### STOP A MOMENT —THINK DEEPLY

In your mad and ceaseless rush for the accumulation of this world's goods; fleeting pleasures and things which can but bring only individual yet temporal welfare, sit down some evening and allow your thoughts to dwell for a moment on questions and matters which not only begets profit to yourself, but which reach out and touch the welfare and pleasures of others. Have you ever devoted one moment's thought to the town or community wherein you have been so fortunate as to reside; have laid aside your own individual grandizement and tried to shoulder even a part of the many burdens borne by a few individuals, whose lives are but daily sacrifices for the public good and the general welfare of all the people? Have you thought of the great accomplishments or problems of a public nature and considered the fact that at some time and some where some individual had given these problems sacrificial thought and evolved the plan whereby things dreamed of in the past had become a happy realization? Did it ever occur to you that, in the promulgation of these questions and matters, that the man who gave birth to these public ideas and nurtured them until their importance could be so appreciated by others as to bring about reforms in thought, and become principles so fixed in the public mind as to prove blessings to all mankind, especially those close about you? In all these matters, public questions and transformations touching the welfare of your town and people, to what extent are their realization traceable to your efforts, and what have you done and what are you doing to better the condition of

the town and its people? Are you fond lending your support to those movements and giving your encouragement to those about you who are bearing the brunt of the battle in trying to give the town and community the very best, or are you one of those pessimistic, chronic kickers of the moss back variety, whose vision and ideas are so dwarfed as not to be able to behold only those things which can bring you direct profit. Every community is more or less afflicted with these human parasites. Let it

not be said of you that among this class you hold membership. —Nashville Graphic.

After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

### UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels. Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.
