FARMVILLE, PITT COUNTY, NORTH CAROLINA

VOL. XI

## CO-OPERATION IS ASKED BY DEALERS

### POLICY OF FEDERAL RESERVE BOARD IT IS FEARED IS LEADING TO DISASTER.

## CHARGE OF PROPAGANDA MADE

### Questionnaires Have Been Submitted to the Textile Men of the South and Answers Show Concern.

Chattanooga, Tenn.—Blaming the present unbalanced conditions of the commodity markets, the southwestern division of the National Association of Home Textile Manufacturers has issued a communication to the Southern Dry Goods Association warning it to take immediate action in order to prevent the "very institution that was established to prevent ruin and disaster from taking the leadership in a policy that can have no other end."

Questionnaires which had been submitted to the textile men of the southwest, and which were answered, showed that a vast majority of the textile manufacturers are confident that no new orders in satisfactory volume, that practically all old orders have been filled, that less than 12 per cent of the output of the textile industry is being sold, and that there is an overproduction in most lines of history.

The textile manufacturers charge that these conditions have been brought about by the federal reserve board's attitude in forcing liquidation and deflation by a systematic program of propaganda.

Red Journalist Arrested.

New York—Alexander J. Brubaker, a Red journalist, was taken into custody after the police had received an anonymous letter threatening the life of a prominent business man.

## HOUSING PROBLEM IS OVERSHADOWED

### BURNING QUESTION OF PROVIDING HOMES FOR HOMELESS TAKES SECOND PLACE

## SESSION NEW YORK ASSEMBLY

### General Discussion is Going on as to What Disposition to Make of the Five Re-elected Socialists

Albany, N. Y.—Interest in the housing problem throughout the state which the legislature has been called to consider in special session, was overshadowed at the capital to a general discussion of what action, if any, the assembly would take regarding the five expelled socialists, re-elected at special elections to fill their own vacancies. The socialists were found guilty of charges of disloyalty last April after a trial that occupied the attention of the assembly almost continuously from the opening of the 148th session.

Some members of the assembly who voted to oust the socialists have let it be known they have not changed their views, notwithstanding the re-election of the quintette. Some of them, it is said, are prepared to offer resolutions to deny the socialists their seats.

Speaker Sweet said they would be no formal conference relative to the socialists preceding session of the legislature. It was his intention, he said, to talk with individual members as they came in during the day and to this way mark a definite course of action.

As to his own views, he declared they were unchanged—that he believed the question was purely a partisan one.

The five socialist assemblymen appeared before the committee of state judges last week.

Scene in Lichow, Poland, after the anti-fascist party had been destroyed. The scene was greatly damaged by the recent earthquake.

## NEWS REVIEW OF CURRENT EVENTS

### Terrible Explosion in Financial District of New York Laid to Anarchists

### MAY BE PART OF HUGE PLOT

Republicans Say Notes Recall Progress Their Money in November—Attitude of Women Voters Significant—Car Approves Road's Plan for Road Court.

By EDWARD W. RICHARD

The explosion in the financial district of New York, which laid waste to a large section of the Wall Street district, was the result of a bomb which was thrown by an anarchist. The explosion occurred at the corner of Broadway and Wall Street, where the headquarters of the American Revolution are located. The bomb was thrown by a man who was seen running away from the scene of the explosion. The explosion caused the death of several people and the injury of many others. The damage to property was estimated at millions of dollars.

Of the political events of the week, the most interesting was the explosion in the financial district of New York. The explosion occurred at the corner of Broadway and Wall Street, where the headquarters of the American Revolution are located. The bomb was thrown by a man who was seen running away from the scene of the explosion. The explosion caused the death of several people and the injury of many others. The damage to property was estimated at millions of dollars.

## CONGRESS' ERROR STOPS PROJECTS

### WATER POWER DEVELOPMENT IS AT A STANDSTILL FOR LACK OF SUFFICIENT FUNDS

## COMMISSION IS HELPLESS

### Controller of Treasury Fails in Effort That It Cannot Hire Agents to Do Anything, Hence Licenses Cannot Be Issued.

By JAMES P. HONNADY

Washington—Water power development under the legislation enacted by congress last spring is practically at a standstill because the legislative body neglected to provide the water power commission with sufficient funds and for the further reason that it made it impossible to issue permits for proceeding with the projects which are the responsibility of that body.

Rapid development of the water power of the country was promised under this legislation. There was created a water power commission consisting of the secretary of war, the secretary of agriculture and the secretary of the interior. Congress appropriated \$10,000,000 for the use of the commission, and that amount was available to a ruling made by the controller of the treasury, that this money could be expended for two salaries only, the executive secretary and the engineer officer. The controller held that the work of the commission must be performed by and through the departments of war, interior and agriculture and their personnel.

This meant that although the commission might apply an executive secretary which it has done, it must have a staff of engineers and other technical personnel. It could spend \$10,000,000 for the executive secretary and his staff, but it could not spend a cent for the engineering and other technical personnel.

## CONDENSED NEWS FROM THE OLD NORTH STATE

### BRIEF NOTES OF INTEREST TO CAROLINIANS

### Greensboro—Organization of the North Carolina Retail Clothiers Association, was perfected at a meeting here of about 75 clothing dealers of the state. The new association is a branch of the National Clothiers Association.
