

Two Stoves for the Price of One

We offer you only reliable goods made by reliable manufacturers. Honest prices and honest values is our motto. If there is one place where quality counts it is here.

Cole's Original Hot Blast

is a double stove—a heavy durable heating stove slipped inside of the powerful radiating body which radiates all the heat. This remarkable construction makes an absolutely air-tight stay-tight heater which holds fire from Saturday night until Monday morning. This guaranteed stay-tight construction in connection with our Hot Blast fuel saving draft makes our guaranteed great fuel economy possible.

The Many Feet of Leaking Joints

Made temporarily tight with stove putty explains why imitation hot blast heaters and stoves with other fuel saving devices are not guaranteed to remain air-tight always, as is Cole's Hot Blast.

Cole's Hot Blast burns any fuel—soft coal, hard coal, or wood. It is a powerful radiator of heat. It gives a sizzling hot base. It gives a guaranteed fuel economy. You can't afford to be without this remarkable heater. Come in and see it today.

"Cole's Hot Blast makes your coal pile last!"

A Charming Birthday Party

Little Nannie Floror Smith was hostess to a number of little friends Friday October 13, from three til five at the home of her parents Mr. and Mrs. Lloyd Smith on Wilson street. After tiring of their games the little ones were ushered into the dining room which was a scene of loveliness. The color scheme pink and green was carried out in the decorations and refreshments. The birthday cake was tempting and lovely in its wreath of glossy-green leaves and five pink tapers.

The little hostess received many pretty gifts. Those present were: Dorothy and Sheppard Smith, May Alice Beaman, Elizabeth Lang, Roderick Harris, Sallie May Smith, James and Rachel Monk, Sarah Humphrey, Virginia Dare and Walter Gay, Jr., Mary Elizabeth Jordan, Albertine Barlett, Emily and Mary Francis Puryear and Eugene Patterson.
