MEN FROM EVERY STATE EXPECTED TO RESPOND.

Washington, June 18.—Virtually the entire mobile strength of the National Guard of all States and the District of Columbia was ordered mustered into the Federal service tonight by President Wilson. About 100,000 men are expected to respond to the call.

They will be mobilized immediately for such service on the Mexican border as may later be assigned to them.

In announcing the orders, Secretary Baker said the State forces would be employed only to guard the border, and that no additional troop movements into Mexico were contemplated except in pursuit of raiders. Simultaneously, with the National Guard call, Secretary Daniels, of the Navy Department, ordered additional war vessels to Mexican waters on both coasts to safeguard American lives.

Wilson Will Refuse Carranza's Demand.

Washington, June 19.—War with Mexico depends upon General Carranza's reception of a stern refusal by the United States to heed his demand for a recall of American troops, in the opinion of President Wilson's close advisers.

They were prepared tonight for the possibility of open hostilities after the note, which will be sent forward tomorrow, has reached Carranza's hands.

No indication has come that the first chief's attitude of implacable hostility would be shaken by the reiterated declaration of the United States has no aggressive or warlike purpose toward Mexico, but is firmly resolved to protect her borders and end brigandage in the border states.
