PRESIDENT WILSON APPOINTS BAINBRIDGE COLBY TO BE SECRETARY OF STATE.

Not Even Among Those on the Inside of Administration Circles Was a Thought of Such a Selection.

Washington, - President Wilson senio moset the expectations of official and political Washington by naming Sainbridge Colby, a New York attorpay who left the republican party with Theodore Roosevelt in 1912, as secre-Mary of state.

The selection caused scarcely less of a sensution than the dismissal of Robert Lansing from the state portfolio two weeks ago, and was received with such undisguised surprise in the senate, where the President's choice must be approved before Mr. Colby can take up the duties of office, that none of the leaders cared to predict when confirmation might be voted.

Not even among those on the inside of administration circles had there been any expectation that the selection would fall on Mr. Colby, who told inquirers that he himself had been given only a very brief notice of the President's intention.
