SELL YOUR TOBACCO AT

# Monk's Warehouse

There's A Reason!

It is indeed a pleasure to let you know how prices are today. We could see a difference in all grades, and you could hear on most every ones lips, "Tobacco is selling better today."

Lots of farmers said they got much more than they expected. Now the thin bright Tobacco's are not as high as they were at one time, but are selling better than they have since Monday of last week. Tips are much higher and are counting money fast as they weigh awfully heavy this damp weather.

Remember we are not having big sales in Farmville now, and really expect them to lighten up still more as people are compelled to pick cotton. You may expect prices to be good unless your Tobacco is damaged or too high in order. Keep it dry. Come to see us with your next load and we will please you.

YOUR FRIENDS
