THE BANK OF FARMVILLE

Farmville's First Financial Institution With Resources of One Million Dollars Established 1904

The value of modern financial institutions to a community cannot be overestimated especially one which has carried out successfully for nearly two decades policies which have resulted in the upbuilding of a great community and whose influence has been felt in the expansion of an entire section.

Such is the record of the Bank of Farmville which since 1904 has been a power of strength in the financial business world and has been the means of centralizing in this section a great mass of commercial activities largely responsible for our present growth and prosperity.

Just how strong the Bank of Farmville has grown in the confidence of the people is illustrated by the fact that its total resources are a million dollars. The history of this institution has been one of which its officers, directors, stockholders and depositors may be justly proud.

Since having become established in their new home which is one of the most modern banking houses in the State this institution has not only carried its service to this section but throughout the entire country.

The officers of the Bank are President, R. L. Davis, Vice-Pres. J. R. Davis, Cashier, D. E. Oglesby, Asst. Cashier, J. M. Stancill.

Mr. R. L. Davis is one of the wealthiest citizens of Pitt County and is the owner of more than 7000 acres of farm lands in addition to being at the head of R. L. He is a public spirited progressive citizen, a man who has worked untiringly for the upbuilding of this section and has always been found ready and willing to throw his influence and support to any movement for the up building of this community.

Mr. J. R. Davis, has been connected with the bank ever since its establishment, first as Cashier and now as vice Pres. He is also actively connected with the firm of R. L. Davis and Bros.

Mr. D. E. Oglesby has been Cashier of the Bank for the past four years, is a progressive young man of wide experience in the Banking world, and one whose fitness and judgement in financial matters has been demonstrated by his successful management of the affairs of this great institution. Mr. Oglesby, holds the confidence of the community and the patrons of this Bank, and his judgement in financial matters is frequently sought.
