A decision of much interest to the farmers of this section was handed down Saturday in the Superior court in Greenville by Judge J. F. Dixon and Andrew Turner, of Greene county.

Woman's Hair to Match Hats Now Fashion Decreases

New York, Sept. 15.—Women, this winter, will be changing their hair just as they do their hats, to match their gowns.

Mme. Why should the well dressed women change her hair to fit into the color scheme of her gown? Mme. Louise said.

The Life of Christ Great Production

At School Auditorium Next Monday. Auspices Parent-Teachers Association.

On Monday, September 24th, the people of Farmville and vicinity will be given an opportunity to witness one of the greatest productions ever filmed. Arrangements have been concluded by the Parent-Teachers Association of the Farmville Schools to have the motion production, "THE LIFE OF CHRIST", presented at the School Auditorium Monday, September 24, at 8 o'clock P. M.

This is one of the most celebrated productions appearing on the screen and is highly regarded by the public everywhere. It is based on the famous Oberammergau rendition of the Passion play and portrays beautifully and impressively the life of Christ, beginning with the Annunciation and continuing through the Assentation.

"THE LIFE OF CRIST" comes here highly endorsed and recommended by reliable parties and special attention is called to the fact that the picture contains absolutely nothing denominational. Churches of various denominations have sponsored and endorsed its showing.

An appropriate and impressive musical accompaniment is being arranged, which will add greatly to the impressiveness of the production.

The churches of the city are asked to co-operate, inasmuch as, according to those who have witnessed it, this exhibition is uplifting, instructive and in many ways beneficial to those who see it.

Incidentally, according to well founded information, the company from Atlanta, Ga., engaged to present this production, has a first-class equipment, consisting of two motor driven machines, standard size screen, a direct current generating plant and an experienced operator. The sign is said to be in good physical condition.

This is an unusual opportunity and the public is urged to take advantage of it.

The quartette composed of Messrs. W. G. Sheppard, D. E. Hill, Moses Moore and Dwight Homes will render several selections during the evening.

The contest is open only to members of the public school teachers organization for the year 1923-24, according to the regulations which place Feb. 15, 1924, as the time limit of the contest.

A list of 51 suggested subjects accompanied the rules and regulations of the executive committee. However, it was stated, "The teacher may select any subject within the educational field, provided of course, the subject affords an opportunity for real study and will give the teachers of the state information based on serious study of facts. Contestants should not express opinions or deal in theories unless their opinions and theories are backed by facts obtained from study and research, according to an explanation of the rules and regulations, and the purposes of the contest."

Corporation Commission Critized by Grand Jury

Report Alleges That Commission Was Lax In Enforcing Banking Laws of State.

Wilmington, Sept. 15.—(By Associated Press)—Severe criticism of the State Corporation Commission formed a part of the report of the New Hanover grand jury returned here this afternoon. The grand jury took occasion to censure the commissioners for alleged laxity in enforcing the banking laws of the state.

The report referring to the indictment which had been brought against Thos. E. Cooper and J. C. Rouark, president and cashier respectively of the defunct Liberty Bank, said that it was apparent that the commission had "been extremely lax in the performance of the duties imposed upon them under the banking laws of 1921 session of the General Assembly of North Carolina."

The report further stated that the commission members "have made themselves liable to severe criticism at least for condoning the irregular acts of the officers of the above mentioned bank, and by permitting the situation to continue which they have power to correct."

The report said he would see that certified copy of it was sent to the commissioners at Raleigh.

Get Your Entries in Early for The State Fair

Raleigh, Sept. 17.—Believing in the old adage that a stitch in time saves nine, Mrs. Elizabeth Vanderbilt, president of the State Fair, which will be held October 15-19 inclusive, announces that all entries for the livestock and poultry divisions must be in by October 6.

Preparation for starting the Fair off in apple pie order shape on the opening date are now under way, and one of the important things that must be attended to is getting the exhibits lined up before hand. This is necessary in order to have the judges start in early in the week.

All entries should be made to E. V. Walborn, whose postoffice address is State College Station, Raleigh, and they should be made early to insure having them properly entered before the Fair gets under way. Running a State Fair is no little job, and present indications are that it is going to be bigger this year than ever before.

Some of the exhibitors have already started getting their exhibits installed, but, of course, they are the ones who are planning to put in elaborate exhibits of machinery. The majority of the exhibits will not be put in until the week before the Fair.

It's going to be a great Fair if hard work and substantial prizes count for anything. The Raleigh Chamber of Commerce has put itself behind a great homecoming proposition, and it is planning to run a special train thru the central part of the State in October to tell the people about it.

Bigger and better than ever before is to be the reality this year, the management states, and this means it'll be time to begin thinking about getting in exhibits.

Formal Opening Com. Hospital

Friday Sept. 21st An Important Event in History of Greenville Pitt and Near Counties.

The formal opening of the Pitt Community Hospital Friday, September 21st was an important event in the history of Greenville, Pitt and adjoining counties.

There was abundant proof of the high value with which people regard the new institution. Cordial support and approval of its splendid equipment were voiced by more than 800 friends who called during the evening.

That Pitt county believes in its new institution of healing was evident. There is no way in which a community can be more benefited than in the establishment and continued maintenance of a hospital. It comes second only to churches as a moral and physical endowment of a community and its economical value is incalculable.

It is no exaggeration to state that every dollar expended for

the construction, maintenance and operation of a hospital is an investment in dollars and cents but in our more permanent and valuable assets of greater happiness, progress, health and comfort.

For years the need of such an institution has been far more pressing than the people of the county realized. Pitt has been distressingly backward in providing a place for its sick. At last the beginning of a far sighted policy is to be realized. This community is to be congratulated in now having a hospital with a future of which an intelligent and progressive people may be proud.

Officers of the corporation include: President—Dr. E. T. Dickinson; First Vice President, Dr. C. O. H. Laughinghouse; Second Vice President, Dr. W. H. Dixon; Treasurer, Dr. K. B. Pace; Secretary, Dr. W. L. Wooten; Directors: Dr. E. T. Dickinson, K. B. Pace, Dr. C. C. Garrington Ayden, Dr. E. T. Dickinson is supervisor of the hospital—R. L. Keel.

Miss Keel Entertains

One of the prettiest parties of the fall season was given Saturday afternoon at the Wayside Tea Room when Miss Nell Keel entertained the members of the Progressive Bridge Club and a few invited guests.

The unique tea room was artistically decorated with autumn flowers and quantities of marigolds made a colorful scene.

As the guests arrived they were welcomed by the hostess and served hot tea and cheese rolls.

Four tables of auction were arranged and the high score prize a lovely hand painted set of salt and pepper, was won by Mrs. Jack Smith's recent bid.

Apricot ice and yellow iced cakes helped to carry out the color scheme of yellow and white and miniature Japanese parrots made attractive favors. Mrs. Travis' lovely and well planned and entertaining luncheon.
