FRIDAY, JULY 6, 1917

High prices are a menace—we know.

Back accounts will not pay our debts.

What has become of that check you started to send us once?

You needn't try to fit your religion to that of everybody else.

We see that the war is at the same stage that it was last week.

The army, navy and militia have enrolled nearly 500,000 volunteers since the war began.

When you consider how many chances the average boy takes it's a wonder he ever lives to tell the story.

War or no war, some people must have their profit and it begins to look like food speculators are among them.

France is cheering the American flag and the flag not to be outdone is doing a lot to cheer France.

No man over 31 and under 40 can knock the conscript unless he volunteers in the regular arm.

Forty thousand officers training at the officers' Reserve corps will help manage the drafts when they come in.

The Red Cross people got the money they asked for and more.

Whenever your conscience begins to hurt you about what you owe us. Write us at once and we will advise you the matter can be cured.

Teddy may yet get to France. The New York militia may organize another division and give him its command. Then if government calls out the militia T. R. will be at the front.

Gen. Pershing has fixed a camp for the American soldiers to use. It is just south of St. Quentin, which reminds us of the fact that St. Quentin is where the next drive is due to come from.

Volunteer recruiting of physicians for the army has been a pronounced failure and it is proposed to draft doctors into the army under an act to be passed which is like the selective draft bill.

AN EASY WAY TO REDUCE FLESH

Drink Hot Water and Take Tassco

Haven't you often wished for a medicine to reduce your flesh? Something that does not require dieting or cathartics? Well, right here you have it in 5-grain tassco tablets, which you may secure at Parker & Newtons. They are pleasant to take, perfectly harmless and cause no restrictions of habit or eating, and reduce the flesh, little by little, until you down to the number of pounds you wish to weigh. Too much flesh is undesirable, as most quite stout people will readily admit, and it detracts from one's good appearance, makes one clumsy and short of breath.

There isn't any reason why anyone should be too stout, when there is this much tried, perfectly harmless remedy at Parker & Newtons. Tassco tablets don't hurt your stomach and are perfectly safe. They are perfectly harmless and are the only medicine that will reduce the flesh.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO Ointment fails to cure any case of itching, kind, bleeding or protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

It is not strange that a German general speaks of America's part in the war as of no consequence. Probably, if the war doesn't end before the spring, there will be another realization of a sad mistake.

EVERYONE SHOULD DRINK GLASS OF WATER TO CLEAN KIDNEYS

If Your Back Hurts or Bladder Bothers—You Drink Lots of Water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with cold water and Kidneco which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from Parker & Newton about one dozen 5 grain Kidneco tablets, take one tablet before each meal and at bedtime with a glass of water for a few days and your kidneys will act fine. This famous remedy is made from perfectly harmless ingredients and acts quickly, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Kidneco is inexpensive, cannot injure, make no mistake, insist on Kidneco which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your bladder trouble and backache.

SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Sorry She Speaks.
Wife—Have you never thought how many hats you could buy in a year if you saved the money you squander on smoking? Husband—Often. I estimate that I could buy about 50 for myself, but only three for you.—Stray Stories.

WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called frezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of frezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug frezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist doesn't have frezone have him order it for you.

It Rolloff.
A young man called on a doctor, complaining of pains in his stomach. The doctor diagnosed the case as dyspepsia, and advised the patient to go home and try a pickle. If he could keep that on his stomach he was to report to the doctor in the morning. The next day the patient returned, and when the doctor asked him if he could keep the pickle on his stomach, he replied: "I could, as long as I stayed awake, but when I fell asleep it rolled off."

Our REFRIGERATORS

ARE THE MOST PERFECT DISTRIBUTORS OF COLD AIR ON THE MARKET TO-DAY.

Through their patent and scientific construction every nook and corner is kept at the same low temperature at the most trifling cost of ice. Think of it.

They are Food Savers, Ice Savers, Money Savers. Absolutely Odorless and easily kept clean. Come early and see our display.

FARMVILLE, N. C.

Time nor Tide Waits for No Man
The wheels move, the clock's hands creep at a seemingly snail-like pace, but there is no stop—they go on and on, each moment brings us nearer to the non-productive period of old age.

And Then What?
Will you be dependent on someone for the food you eat and the clothes you wear—or will your savings of today make you independent?
