The final score was 16 to 5. Askew for Farmville was in good form however he was hit hard but the fast fielding executed by the visitors made the hard hits worthless. The locals will play Farmville again Saturday April 22nd the latter's ground.

Green County Hit by Hail Storm

A severe hail storm struck the southern section of Pitt and the northern part of Greene counties Monday afternoon about 5 o'clock a black cloud passed over that section and people living in that vicinity say that hail fell there in great torrents ranging in size from a marble to a hen egg. No serious damage was done, however, as the crops were not up sufficiently.

TIME AND ETERNITY.

Had you ever stopped to consider Time and Eternity. The first is only the vestibule that leads into the better, as the Cathedral. We are all so greatly involved in Time we don't consider Eternity. There are two Eternities, one for the saved, the other for the unsaved, unfortunately there's no place for the neutrals. Belgium was seemingly doing no harm, yet look what a price she has paid for her neutrality.

Candidate For Register of Deeds.

To the Democratic Voters of Pitt County:
I hereby announce my Candidacy for the Office of Register of Deeds of Pitt County, Subject to the action of the Democratic Primary of Pitt County.
Brascoe Bell.

PELLAGRA DISCUSSED.

In recent issues of various issues of various magazines the cause, cure and prevention of Pellagra as a very prevalent disease in the South has been discussed. Statistics show that in past year there were as many deaths from this disease as there were from pneumonia and tuberculosis, and it is spreading to an alarming extent. It has only been a few years back when it was practically unknown in the United States. Today it is almost becoming a scourge in some sections of Georgia, Mississippi and Tennessee. Dr. Goldberger an authority on the subject, says it is not communicable but is caused by improper diet.
