"THE ENTERPRISE" LAUNCHES BIG CIRCULATION DRIVE

New Hudson Super-Six Coach
and Latest Model Ford Coupe
Among the List of Handsome
and Valuable Prizes.

CONTESTANTS, GET BUSY.

With a stupendous prize list, the like of which has never been offered before, The Farmville Enterprise makes formal announcement today of its "CIRCULATION DRIVE," in which \$3,000.00 in automobiles, other prizes and cash commissions will be given away absolutely free.

A full page announcement in today's issue of The Enterprise gives the details of this gigantic project. The automobiles are all of the latest 1924 model and the list contains some of the most alluring and attractive prizes imaginable.

\$1525.00 Hudson Coach

The Prize List is headed with an elegant brand new 1924 model Hudson Coach, with a latest model Ford Coupe as second prize. Elegant motor cars and hundreds of dollars in cash will be awarded the friends and readers of this newspaper in exchange for their efforts during spare time in a six weeks' drive for increased circulation.

Prize

Now they are: \$1,525.00, Hudson Coach; \$606, Ford Coupe; \$500, introduction to the motor-loving public. Next in line comes the well known Ford Coupe, \$606 delivered in Farmville. Both of these cars are of the latest 1924 model and will be awarded to the successful workers free of cost of one penny to them. All will be rewarded for the part they take in the work of increasing the subscription list of The Enterprise,asmuch as those who do not win one of the regular prizes will be paid a cash commission of 10 per cent upon all money collected by them.

Spare Time

All one is expected to do to earn one of these valuable prizes is to devote their spare time to the business of securing subscriptions from those who are not now taking The Enterprise and collect money from those who are already subscribers. Easy, isn't it?

The word "circulation" is at the present time the biggest word in the American vocabulary and the how to make it possible to own a good one has perhaps long been the desire of many folks. Those who have automobile are now contemplating the ownership of bigger and better ones. Those who at the present time do not possess a good automobile are more than likely laying their plans for one in the near future. Here is the opportunity to own a good one, a real good automobile—the cream of the American automobile market today—and without the expenditure of anything save a little effort during spare time—the time that would be otherwise wasted.

A Business Proposition

In offering such valuable rewards to those taking an active interest, The Enterprise is not playing the roll of a schemer—but it is a business proposition pure and simple. The \$3,000.00 worth of automobiles and cash prizes will be given away for well directed effort upon the part of the "Circulation Drive" workers, and the basis upon which they may be secured, and the awards themselves, assure each and everyone taking part that their efforts will bear fruit to the fullest extent.

Partly Done

Everyone who has taken an active interest in this movement when he makes the decision next sees him of success—or fails him as to failure. The world is full of those who have been beaten that never seem to learn the lesson of failure. But let him see what meets the eye—opportunities and chances for further transformation in his fortunes. The moment he decides for or against a career, ability—whether he will succeed or fail—will decide the whole future

course of his life.

The main thing in this campaign is to get an early start in the race. It means everything to those who have ambition and a desire to succeed, so the first thing and the main thing to do is to enroll your name as an active worker in the Circulation Drive and then get out among your friends and acquaintances and tell them you want their subscriptions to The Enterprise. Look up the full page advertisement in today's paper and acquaint yourself with the good things offered and while it is fresh in your mind reach for the shears and clip out the nomination coupon, fill it in with your own name or the name of some friend you wish to have an automobile and send or bring it to The Enterprise office. If you cannot call at the office personally, use the telephone 14, and the required receipt book and supplies will be forthcoming.

Rules Governing The Enterprise "Circulation Drive":

Any white person who is of good character and a resident of one of the sections comprising the territory in which The Enterprise circulates, is eligible to join The Enterprise Circulation Drive.

Anyone can fill out the Nomination Coupon for themselves or for anyone else. The Nomination Coupon is good for 5000 votes. Only four Coupons will be accepted for each member.

Nomination Coupons may be secured upon request or may be shipped from any issue of The Enterprise.

Reduced rates have been offered by all railroads for the Fair which opens Monday morning and continues through Friday. For those coming by automobile there is no charge for parking cars and those desiring to camp out will find a camping spot within the grounds if they bring along their camping outfitts. Roads in the vicinity of Raleigh are reported as being in first class condition.

The Fair will get under way Monday October 15 with the finest array of exhibits in its history, according to General Manager E. V. Walborn, who is working night and day to get them lined up. Every kind of industry in the state will be represented while government and live stock displays are declared to be the best in the history of the institution.

Rotarians will give out a last minute call to those desiring to make entries in contests and have not done so to mail them at once. She says this is important.

There is only one way of securing vote credits: By securing paid in advance subscriptions, or renewals to The Enterprise.

Cash must accompany all subscriptions where votes are to be credited.

Contestants may secure votes and subscriptions anywhere they choose. They are not limited or restricted to any one section.

Contestants should enter in their subscriptions as best as they are secured, so that the subscribers may receive their paper at the earliest possible moment.

A subscriber once turned in by a member and extended at any time during the campaign or drive beyond the time it was originally turned in for, will have the same vote value as though the full subscription had been turned in originally.

All matter printed elsewhere relative to the campaign in today's issue is hereby made a part of the rules and regulations governing The Enterprise "Circulation Drive." Any question that may arise during the "Circulation Drive" will be decided by the Manager "Circulation Drive" and the decision of The Enterprise will be final.

The judges awards are final and in no instance will a commission be paid in lieu of a prize.

A list of the contestants names and the number of their votes credited for publication will be printed from time to time through the entire period of competition.

No distinction made by any angleman or any other person varying from the rules or statements published in The Enterprise will be recognized by the Manager. In order to qualify for the contest, each participant must be a member of The Enterprise "Circulation Drive."

WALTON OFFERS TO RESIGN, IF

Says He Will Quit If His Anti-Klan
Bill Passes

Oklahoma City, Okla., Oct. 10.—According to recent reports Governor J. G. Walton has offered to resign to prove his good faith in his fight against the Ku Klux Klan in Oklahoma if the legislature at its forthcoming session will enact an anti-Klan law which he will submit to the lawmakers.

Challenging opponents of his administration whose battle cry has been "We want neither Klan nor King," the executive issued a statement addressed to the people of Oklahoma, declaring:

"When this bill becomes a law it will rid the state of the Klan and I will resign the office of governor immediately thereafter. In this way the people will be protected from the Klan and peace and harmony can be restored to the state."

Briefly the governor's bill prohibits the use of the mask by secret organizations in Oklahoma and provides that all such orders shall file complete membership lists with the regularly appointed civil authorities.

If his proposition is not accepted Governor Walton declared he will decide further how "we must proceed to protect ourselves from this organization of masked marauders, who have practical control of the judicial and police powers in the principal cities of the state."

BETTER PRICES RULE ON LOCAL TOBACCO MARKET

Ready Demand for Better Grades;
Growers Are Well Pleased

While the receipts on the Farmville tobacco market for the last several days have not shown increased volume, that action is offset by the better prices being paid for the better grades.

Challenging opponents of his administration whose battle cry has been "We want neither Klan nor King," the executive issued a statement addressed to the people of Oklahoma, declaring:

"When this bill becomes a law it will rid the state of the Klan and I will resign the office of governor immediately thereafter. In this way the people will be protected from the Klan and peace and harmony can be restored to the state."

Another indication that Farmville is maintaining increasing popularity as a market is shown by the number of growers who are selling here for the first time. Many of them are bringing tobacco from distant points, holding that price offered and facilities provided by local warehousemen are well worth the trip.

These farmers from bordering counties and states were here, explaining that it was the first time they had visited Farmville, expressed themselves as highly elated over the market and the splendid treatment accorded by warehousemen. They stated they came on the strength of statements of other growers of their sections who had become regular patrons of the Farmville market.

Rotarians Have Best
Meeting on the Year

N. C. STATE FAIR BEGINS OCT. 15TH

Last Tuesday night was visitors night with the local Rotarians and an enthusiastic meeting was held in their club room.

Master Chas. Porter, of Greenville; V. L. Cain, of Wilmington, and Rev. A. G. D. Noe, of this city, were cordially welcomed and entertained with club songs during the supper hour.

Something different, but interesting and educational, was questionnaire on the subject of the present conditions.

Reduced rates have been offered by all railroads for the Fair which opens Monday morning and continues through Friday. RAILROAD STOCK- HOLDERS SITTING IN CLOVER SAID

Official Federal Records Disclose Facts and Show How We Protect Rail Investors' Corporations and Guarantee Returns on Investments.

Written Specialiy for The Enterprise
By WILLIAM E. SHEAKER
Through Anteater Service

Component parts of railroad corporations in the United States doing an interstate business were built under state charters of the states in which they were constructed and subject to charter and laws of each state. These charters fixed the maximum charges for transportation and limited issues of capital stock and bonds for additions and improvements. There are no Federal railroad charters existing, except that of the Texas and Pacific which was incorporated in 1871.

The state charters gave to the railroads the right of eminent domain, under which lands needed for their purposes were seized and condemned. This right of eminent domain was based on the principle that the right of the public at large is superior to that of any or all individuals. It was granted to railroad corporations because railroads were being built to serve the public at large.

The Interstate Commerce Commission recently stated in writing to the writer, that all the capital stock, amounting December 31, 1921, at par to \$3,935,997,143 on class I railroad corporations handling 95 per cent of all its transportation, is owned by 752,927 individuals, or seven-tenths of one per cent of our population.

99.7 per cent of our population, the producers, consumers and the public at large, are not stockholders.

No reasonable exception can be taken to the number of stockholders.
