Washington—Bids amounting to \$8,510,000 were received by the shipping board for seven former German ships over twenty years old. Mr. Stevens explained that the board's policy was to charge off five per cent a year for depreciation and that the board therefore had held that ships twenty years old or more were worthless. Oil Land Inspectors Return.

Raleigh—Rev. S. J. Betts and Mr. Kemp Johnson arrived returning from a trip of inspection to the oil fields of Oklahoma and Texas. They were strongly impressed. Mr. Betts showed his friends a bottle of crude oil from a well which is one of four on a tract he, Mr. Johnson and others have an option on. Mr. Betts thinks it likely the option will be closed before the time expires. He says great fortunes are being quickly made in the oil fields. He thinks some of this money might as well come to Raleigh.
