## Mr. W. B. Oneal Profits by Having Disability Ins.

On October 14th, 1919, I wrote Mr. W. B. Oneal, who lives on Mr. W. C. Joyner's farm, a \$2,000.00 Life Policy with disability clause. He paid one premium and became disabled from an attack of the "Flu". He has been drawing regularly \$20 per month since his disability and payments will continue during life or as long as he remains disabled. The policy remains in force without payment of premiums and at death the family will receive the face of the policy, \$2,000.00.

The Life Insurance Company of Virginia, will give you the same protection at low net cost.

HE only ship that comes to those who sit down and wait is a receiver-SHIP.

DONT  
WAIT

To young husbands and their June brides we pen these lines in the effort to render service and prove our good-will and sincere friendship.

Waiting for your ship to come is in reality time wasted. If your home is to be happy and successful it will be necessary to start the very first day to make it so.

There is peace and happiness in the voyage on the sea of matrimony if young people heed and profit by the experiences of those who know best how to steer the good ship "Home" in the hours of storm.

New responsibilities are now yours. It is necessary you have the vision to prepare during the days of smooth sailing for the days of storm. You can do this in one way only and that by creating a surplus in material ways.

You know your income. Let your outgo be less. Bank the difference—maybe in a saving account which will draw 4 per cent interest. Its a simple rule, isn't it? It insures a peaceful voyage. Try it.
