COTTON PRICES MOVE UP \$7 BALE ON NEW CROP FORECAST

November Forecast is Three-Quarters of Million Bales Less Than of October, With Figures 10,248,000; North Carolina Shows Largest Production of Any the Southeastern States; Texas only State with Larger Production.

According to news despatches, old King Cotton jumped today over 100 points on the New York market on account of the department of Agriculture's forecast of 10,248,000 bales. Prices jumped \$7.00 a bale within ten minutes after the report was issued, making a new high level. New Orleans went up as high as \$8 a bale above former prices. World stock of cotton at the close of the cotton year, July 31, was very low, the department of commerce reporting holdings of 6,400,000 bales as compared with 9,536,000 bales on July 31, 1922. The report was the first of its kind ever issued in November and had been awaited with intense interest by the cotton world in view of the scarcity of cotton.

Fine Record is Shown by the F. High School

The basketball season is near. The people of Farmville might be interested in the school's prospects for the present season. The past season's records are as follows:

| Nashville | 17 |
| Total | 226 |

The above record shows up fine when one takes into consideration the fact that the students had never played basketball before.

We are entering another season with new material; these are only three old boys back in school. However, Thomas Taylor, Curtis Flanagan and Hugh Skinner are working daily in order that they may fill the place of Ed Nash Warren, who graduated last year. Right Barret, Bert Hardy and Marion Shirley are striving to show Donald Lovelace a thing or two in guarding, but the "two-man guard" only smiles and demonstrates to the new men his acquired...

The old men, Leroy Parker, Don Lovelace and Robert Lang, are getting in ship shape in order to retain their old positions, and to be able to help defeat Ayden, Fremont and Nashville, the only teams which have not tasted defeat from the Farmville quintet.

We are planning to have a team this year which will make a creditable showing in the state championship series which begins after Christmas. Come out, encourage, support and yell for the team of Farmville high school. The first game of the season will be on November 9, in Knott's warehouse. The opposing team will be Nashville. Be there and see our boys play in mid-season form.

WOMAN AND A WATER DROP COUNTING FORD CHICKENS. STARVING CHILDREN. THE SHAH DIDN'T CARE.

County Clerk Neidorf of Michigan issues with each marriage license "Ten Rules to Insure Happy Married Life." Here is a sample: "Keep up the courtship period. Go 50-50 on the money and 50-50 on the love. Don't live with relatives, or keep boarders. Don't be a tightwad." Such rules mean little. Every man knows that one drop of salt water, judiciously studied, will tell you all about the Pacific ocean, which is simply a collection of so many drops. Marriages would last longer if men realized that each woman is to all women what a drop of salt water is to the ocean. Study, analyze, interest yourself in the woman that the Lord has assigned to you. One is enough, and has within her, if you will look for it, everything that you would find in ten thousand.

Democrats, counting chickens even before the eggs are laid, say that Ford, running independently, will take so many farmers from the republican party as to make democratic victory certain.

Democrats forget that Ford's chief plank will tell of the wonderful things to be done for the south, if Muscle Shoals.

Ford would draw farmers from the republican party, but he might also break up the solid south, elect himself, and leave Messrs. Coolidge and McAdoo wondering what happened.

Renew Fight As to Freight Rates

Meeting of Wilson, Rocky Mount and New Bern Business Men Was Held in Rocky Mount Yesterday. Rocky Mount, Oct. 29.—That the efforts of Old Dominion shippers to re-open the Virginia rate case, in which the Interstate Commerce Commission gave a decision favorable to North Carolina several years ago, have already drawn fire from Tar Heel business interests is indicated by a meeting of local business men and representatives from New Bern and Wilson, which is being held at the Chamber of Commerce offices this afternoon.

Senator Curtis From Kansas Has a Bright Idea. Washington, Nov. 1.—Congress could reduce taxes at the forthcoming session even though earlier bonus legislation is enacted, Senator Curtis of Kansas, republican whip of the senate and member of the finance committee, said today after a day's work in the senate.

SEIZE ENOUGH HOOD TO STEW GREENSBORO

Greensboro, Oct. 30.—Guilford county deputies late Monday afternoon made a trip in Summer township and got the most liquor ever captured in a raid in the county, 100 gallons of corn whiskey and 250 gallons of wine. It was poured out, it was found in the cellar of a feed house in 53 barrels. No arrests were made, as there was no one at the place.

State to Return About \$70,000

Clerks in the office of Motor Supervisor Joe Sawyer will Tuesday make plans for returning to some seventy thousand automobile owners in the state a check for \$1.00 which sum is held by Judge James S. Manning, attorney general, to be an overcharge for the registration of titles. The attorney general, in a formal opinion which reached Secretary of State Barrett Tuesday morning, held that the charge of \$1.50 for a certificate of registration is not contemplated. The lawmakers fixed a fee of 50 cents and provided that the certificate should be issued under a state seal. For this, Secretary Everett, after consulting the council of state, fixed an additional charge of \$1.00, making the total of \$1.50.

Grand Jury Report Commends Judge Horton

To Honorable J. Loyd Horton, Judge Presiding. We, the Grand Jury for the October term of Pitt County Superior Court, beg to submit the following report: First: We have passed on all bills presented to us, except those in which we were unable to secure witnesses and have submitted said bills to the court. Second: We have visited the offices of the Sheriff, Clerk of the Court, Register of Deeds, and the County Auditor, and we find these offices in good shape, the records being well and neatly kept. Third: We visited the county jail and found the same in good condition. We found one prisoner ill with pneumonia, he being confined in the cell with other prisoners, and we recommend that provisions be made whereby sick prisoners can be isolated when necessary. Fourth: We visited the County Home and convict camps and found them in splendid condition, with the exception of convict camp No. 12, which camp is not kept up to the standard of camp No. 1. The Grand Jury heard with pleasure that the docket will be cleared after Thursday's calendar has been tried, and we wish to commend Judge Horton for the expeditious manner of handling the business of this court and for the fair and impartial manner in which he deals out justice. We wish to thank the presiding Judge, the Solicitor and all court officers for the courtesy extended to us in our work as grand jurors at this term. Respectfully submitted, H. A. WHITE, Foreman.

Pays Homage to Native Son

Five hundred, we understand, members of their association and the members of Mr. Jacob S. Allen, their president, paying homage to one of their Revolutionary heroes today under unique circumstances. A pilgrimage is being made to Kufpsville, in Montgomery county, and services will be held in the little Memorial Church, to the honor of General Francis Nash, whose body lies in the burning ground near by, his grave marked and honored by generations of Pennsylvanians for 145 years, and for many years distinguished by a stately monument erected by a people who were neither of his kind or kin. Only a few months ago Mr. Allen, accompanied by Colonel Benjamin Cameron of Starville, North Carolina, a grand-nephew of General Nash, sought out his grave and conceived the thought that it would be a fitting honor for the Sons and Daughters of North Carolina to render their ancestral hero by this pilgrimage.
