ATLAS

ATLAS PORTLAND CEMENT

THE last quarter century has seen a big change in things built—a change largely caused by building materials—a change from temporary to permanent structures.

The dynamo, the efficient factory, the modern home and farm would be impossible were it not for modern building materials.

The cement's structure safeguards money invested, safeguards life, and safeguards the property on which it is used. Through the last quarter century, used on all types of building, Atlas Portland Cement has come to be generally known as "the Standard by which all other makes are measured."

Was Very Weak

"After the birth of my baby I had a back-ache," writes Mrs. Mattie Crosswhite, of Glads Spring, Va. "I was very ill, thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took... medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE CARDUI

The Woman's Tonic

"I found that the Cardui of Cardui I was taking was 'knowing,'" adds Mrs. Crosswhite. "Six bottles of Cardui and I was cured, yes, I can say they were a God-send to me. I believe I would have died, had I not been for Cardui." Cardui has been found beneficial in many instances of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need."

The New & Better USCO Tire

with many improvements

The price remains the same

\$10.90

for the 30 x 3 1/2

WHEN USCO announced its new low price of \$10.90 last Fall, the makers were already busy developing a still greater "Use" value.

The new and better "Use" as you see it today—with no change in price—and tax absorbed by the manufacturer.

You'll note in the new and better "Use" these features—

Thicker tread, giving greater non-slip protection. Safer, so you will.

Weather's hand-drawn tire that will take longer than both canvas and cut.

The greatest money's worth of value in the history of auto tires.
