Teach Bible in
New Hanover
High Schools

Board of Education Met And
Adopt Resolutions Following
Conference With Pastor.

Wilmington, June 10.—Provided a
comprehensive plan of co-operation
between the churches and schools can
be satisfactorily worked out, Bible
study will very probably be added to
the high school curriculum next year.
Tentative agreement to this effect
was reached at yesterday's meeting
of the board of education when resolu-
tions were adopted following a confer-
ence between board members and the
Rev. Dr. William H. Milton, rec-
tor of St. James' Episcopal church.

The resolution covering the ques-
tion was drafted by Major W. A. Gra-
ham, school superintendent, and of-
fered by Thomas E. Cooper, with the
understanding that Protestants, Jews
and Catholics alike would each have
their ministers or some member of
their faith teach their respective
faith and that neither would be re-
quired to take the course under the
direction of another.

The resolution was passed by
Messrs. Cooper and Sprunt, subject to
the approval of Herbert McClammy,
board chairman. He arrived a few
minutes later and said that every-
thing that had been done met his ap-
proval.

Epworth League
Assembly Morehead
City, June 16-21

Delegates From Each and Every
Chapter in the Conference
Will Be There

The Epworth League is one of the
most vital factors in the life of the
church. Leaders of this work are
realizing it more and more each year.
They are trying to provide for the
saving of the youth of the church by
helping them understand something
of the truth of life. The big work
of the year is done at an annual as-
sembly.

The Epworth League board of the
North Carolina Conference this year
will hold its assembly at Morehead
City, the week of June 16-21. Dele-
gates from each and every chapter
in the conference will be there. They
will have a wonderful time. There
will be class work, hours for recrea-
tion, swimming, hiking, etc., and also
big addresses by several big men of
the United States. Dr. Dan Brum-
mitt, of Chicago, and Bishop Ross, of
the M. E. Church, South, and also
others are some of the speakers.

The church is calling its young
men and women to attend this assem-
bly. The only expense will be rail-
road fare, and hotel room and board
which will be only \$2.00 per day.

You are in the New Bern district.
New Bern district wants to lead in
everything that happens at the as-
sembly, enrollment and everything.
And the district secretary is anxious
that there be at least one delegate
from each and every chapter in the
district registered at the Hotel Atlan-
tic next week. If you are not a mem-
ber of any chapter, and are interest-
ed in the Epworth League, come to More-
head anyway. You shall be wel-
comed.

PRESBYTERIAN CIRCLES
ENJOY JOINT MEETING,
MISCELLANEOUS SHOWER

Circle No. 1 of the Women's Aux-
iliary, Presbyterian, met with Mrs. T.
C. Turnage Monday afternoon when
a study of "Mission Schools" was led
by Mrs. R. A. Bynum.

Circle No. 2 met with Miss May
Joyner at the same hour when the
study of "Power" was engaged in.
Miss Nannje Bryan Parker led the de-
votional exercises and gave the topic
talk followed by an article, "Our Re-
sponsibility Toward the Negro," read
by Miss Ellen Lewis. Mrs. John
Stancil talked about Home Missions
and Miss Christine Smith read a se-
lection, "The Power of Prayer." Two
new members, Mrs. Durward Smith
and Miss Christine Smith, were wel-
comed into the Circle at this time,
and Mrs. Hobgood Stark who has re-
cently returned from an extended vis-
it in Georgia, was warmly greeted.

After the meeting had adjourned
the members repaired to the home of
Mrs. Turnage to join Circle No. 1 in
a delightful social hour and miscel-
laneous shower given in compliment
to Mrs. N. N. Fleming, Jr., wife of
the pastor.

Cut flowers tastefully arranged
were used as decorations and refre-
shments consisted of delicious tut-
ti frutti ice cream, cake and salted
nuts.

The showed of gifts was arranged
on a large tray with an exquisite cor-
sage of sweet peas on top and was
received with great surprise and del-
ight by the honoree.

TYPHOID FEVER

In a recent newspaper article at-
tention was called to the fact that ty-
phoid fever exists in a number of
places in the county. It seems to be
a rather severe type and already there
has been three deaths. People of
Pitt county, you who are land own-
ers and have a large tenant popu-
lation living on your farms, I, as
health officer of the county, appeal
to you in the name of humanity,
bestir yourselves and get your peo-
ple protected against the disease
which takes so much time from work,
causes so much suffering and so
many deaths. Your family physician
will advise you in regard to taking
the treatment, or you can get it
from the health department. We will
also help you to arrange a clinic in
your town or neighborhood. Please
help in preventing disease in Pitt
county.

PITT CO. HEALTH DEPT.

MAGAZINE CLUB

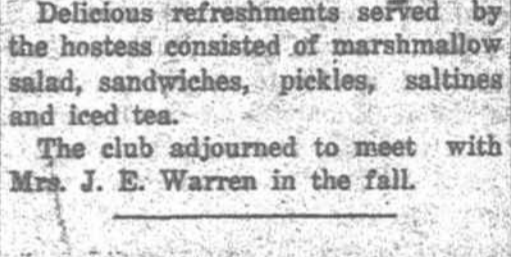

The Magazine Club was delightfully
entertained by Mrs. W. M. Willis
on Wednesday of this week. The
rooms were very attractively decorat-
ed with cut flowers.

The program for the afternoon con-
sisted of two selections, the first,
"The Widder Malone," by Chas. Levy,
was read by Miss Perkins, and the
second, "The House of Loneliness,"
by Mrs. J. Bryan Grimes, was read
by Mrs. J. Y. Monk. Interesting clip-
pings were read by other members.

Delicious refreshments served by
the hostess consisted of marshmallow
salad, sandwiches, pickles, saltines
and iced tea.

The club adjourned to meet with
Mrs. J. E. Warren in the fall.

Phoned Picture
From Convention

Above is shown C. Bond,
District Secretary in the Presby-
terian, and Congressman Nicholas Long
with in his Presidential home
with his wife, at the Christian
Convention. This picture was
phoned in from New Bern
last week and was on New
Bern radio last night and how
many things in Elizabeth.

This Week

FORD IN FLORIDA.
5 BILLION CIGARETTES.
THE POST OFFICE PAY.
"McADOO AND SMITH"

Henry Ford has bought a great
deal of land in Florida, including a
country seat and a good many build-
ings. He gets wood for his cars
from forests in the North. He
will pay it in salt, establish rubber
plantations in Florida to supply
material for his tires.

"Post payment to consumers" is
his motto.

WALTON, FLORIDA. That one
year ago forty-eight in this
State will before many years have
passed be a gigantic nation in it-
self.

One look in the United States is
not needed, and that's the job
of making up cigarettes. In April
the factories turned out more than
five thousand million of cigarettes,
and the output is constantly in-
creasing. In four months this year
the country smoked two thousand
million more cigarettes than in the
same period last year.

If young gentlemen devoted to
other tasks the concentration and
careful attention and choosing that
they devote to cigarettes, what a
world this would be for accom-
plishment.

It is suggested that President
Coolidge will veto the bill to raise
the pay of post office employees, on
the ground that "the nation can't
afford it." The nation can't
hardly say that. The nation CAN
afford it, and it can't afford to
treat faithful public servants
meanly.

The nation supplies the Presi-
dent with a fine private yacht to
go sailing, one that burns many
gallons of oil and employs many
men. If the nation can afford that
for the President, who gets \$75,000
a year besides, it can afford to pay
living wages to the letter carrier,
who pays for his shoes three times
what he used to pay.

TONSIL AND ADENOID
CLINIC AT GRIFTON
A second tonsil and adenoid clinic
was held at Grifton on June 12. The
high school building was converted
into a temporary hospital. People
from the town and surrounding com-
munity demonstrated their interest
in the work, as well as proved their abili-
ty as nurses. The ability made bet-
ter by experience in a former clinic.

says that Congress "must move
to override the veto."

Why not? Supreme Court de-
cisions are to be made by the men
that render them. And judges are
no better than the men appoint-
ing them, presumably.

Congress represents the people,
and if the people cannot be trusted
to manage their own affairs, in-
cluding their own Supreme Court
judges, they ought to go back to
the kindergarten under King
George of England and not pre-
tend to rule themselves.

Apparently La Follette intends
to run independently for the Presi-
dency. He now says he will do so
"unless both old parties are
purged." It isn't likely that either
party will consent to such a purg-
ing as Dr. La Follette would pre-
scribe.

La Follette cannot be elected,
and he cannot win all the votes
of the people, if that seems to him worth
while. Some that know him well
do not believe he will run the risk
of being responsible, toward the
end of his career, of making a
Democratic President. That was
Roosevelt's farwold accomplishment.

Dr. Chiari, professor of Assyri-
ology at the University of Penn-
sylvania, discovers a Babylonian
writing giving the age of Noah as
6,000 years. This makes of Me-
thusalem a poor second. Exaggera-
tion of time and other things, on
the big and the little side, was
common everywhere in the old
days.

Periods were twisted out of
shape, made shorter or longer.
Palaces were built in a second; the
World was created in six days.
Wise men lived thousands of years.
All this does not invalidate the
fundamental value of historical
records.

Whatever else happens in the
Democratic convention, Smith and
McAdoo combined could control it
if they could get together; it
would be their convention. Possi-
bly they will get together. McAdoo
wants to be President; nothing else
would do. Al Smith might be sat-
isfied to be Vice-President to start
with. That would make a combi-
nation hard to beat—especially if
La Follette decides to run and cut
a large independent piece out of
the Republican vote in several
States.

Civilization has passed various
milestones, one "slavery," one "re-
ligious persecution" and the "struc-
ture of witnesses." This nation
may pass another "shelved" child
of the past.
