FRIDAY, FEBRUARY 20, 1920

Now that some of the schools of the city have been closed down on account of the flu situation, parents should assist in every way possible to make this closing worth while. If the children are to be allowed to flit about over the neighborhood, joy ride and idle about the streets, they would fare just as well in the school rooms. The individual is largely responsible for the spread of the disease, and upon them will depend in a large measure whether or not conditions will be improved.

Some years ago parents had to train stubborn children, but it seems that nowadays the children have taken it upon themselves to train their stubborn parents.

Mr. J. W. Dixon, of Raleigh, arrived in the city Thursday evening for the purpose of advertising and making arrangements for the sale at public auction of fifty head of fine hogs which will take place in Farmville on Saturday February 28th. Read the big advertisement of the sale elsewhere in this issue for full particulars. After the hog sale he will also offer to the highest bidder a beautiful black Shetland pony. Remember the date Saturday, Feb. 28th, and attend this sale if you are interested in fine hogs and want the best, for Mr. Dixon says the BEST will be here on that date and will be sold at your price.

**ROBERT UNDERWOOD JOHNSON TO SUCCEED PAGE IN ROME**

Washington. — Robert Underwood Johnson, of New York, author and editor and one of the founders of the League to Enforce Peace, has been selected by President Wilson as ambassador to Rome. Johnson is the son of the famous poet and dramatist, and was the originator and chairman of the American poets' ambulance in Italy in 1917, and author of Italian Rhymody and other poems of Italy.

**LONDON PAPERS TAUNT US ON "PRESIDENTIAL ABSOLUTISM"**

London. — "President Wilson evidently intends to take up again the reign of government in a spirit that will brook no opposition," said The Pall Mall Gazette. "He has another year in office, and the indications are that it is going to be a lively one." The newspaper referred in bantering way to "President Wilson's splendid isolation." Some of the newspapers taunt the United States for its "presidential absolutism."

**AGREEMENT IS REACHED ON GUARANTEES TO RAILROADS**

Washington. A return of 5 1/2 per cent on the aggregate value of the railroads would be guaranteed by the government for a period of two years under an agreement reached by the senate and house conferees on the railroad bill.

With the agreement on this section the conferees completed their work on the bill and Senator Cummins said their report probably would be ready for congress by February 16.

Utica, N. Y. — Charges that behind the announced plan of the American Federation of Labor to obtain the election of a congress and a president favorable to its policies existed a sinister movement of a small coterie of labor leaders who have grown powerful by the contributions they have availed upon labor to set up a "government within a government" were made here by United States Senator Miles Poindexter.

**MAINTAIN BRANCH OFFICE IN RALEIGH**

Standard Paint and Lead Works of Cleveland Coming March First.

The Standard Paint and Lead Works, of Cleveland, Ohio, a division of the Consolidated Oil Company, one of the largest paint manufacturing corporations in America will establish a branch office and warehouse in Raleigh March 1, and thereafter the sales and distribution of their product in this territory will be done from this city.

Leases were signed some time ago by representatives of the company for the Dixon warehouse and a part of the old Southern depot adjoining. A large stock of paints, etc., will be maintained at the warehouse and shipments made to all the states in the district, composed of North and South Carolina, Virginia, West Virginia, Maryland and Delaware. The office will be under the management of Mr. Moody, who has been head of the sales department in Cleveland.

Capacity stocks carried here at all times will amount to about 10 carloads and weekly shipments of four or five cars will be received and distributed in this section. Mr. Moody will bring with him from Cleveland the nucleus of his office force, about 15 people in all, but the larger number of employes will be recruited locally.

The branch here will be maintained separate and distinct from the sales service that has been conducted, with Mr. F. M. Dillon local sales manager. He will continue to have charge of the sales department, sending orders to the branch here to be filled rather than to the home plant in Cleveland. Mr. Dillon has more than 100 men working under him. — New & Observer. Adv.
