INTENSIFIED CONSERVATION

Every Consumer Requested to Observe Two Wheatless Days, One Meatless and One Porkless Day Each Week. One Wheatless Meal and One Meatless Meal Should Be the Rule Every Day—1918 Home Card to Be Ready by February 10th.

Raleigh—The American people are to fulfill their duty to the Allies by supplying the armies with food-stuffs, and their duty to humanity in saving the lives of as many starving women and children in Europe as the crippled shipping facilities will permit, they must reduce their consumption of wheat at least 30 per cent from today until the next harvest, reduce their consumption of pork in the same degree and economize rigidly in the use of beef, fats and sugar.

Intensified Food Program.
To meet the demands of the desperate condition that exists in Europe with regard to the food situation, the Food Administration has announced an intensified food conservation program. The 1918 home instruction card which will be available for every household in the State within the next two weeks calls for:

Two wheatless days in each week and one meatless meal every day. The wheatless days will be Monday and Wednesday. One meatless day (Tuesday) and one porkless day (Saturday), and a meatless meal in each day of the week.

Terms Explained.
On wheatless days and on meatless meals no wheat bread, crackers, pastry, macaroni or breakfast food containing wheat should be used beyond the amount necessary to thicken soups or gravies or bind together corn meal or other substitute cereals. On meatless days no pork or beef products of any kind or mutton or lamb should be served, fish, poultry and game being substitutes. On porkless day and on other days chickens and lamb should be used in preference to beef.

Every day should be interesting day and saving day, and at every meal fruits, vegetables, potatoes, milk and all other more or less perishable and local products should be used as largely as possible in the place of wheat, beef, pork, fish and game which are best adapted to export.

New Home Card Coming.
Every household and every hotel and cafe in the State should have a 1918 home card just as soon as they are issued from the press which will be not later than February 10. They can be secured after that date from county food administrators or from the Food Administration at Raleigh and any individuals who are missed in the general distribution should write for a card.

of the family.
12. Provide as soon as possible at least two good milch cows for each family and more where it is convenient and advisable to have a surplus of dairy products for sale.

13. Begin now to plan for an increased acreage of winter crops, such as crimson clover, bur clover, hairy vetch, rye, rape, oats, wheat, etc.

14. Take such community action as may be necessary to provide seed for all fall crops. Save all seed possible from the present harvest and buy early the others that will be needed.

15. Study the best plan for disposing of all surplus products and if necessary, organize the community to learn how to grade and pack for market.

16. Discourage the destruction of young animals for barbeques and the practice of wasting by providing lavish picnics, etc.
17. See to it that the very best sanitary conditions are provided in and about the home that every person may keep in good health.

18. Keep in constant touch with your Farm Demonstration Agent, Home Demonstration Agent, and County Health Officer that they may be worth most to you, your community and your county during this national crisis.

District Agent.

Health About Gone

Many thousands of women suffering from womanly troubles, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayes, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had me get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI The Woman's Tonic

She writes further "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in 'dreadful condition.' If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

FARMVILLE PEOPLE CAN GET MANTONE

Great Non-Alcoholic Tonic Has Made Many People Healthy and Happy.

Mantone, the great non-alcoholic tonic that has transformed numberless half sick, nervous, weak and run-down men and women into strong, healthy and happy beings is now offered to the people of Farmville through Parker & Newton and the Wheelless Drug Co.

In speaking of Mantone's normal introduction here the Mantone Medical Director said: "We are glad that Mantone has been brought to this section and feel safe in saying that the folks here will say the same thing so soon as they have had chance to put Mantone to the test and enjoy its health giving qualities. It was our intention to have Mantone here sooner but the people in other places, where we first offered it, bought it so fast that our supply was heavily taxed."

Now, however, we have made laboratory increases and will be able to keep up with the demand, though great and steadily increasing it is.

"For the benefit of those people here who have not learned about Mantone's great health spreading work from friends and relatives in other places I will explain that any man or woman who buys it with the understanding that unless it helps build up your system it has cost you nothing, for your money will be refunded. This does not apply to people suffering from incurable diseases, for Mantone is not a 'cure-all'."

The fact that physicians are prescribing Mantone today is one of the strongest proofs I can offer as to its qualifications as a nerve, blood and brain tonic for men and women."

You can learn more about Mantone at the Parker & Newton or Wheelless Drug Company stores. People living outside of Farmville who are unable to get Mantone may do so by writing The Corona Chemical Company, Wilson, N. C.

YOU can accomplish much through saving a little out of each day. The seemingly little dimes and nickels will soon grow to surprising and delightful proportions, and your small beginning will pave the way to a comfort giving bank account.

STORY OF JOAN OF ARC.

(By Finette Stanfield)
Once upon a time there was a little girl named Joan of Arc. One time when she watched over her flock she dreamed that the king said for her to go and lead her country. So she got a white steel armor, and rode to the king. The king was glad for her to lead the country free. She rode to battle and fought brave. She beat the English. At the end of the battle she fell in the hands of the English. They said if they could only get hold of this brave girl they would win the battle. When she was burned they thought they had burned a saint. They did not ever beat a battle after that. Her people wept and wept for her.

Joan of Arc.
Joan of Arc—Joan of Arc
Do your eyes from the skies see the foe?
Dont you see the drooping Fleur-de-lie?
Can't you hear the tears of Normandy?
Joan of arc—Joan of Arc—
Let your spirit guide us through;
Come lead your France to victory;
Joan of Arc, they are calling you.
