SOME NEW RULINGS ON DRAFT MEASURE

SHOULD NOT FORCE WIFE TO WORK TO SUPPORT SELF AND CHILDREN

WILSON MODIFIES RULES

Clears Up Contested Points—Orders For Mobilization of First Increment Changed and Experienced Men Will Be Taken First

Washington.—At the direct suggestion of President Wilson, Provost Marshal General Crowder telephoned to all governors a supplemental explanation of regulations governing the status of married men under the draft law. No change in regulation is made, and the purpose of the statement is to clear up misunderstandings.

In a letter to Secretary Baker, quoted by General Crowder, President Wilson states his opinion that the regulation directing local boards "to establish the fact of dependents in addition to the fact of marriage ought not to be abrogated." This leaves the regulations as they are, and the supplementary statement is designed merely to make the application of the rules uniform.

While the statement regarding married men was in preparation orders were issued changing entirely the mobilization arrangements previously made. Congestion of rail traffic and the necessity of making better provision for receiving the men at the camps dictated the change.

Under the new orders, five per cent of the white men, preferably those with military experience, from each local area, will be drafted first to the camps September 1, and in that order. They will go in forty-day detachments of equal size from each station, wherever necessary, and will be sent to the camps by the most direct route.

The first draft will be held until August 27, and the second until September 1. The third draft will be held on September 15, and the fourth on September 29. The fifth draft will be held on October 13, and the sixth on October 27. The seventh draft will be held on November 10, and the eighth on November 24. The ninth draft will be held on December 8, and the tenth on December 22.

GUARD FROM WEST TO CAMP GREENE

ARE TO REPLACE NEW ENGLAND TROOPS—OFFICERS EXPECTED TO ARRIVE SOON

ARRIVE ABOUT SEPTEMBER 10

Between 30,000 and 40,000 Soldiers to Train at Charlotte—Men Coming From Washington, Oregon, Wyoming and Montana

Washington.—The forty-first national guard division, comprising troops from Washington, Oregon, Montana, Idaho and Wyoming, has been ordered to train at Camp Greene, Charlotte, N. C., and Camp Fremont at Palo Alto, Cal., has been abandoned because the California state health authorities have decided that a latrine sewerage system such as the war department proposed would be injurious to the health of the community.

Secretary Baker, announcing the change, said that the war department could not see the way clear to spend half a million dollars for such a sewerage system as the state health authorities thought necessary in a temporary camp. Decision to transfer the division to Camp Greene caused much speculation as to the possibility that the troops would be sent to France at an early date. No confirmation of the report could be obtained in any official quarter, however.

"It would mean a month's delay to build a water carrying sewer system and the camp at Charlotte is now practically ready," the transfer of the division to Charlotte, Secretary Baker explained, would make it possible to get the division under training without delay and "bring it 2,500 miles closer to its point of embarkation."

A suggestion that the Camp Fremont site might be used as a national camp was dismissed by the secretary, but he did not say whether the work at that site had been completed.

CORPORAL J. N. HALL

Corporal James Nermal Hall of Colfax, is member of the Lafayette Flying Squadron, who is now in Scissors hospital after a single-handed battle with eight German airplanes.

MISSION IS WARMLY GREETED

AT WASHINGTON—MOST IMPORTANT PROBLEM FACED IS DISPOSITION OF SHIPS

Mission Here in Great American Air Force Nation Fighting For a Common Cause—New Deal Two Nations Can Co-operate

Washington.—The mission to the Pacific Ocean is being hailed by the government.

Passing through streets thronged with people, past long lines of school children dressed in white with the red sun of Japan on the fronts of their gowns, the distinguished visitors were escorted by cavalry to the residence of Perry Belmont, where they will be the guests of the government during their stay. They will make the formal calls which must precede the official conferences being arranged for them, and they will dine with the President.

SITUATION IN RUSSIA GROWS ALARMING

Washington.—Russia's critical internal situation, aggravated by the new German drive against Riga threatening the capital, is watched by officials here with grave concern.

"The outcome of the forthcoming extraordinary national council to be held in Moscow is awaited here with interest scarcely less than that in Russia itself. The immediate fate of Russia, it is felt, depends upon it."

"Out of the great gathering, in which the conservative elements of all sorts are expected to unite in an effort to compel the provisional government to throw out the socialist control of the soldiers and workmen's council, one of two results is expected: The formation of a strong centralized government capable of rapidly reorganizing the army and resuming the offensive against the central powers or open civil strife."

TEUTONS FAIL TO AGREE TO ARGENTINE DEMANDS

Zurich.—British admiralty per wire less press—Germany has replied to the Argentine note which demanded compensation for the torpedoed Argentine ship and a pledge from Germany that she would abstain from the torpedoing of Argentine vessels in the future. It is officially announced from Berlin that Germany has not conceded these demands but the possibility of an amicable settlement is not excluded.

ASSISTANT ATTORNEY GENERAL TO RESIGN

Washington.—E. Marvin Underwood, assistant attorney general, has announced he would resign August 21. Mr. Underwood declined to say what his plans were. It was understood he will become general counsel on a railroad. Mr. Underwood gave up the practice of law in Atlanta, February 24, 1914, to accept his present position. He has taken part in a number of cases under Attorney General Gregory.

NEW OFFICERS ARE INSTRUCTORS CAMP GREENE

Washington.—The names of the 153 reserve officers assigned as instructors at the second series of officers' training camps, which had their preliminary opening, were made public by the war department, showing that the new recruits of the first series of camps were being replaced by the reserve officers who will be released from the camps.

HOSPITALS NEAR VERDUN BOMBED BY GERMANS

Paris.—One of the hospitals behind Verdun on which German planes dropped incendiary bombs a week ago is at Valenciennes. The fire caused by the bombs spread rapidly to the whole building and the patients were taken to the hospital at the base and were treated on the spot. The German planes were seen flying over the hospital and were seen to drop incendiary bombs on the hospital.

DEVELOPMENTS IN THE STATE

At Raleigh, N. C., August 20.—(Special to The Enterprise.)

STATE DEPARTMENTS HELP

Organization is Perfected by Insurance Men in North Carolina

All Buildings Where Food and Supplies Are Stored Will Be Guarded Against Destruction By Fire or Wasts.

Organization of one of the most effective patriotic bodies in the state has recently been perfected by special agents, inspectors and field men of virtually all fire insurance companies doing business in North Carolina. It is the purpose of the organization to make inspection of all buildings where food supplies or clothing supplies may be concentrated to guard against possible loss by fire of any goods which are needed in the prosecution of the war.

The organization was perfected recently at a conference of insurance men in the office of State Insurance Commissioner James R. Young in Raleigh. Present at the meeting were Governor Bickett, Commissioner Young, S. T. Tupper, of Atlanta, Southern manager of the Queen Insurance Company, Milton Dargan, of Atlanta, Southern manager of the Royal Insurance Company and A. M. Schoen, engineer for the National Board of Fire Underwriters. The conference was also attended by J. M. Broughton, Jr., and A. T. Bowler, president and secretary respectively of the Raleigh Chamber of Commerce and Prof. W. A. Withers, president of the Raleigh Rotary Club.

Co-operation of all the machinery of the State Executive and administrative departments was pledged by Governor Bickett, and Commissioner Young, and a committee of insurance men was appointed to arrange the details of the campaign and the plan for carrying out the campaign in the districts of the state. Each district will be supervised by the local fire insurance men who will be in constant touch with the headquarters of the campaign.

It is the intention of the campaign to inspect all buildings where food and supplies are stored. Inspectors will look after cotton gins and cotton warehouses and all kinds of depots.

The work thus done is under the supervision of experts who will give without cost their trained experience to aid in the National campaign against unnecessary fire waste in the stringent war period. While these men are representatives of insurance companies, the work thus undertaken is under the direction of the National Government and the direct supervision of the Council of National Defense. Recommendations will be made and instructions in fire prevention given to citizens and property owners and where it is necessary property owners may be compelled to follow these instructions given by these inspectors as war measures.

The campaign is part of the nationwide plan adopted by the National Board of Fire Underwriters. Similar organizations have been made or are being made in every state. Representatives of the National Board at the meeting held in Raleigh stated that the work was better understood by the insurance men in North Carolina and the campaign gives better promise of accomplishment here than in any state they had visited. Commissioner Young has been urging work of this sort—that is the adoption of measures to prevent fire and the subsequent unnecessary waste of food and supplies—since the war started and through a continuous series of appeals to the citizens of the state, city and county officials, a considerable amount of success has been accomplished and it is the belief of the commissioner that the people are familiar enough with the situation to carry the plan on to a great success and in this manner to add to the campaign North Carolina's "part" in a valuable work.

BRITISH HOLDING GROUND

FRENCH AND ITALIAN ARMIES HAVE STARTED MONSTER DRIVES

French Make Great Gains at Avenue Court on Eleven-Mile Front. Italian Bombardment in of Appalling Intensity.

With the British troops being engaged in the successful carrying of German troops from Belgium to the German front, the situation in the West is very favorable for the Allies.

The new territory taken by the French embraces positions that have literally withered in French and German blood in battles that have been waged to and fro since the German crown prince started his costly costly enterprise, the attempt to take Verdun, which resulted in utter failure as a military maneuver and cost the lives of tens of thousands of his men.

UNITED STATES JUDGE HOLDS DRAFT LAW VALID

Common Law Cannot Prevail Against Act of Congress.

Mount Airy, Ga.—Federal District Judge Speer held the selective draft law constitutional in a decision made public here. The decision was rendered on application for writs of habeas corpus for Albert Jones and John Storey, held in the Richmond county, Georgia jail, charged with violating the law and were represented by Thomas E. Watson. Watson contended that the law is in contravention of the involuntary servitude amendment.

Judge Speer left for Fairfield, N. C., where it is expected he will decide whether or not The Jeffersonian, a magazine published by Watson, shall be allowed in the mails. It has been denied admission by the postmaster at Thomson, Ga. The price of publication because it contained what had been charged as seditious utterances.

CUBA GIVES STATES FOUR GERMAN SHIPS

Havana.—At the president's palace in the presence of General Martí, secretary of war and navy and William G. Gonzalez, United States minister to Cuba, President Morales signed a decree transferring four large German ships to the United States.

FRANK E. COMPTON

Frank E. Compton of Chicago and Glennie is engaged to marry Mrs. Annis Howe Cochran, a niece of President Wilson. Mr. Compton is a widower and Mrs. Cochran was divorced some time ago.

WILL INSPECT FOOD AND SUPPLY HOUSES

Organization is Perfected by Insurance Men in North Carolina

All Buildings Where Food and Supplies Are Stored Will Be Guarded Against Destruction By Fire or Wasts.

Organization of one of the most effective patriotic bodies in the state has recently been perfected by special agents, inspectors and field men of virtually all fire insurance companies doing business in North Carolina. It is the purpose of the organization to make inspection of all buildings where food supplies or clothing supplies may be concentrated to guard against possible loss by fire of any goods which are needed in the prosecution of the war.

U.S. MAKES ANOTHER LOAN TO THE SLAVS

AMERICA REAFFIRMS FAITH IN FUTURE OF NEW RUSSIAN DEMOCRACY

Secretary of State Makes Public Note Renewing Wilson's Sympathy and Confidence—Money for Supplies and Equipment.

LANSING IS NOW OPTIMISTIC

Washington.—The United States reaffirmed its faith in the new Russian democracy and gave concrete evidence of its confidence by loaning another hundred million dollars to the provisional government.

Announcement of the loan came from the treasury soon after Secretary Lansing at the state department had denied formally that reports from Russia were of an unfavorable nature and declared that on the contrary confidential dispatches to the government were the basis for his belief that the administration at Petrograd was strengthening its position.

"I regard the government of Russia as stronger today than it has been for a month," Mr. Lansing said. "I mean in general, both from political and military points of view. This opinion is based upon reports more or less confidential that we have been getting."

So far as the military situation is concerned, the secretary said he felt little concern over the advance upon Riga by the Germans, recalling that the place had been evacuated five times during the war. Major General Scott, chief of staff, who was a member of the Root commission, agreed that the capture of Riga would not be an important strategical loss. A German advance upon Petrograd from Riga would be followed by removal of the seat of government to Moscow, west of the conservatives upon whom the allies are counting to maintain a firm republican government and the city looked upon by millions of Russians as the natural capital of their country.

Secretary Lansing made public a note he had just sent to Ambassador Baklanoff reconfirming to a message of assurance from Foreign Minister Tzechtchenko.

NEGRO TROOPS WHO KILLED MANY CITIZENS DISBARRED

Houston, Texas.—Negro soldiers of the Twenty-fourth infantry, who shot up the streets of Houston, were being entrained to be removed to Columbus, N. M.

FIFTY-THREE CASES OF PARALYSIS REPORTED

Richmond, Va.—Fifty-three cases of infantile paralysis have been reported to the state health department during August, according to figures received from Dr. Harold G. Williams, state health commissioner. During July there were forty-eight cases, making a total of 101 cases of the disease since the outbreak of the epidemic in the valley of Virginia. While the disease has not been entirely confined to the valley and northwestern part of the state, it is believed by the health authorities that the infection is radiating from Rockingham, which has taken the lead in number of cases.

EARLY REGULATION OF MEAT INDUSTRY FORECAST

Washington.—Early regulation of the meat industry was predicted following the departure of Herbert Hoover, the food administrator, for Chicago to confer with meat packers and with federal trade commission representatives who are investigating packing methods. Government supervision of meat packing and distributing concerns, with the institution of a licensing system, may be the next move of the food administration.

AMERICAN ARMY WANTS AEROPLANE OBSERVERS

Washington.—Candidates for bomb-throwing as observers from airplanes are being sought by the army signal officer from among graduates of the artillery instruction course at Fort Monmouth, N. J., or the army signal officer at Fort Sill, Okla. The army signal officer will be in charge of the instruction course and will be in charge of the instruction course and will be in charge of the instruction course.
