The 141st Session of the Balt!more Conference of the Meth odist Episcopal Church South Bishop Cander Presided.

Washington, March 25 .- The 141st session of the Baltimore Conference lof the Methodist Episcopal Church, South, today overwhelmingly voted down the proposal for unification of the Methodist Episcopal Church and the Methodist Episcopal Church, South. The vote, 137 for and 141 aacinst, was taken without debate. A three-fourths vote was necessary for approval.

The action, which came on a year and nay vote after the conference reversed itself in the matter of voting by ballot, was the first to be taken by an annual conference of the more than 40 conferences in the Methodist Episcopal Church, South, in the United States. The Cuban conference recently voted unanimously in favor of

unification.

The proposal is being veted upon in the northern church conferences, and while complete returns are lacking, it is understood, that a largemajority have adopted it.

Bishop Warren A. Candler, of Atanta; president of the conference, presided as the vote was taken.

Despite the adverse action, proponents of unification were optimistic that other southern conferences would approve the proposal.

With its most important matter settled at the outset, the conference resolved into its annual routine business and devotional services. Appromimately 500 delegates are in attentiance. Preliminary reports indicated that virtually all of the churches in the conference are in good finan-

## KDKA Becomes Popular With Local Radio Listeners.

Since station K. D. K. A., of Pitts ed at the services will be the last on the sir each Monday and Friday evenings from 7:30 to 8:15 and some of our little folks, who have written him letters are constantly being mentioned by this clever and most entertaining character, many of the little girls and boys as well as their parents never fail to tune in on this station, especially on the evenings "Daddy Wynkum" is on the air.

Monday evening of this week "Daddy Wynkian" acknowledged receipt of a letter from one of Farmville's little girls who had written him a few days before, and we learn that he had also seknowledged receipt of letters before which he received from other little folks here. The little folks as well as their parents greatly appreciate this recognition.

The letter from Farmville which he read Menday night was written by little Mary Friar Rouse.

## Deleware Retains Its Whipping Post

Dover; Del., March 25.- Delaware legislators today as in former years voted elinost unanimously in favor of retaining the whipping post as punishment for certain classess of crimes. There was only one vote in favor of its abolition against 80 for its reten-
