WHY?

Fourteen Reasons why The Leonard Cleanable Refrigerator Is The Best To Own

- No. 1 The Leonard Cleanable is lined with smooth hard porcelain in three coats fused on heavy Armco iron at a temperature of 2000 degrees.
- No. 2 Ten heat resisting walls of insulation, assuring an even low temperature, insuring economy of ice consumption.
- No. 3 Cold, dry air circulation constantly being chilled and repurified.
- No. 4 Hinges of artistic design, strong, durable and heavily nickel plated.
- No. 5 Ice rack made of heavy galvanized iron, won't rust or leak and easy to clean.
- No. 6 All corners are rounding with the porcelain lining coming to outside edge of door frame. So round and smooth that it is really no corner at all.
- No. 7 The drain pipe and trap easily accessible but not in the way non-rusting and insures dryness of bottom of refrigerator.
- No. 8 The new Leonard lock, automatic, made of brass nickel plated.
- No. 9 Extra heavy casters made of Lignum Vitae, easy running strong and substantial.
- No. 10 The baseboard lifts up for sweeping and is handsomely grained and finished as any of the wood work.
- No. 11 The door plate is made of one smooth piece of porcelain pan shaped with no wood exposed on inside of refrigerator.
- No. 12 Shelves of open, waven wire mesh heavily tinned. May be removed for cleaning.
- No. 13 The door sill and floor of provision chamber are even with outside wall making it easy to clean.

No. 14 Made in Grand Rapids Like a Clean China Dish.

The Difference

Between the Cost of Good and Cheap Printing

It is so slight that he who goes shopping from printer to printer to secure his printing at a few cents less than what it is really worth hardly ever makes day laborer wages at this unpleasant task.

If you want good work at prices that are right, get your job printed

At This Office

Your BEST trousers

THAT tyrant, Style, decrees that men who want to be fashionably dressed are to wear a dark sack coat with striped trousers of a lighter shade.

And never was a more sensible style. Nearly every man has one or more coats that are good but they hang in the closet because the trousers are worn out. By selecting a pair of Dutchess Trousers you complete a suit that is in the height of fashion.

Cut full on the very latest lines, we can assure you a fit in Dutchess Trousers that would make a custom tailor envious.

And whether it is for dress or for work or for play every pair of Dutchess Trousers is made to give long honest wear. They have to be in line up to their maker's famous warranty of "100% Dutchess, \$1.92 a pair."

Be smart in both senses of the word and come in for your pair of Dutchess Dress Trousers.
