Brunswick Principles
In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

PLAIN TALKING BY VERMONT GOVERNOR

POSITIVE DECLARATION THAT HE WILL NOT CALL EXTRA SESSION OF LEGISLATURE

A CONFERENCE WITH HARDING

"Powerful and Irresponsible Organization" Forced Through the 19th Amendment to the Constitution.

Rutland, Vt.—Governor Clement issued a proclamation refusing to call the legislature in special session to make possible ratification of the federal amendment for woman suffrage.

The governors proclamation follows a conference which he held at Washington recently with Senator Harding, at which it is understood the republican nominee for President discussed with him the possibility of having ratification completed by the republican legislature of Vermont.

In giving his reason for again refusing to call a special session, Governor Clement said the proposed amendment clearly invades the constitution of Vermont.

Governor Clement's proclamation asserted that "as it stands and is interpreted by the supreme court, the federal constitution threatens the foundation of free popular government."

The seventeenth amendment to the constitution, he said, had been lobbied through congress and state legislatures by federal agents, and the 18th amendment had been forced through by "powerful and irresponsible organizations, operating through paid agents with unlimited funds."

"It is now proposed to force through the 19th amendment for woman suffrage in the same manner.
