FARMVILLE TO HAVE WHOLESALE GROCERY

Big Brick Building to be Erected at Once. Firm to be Ready for Business Sept. 15.

Mr. J. A. Griffin, of Nashville, was in the city Wednesday and closed the deal for the purchase of a lot for the erection of a wholesale house in Farmville, bringing his contractor with him, who promises the building to be ready for occupancy by September 15.

The lot in question was purchased from Mr. T. C. Turnage and is located one block from Main street on the corner of Belcher street and Moore's Lane, an ideal location.

This is a long felt need for Farmville and no doubt the news of which will be gladly received by the business men here and in near by towns.

The style of the firm will be the Griffin Wholesale Co., and will be under the management of Mr. J. A. Griffin, a man of several years experience in this class of business. For the past five years he has been associated with the Nashville Wholesale Grocery Co. and will be ready for business Sept. 15.

The contract for the building has been let to the well known firm of B. W. Batchelor & Co., and will be under the supervision of Mr. W. H. Smith, a member of the firm.

In Memory of Little Eldrigie Creech.

On the 6th of July 1922 death came to the home of Mr. and Mrs. Dave Creech, and claimed as its victim, their oldest son Eldriggie.

Eldrigie was born April 22nd, 1912 and died July 6th, 1922, making his stay on earth 10 years 2 months and 14 days.

Early Thursday morning July 6th, just as the sun was rising, Eldrigie and his brother, Dalton, aged 7 years, were sent to a store for groceries about one mile from home, they were near the store when run over by an auto, driven by Mr. Hodgepath. They were victims of fast and reckless driving, Eldrigie was killed instantly, his neck being broken, and his body badly bruised.

Dalton was seriously hurt it was thought he could not live. But he is improving and it is the Lord's will I trust that he may recover safe and sound.

Eldrigie leaves father, mother, two brothers and four sisters to mourn for him, but their grief is not as those that have no hope, for we know that little Eldrigie is safe in the arms of Jesus, safe on His gentle breast.

There by the water of Everlasting Life no real shall pull.

Eldrigie was a kind, smart and obedient child, always willing to help, he was loved by all who knew him.

we can only point them to our loving saviour, who can heal all broken hearts. He has promised to be with us in all hours and to never leave us, nor forsake us.

The Lord giveth and the Lord taketh away, blessed be the name of the Lord.

The funeral services were conducted by Mr. Lawrence of the Presbyterian church and Mr. Rumley of the Methodist church and the body way laid to rest in Greene county at the family burial ground.

Asleep in Jesus, blessed sleep,
From which no one eve wake to weep,
A calm and undisturbed repose,
Unbroken by the last of foes.

—A Friend.

Presbyterian Mission Work Phenomenally Successful.

About four months ago the local Presbyterian Church began Mission Sabbath Schools at Carraway's School House, Lang's School House and King's X Roads. They faced many disheartening conditions but persevered. The results have been wonderful.

Carraway's has a steady attendance over sixty, a record that only two Farmville churches can boast and each of these is backed by a strong membership. The work at this place is very dear to the people of the community and will be worth much.

King's X Roads has an attendance of about thirty-five which is very encouraging. The first Sunday four months ago the attendance was only 18, but the school has never stopped growing. It is almost impossible to believe that last Sunday the attendance was 168, far greater than any of our Farmville schools. The people of the community are doing a wonderful work. Every morning man, boy and girl works and boost and prays for the schools.

Many people said it would be impossible to get one hundred their at one time. No contests or the like have been used. Everybody works together. This school is attracting much attention at Greenville and other places. Several Greenville people have come out solely to attend this school. People come from a distance every Sabbath. All denominations co-operate nobely.

The growth in four months from 18 to 168 or over 900 per cent increase is extraordinary. Many persons say they have the best Junior choir in Pitt County.

The school has a great future and is now the largest rural school in Pitt County and bids fair to be the largest in Eastern Carolina soon.

The progress of this work is quite remarkable when it is remembered that the Presbyterian is the youngest church of our city and is only a home mission church of 60 members on its roll, and with an approximate Sunday School enrollment of 400 it is impossible that any other town can boast of such a church in this respect.

Quite a number of Kinstonians spent the afternoon in Farmville Friday to witness the game of ball between the Haywaymen and the Farmers in the opening game of the second half.

(Anaconda Sta Co. Chamber Commerce)

In his talk recently, H. C. Mobley of the Agricultural Extension Department of the International Harvester Company, used the above chart with telling effect.

"To harness a cow and a hen and a hog to furnish farm power would be a huge joke to most of us," said Mr. Mobley. "That was the way it appeared to a school boy at one of my meetings. When he saw the chart, he laughed aloud and said, 'That kind of a team isn't worth much.'

"Thousands of us have the same idea, but it is a mistaken idea. The patient cow, the industurious hen, the fast growing hog, produce results that are astonishing. Each year this team produces for the farmers, approximately $4,450,000,000. If this amount were equally distributed among our six and one half million farms, it would give each farm $700 a year.

"From the standpoint of production this is the most powerful team a farmer can use. I have never known a farmer who used

cent increase is extraordinary. Many persons say they have the best Junior choir in Pitt County.

FINGERPRINT BOSSY'S NOSE

Gone are the days when the old farmer with his sizzling iron stamped the brand of Circle X on his steers. No more will bossy have to submit to a painful week as an owner's brand of her hip heals. Because it has been discovered that a cow's nose, like human finger tips are no two alike. In the east, dairymen are inking bossy's nose—finger-printing her as shown in the picture—and filing the identification prints for any future needs.

THE CHILD'S ENEMIES

Quarantine regulations should begin at the home of the child. Every year thousands of children have been born in the United States to the past fifteen or twenty years, who have died because of criminal, domestic and municipal neglect.

We belong to the brass band possession in world of superficiality. We are excessive talkers, but are rather meagre in labors of worth-while investigation.

We have the drudgery of patient, toiling investigating for the protection of our children. We have shamefully neglected the child prior to birth and immediately following his entrance into the world.

We are perfectly willing for Congress to vote millions of dollars to quiet diseases now destroying our hogs, sheep, cattle, and horses, but we have spent one hundred years preventing Congress from voting an appropriation to exclude not the diseases destroying our children.

We are perfectly willing for Congress to provide appropriation from

which we can get financial benefit, but we pay scarcely a Congress goes to

We are sounding trumpets and consecrating governments. Many millions of

efficient work we are doing along lines of sanitation, but we are doing practically nothing to eradicate the great venereal diseases that are affecting and staining ninety-two per cent of the population of the United States.

There is a continuous stream from the cesspools of society flowing through the yards and municipal governments of this country poisoning the lives of our children and staining the characters of our boys and girls.

Before we used antitoxins in diphtheria five out of every ten died. Now, with the use of antitoxins only one out of ten die.

People who fight vaccination and other methods by which children are made immune to disease are the enemies of our children. They are the curses of society and they ought to be incarcerated.

The time has come to spend any amount of money that might be necessary to give to this land boys and girls whose bodies and minds are absolutely perfect.

SECOND HALF NOW ON WITH 'COME HITHER'

The Farmers Get a Start That's Going to Win, if They Hold It. Defeats Kinston 4 to 0 in Opening Game

In the opening game of the second half of the Eastern Carolina League here Friday the Farmers presented the Kinston Highwaymen with a total of 9 goose eggs not a one of them being able to get closer to rubber than the half way station at second base.

Gibson did the twirling for Farmville and although allowing seven scattered hits, he seemed to have them completely within his power, for occasionally he would allow a man to get as far second and then would tighten down on them. To say that he pitched a wonderful game is putting it in mild form.

Evans for Kinston also pitched a good game, but bunched hits by the Farmers together with bubbles by the Highwaymen they managed to send four safely across the rubber.

Johnson for the locals started with the willow, while another

Young People's Missionary Society of First M. E. Church Entertain in Honor of Mesdames Benson and Finch.

On Tuesday evening at Annie Park the Young People's Missionary Society of the First Methodist Episcopal Church informerlly entertained in honor of two of their former leading members Mesdames Finch and Benson.

The party arrived at the park about 6:30 p. m. For a time boating and bathing were enjoyed.

About eight o'clock a delightful luncheon, composed of all kinds of delicacies, was served in picnic style.

Other forms of amusement were indulged in in the evening. The pleasure seekers were back in town at ten o'clock having spent an unusually delightful evening.

Pitt County Medical Society Met in Regular Session July 13.

The Pitt County Medical Society, with an unusually interesting program, met in regular session July 1st, at 7:45 o'clock, at the Rotary Club rooms, school building, Drs. Beasley and Morrill hosts. Special guests were Supt. Wheeler, Dr. Dickinson of Wilson, and Dr. Hodges of West Virginia.

Card of Thanks.

We wish to express to our friends in those who were so thoughtful and kind to us in the hour of our bereavement our sincere thanks. May God be richly rewarded by Him who rewardeth all.

Mr. and Mrs. J. C. Poland.

Uncle John

HOT DAYS—HERE AND THERE

We sweltered this afternoon, and another on the porch. Old Sol is rapidly reaching with his pesky little torch! But soon, Cecil will have another to play if the twilight breeze, that was a-stirring, doesn't hurry! Is there hotter days than these? There's no use to talk about the weather today, on the old farm, there's no interest that I hate to write to you—But they tell us it is real cool up on the shores of pretty Tar and where they can splash and paddle!

Perhaps was a kind, smart and obedient child, always willing to help, he was loved by all who knew him.

Dalton was seriously hurt it was thought he could not live. But he is improving and it is the Lord's will I trust that he may recover safe and sound.

Eldrigie leaves father, mother, two brothers and four sisters to mourn for him, but their grief is not as those that have no hope, for we know that little Eldrigie is safe in the arms of Jesus, safe on His gentle breast.
