MAY THIS BE YOUR HAPPIEST NEW YEAR

May New Year's day usher in the happiest year of your entire life the snickers wish The Enterprise extends to you.

There are big things in store for all, we believe, if we will all work together for the common welfare of this city and community. It is going to be one of the happiest years of our lives if we all adopt the slogan, "ALL FOR ONE AND ONE FOR ALL."

We thank you for the excellent business you have given us during the past year, and assure you that we shall strive to be worthy of your patronage during the coming year.

We also take this opportunity to reaffirm our faith in the future of our town and to express our pride in our fellow citizens.

APPLYING A THEORY

"All unk," we used to say of most of this modern, Freudian psychology. But the other day we got to thinking of two or three of our few undesirable citizens here in Farmville, and we concluded that perhaps there is something in this stuff about subconscious minds, complexes and neuroses.

The kind of man we are thinking of has a sneering, contemptuous remark to pass about every public spirited citizen who really accomplishes anything for the good of the community. He brags a great deal about himself, but no one else can understand what he has to brag about. He doesn't want to do any work in an organization unless he can get about two dollars worth of credit for ten cents worth of energy and thought. He seems to think that nobody else is onto him—that everyone judges him by his words and not his deeds.

Now the modern psychologists say he is a man afflicted with an inferiority complex. It is claimed that his subconscious mind is conscious of the mark of an unconscious knowledge of inferiority. This is the way they explain it. They say we have two minds—a conscious mind and an unconscious or subconscious mind. In some people, they claim, these two minds are working against each other, and that the man himself hardly knows what is going on in that subconscious intellect of his.

Now this subconscious mind, in the man we are talking about, may say to him: "You are inferior to these men who really amount to something. You haven't got the real stuff in you."

But the man's conscious mind, tries to shout down this disagreeable voice buried deep in his being, and says, "Why look at me—I'm the one with the brains. These scoundrels who do things don't look like much good to me. They are about like the town—all no good."

"Ridiculous," you say of this theory! Well, perhaps, but just see what explanation you can find that will tell how some of these fellows got that way.

BRIGHT LIGHTS

The new Power Plant recently installed by the town develops 115 volts instead of 120 volts. If your lights are not bright, it is caused by the fact that you are using 120 volt lamps. Hub Hardware Company have turned in all of their old stock of 120 volt lamps and have a complete new assortment of 115 volt lamps.

MISS JEROME ENTERTAINS

One of the most delightful affairs of the Christmas season was that of Monday evening, when Miss Mary K. Jerome entertained the members of the Choral Club and several of their friends at a party at the home of Mrs. J. M. Wheelers.

The entire lower floor was tastefully decorated with holly, poinsettias and Christmas greens. The gloom and cold of the outside were forgotten in the soft glow of the shaded lights and the cheery open fire.

After all had arrived an original contest on composers was enjoyed. Afterwards a most amusing and astounding demonstration of mental telegraphy and hypnotism was given by the hostess and her subject, Miss Vivian Case. An interesting and instructive study in lip reading was also engaged in. The main feature of entertainment lay in the musical program which consisted of several selections by the members, a favorite of the Club, "La Paloma" and several other Spanish numbers sung by Miss Jerome with guitar accompaniment by J. L. Shackelford and Mrs. Hobgood at the piano. The lights were later switched off and the Club sang in concert, by the glow of the red and yellow flames, several of the old familiar ballads, "In The Gloaming," "Just a Song at Twilight" and others.

The hostess then invited her guests into the dining room where they were bountifully served with Waldorf salad, saltines, black fruit cake and cocoanut cake.

Those present besides the Choral Club members were, Mesdames O. E. Fox, Dail, D. E. Hill, J. B. Newton, Misses Lucy Moore, Annie Lawrie Lang, Edna Foust Harris and M. Carroll Holmes.

What a queer world. We all kick about income taxes but we all envy the man who is in the big income tax paying class.

We are always happy on New Year's because we know there will be no more Christmas shopping for about twelve months.

Jud Walker says making love where the moon shines is where the son shines.

Congratulations and best wishes for their prosperity and happiness are offered by friends here.

The hostess served red and white gelatine topped with red grapes and cherries in a nest of fluffy cream and red and white frosted cakes.

CARD OF THANKS

Realizing how impossible it will be to see each one in person, I wish to take this method of thanking every one who has in any way assisted me during my long illness. I am far from well yet, but am steadily improving and thanks to your kindness, this has been the happiest Christmas of my life. Again let me say thank you, every one.
Mrs. Ethel Joyner.

MRS. BOUNTREE HOSTESS TO AUXILIARY

Mrs. C. S. Bountree was hostess at a social meeting of the Woman's Auxiliary on Monday afternoon.

Holly, ferns and palmattias were tastefully arranged in the reception room. Bright conversation and reminiscences of Christmas Day were enjoyed. A list of names of members, Rev. J. W. Hayes gave a review of a sermon. The program was closed by the singing of "The Christmas Carol" by Mrs. Bountree, and the meeting was adjourned by the author. The festive and quite unique program was most enjoyable.
