TARHEALIUM
 North Carolina Natural Gas

(By Chief Renfro)
 "61" is the latest. Not a new high-
 way or a style, but a new element that
 Doctor Test Tube has just discovered.
 It is as rare as a pessimistic druggist
 in a flu epidemic.

Not so with Tarhelium, "the kind
 that made North Carolina famous."
 It is as free as watermelon rinds at a
 county seat on a first Monday in the
 summer time. Everybody from Matus-
 keet to the Black Bear Trail, from
 Old Dominion Bird to Palmetto Blessie,
 from the Dan to the Queen of Sheba,
 is exhaling and exuding Tarhelium.
 Today its just as natural for a real
 Tar Heel to perfume, prevade and per-
 meate the atmosphere around where
 he is and has been with the aroma of
 Tarhelium as it is for a fat drummer,
 cranking a Ford on an August day to
 scintillate energy "a-la-perspiration."
 Why not—use Tarhelium? It has
 been the right handed agency in the
 transformation of the State. It has
 put North Carolina on the map, and
 the map on the mind of America. And
 the more the natives and the natural-
 ized North Staters have used it the
 more they have done to prove it.
 America has both eyes on NORTH
 CAROLINA. Even the edge of
 Florida's real and unreal estate ex-
 travaganza has been dulled by the
 strains of "Ho, for Carolina."

Some Sounds.
 North Carolina has a lot of sound,
 but two in particular—Albemarle and
 Pamlico—and they are both equipped
 with a number of broadcasting sta-
 tions. Edenton, the place where the
 Boston Tea Party was held, is one of
 them, and nearby is Elizabeth City,
 which W. O. Saunders sold to the
 American Magazine. Then there's
 New Bern, where there once lived,
 according to a chiseled epitaph, "a law-
 yer and an honest man." Washington,
 according to Carl George, is a hundred
 years older than George, and Green-
 ville, on the Tar, gave to the State
 Governor Jarvis, and Farmville gave
 to the country Major May. Down
 the Pamlico is Bath, where some an-
 gry Tar Heels came near giving one
 to a British Governor-crook. Swan
 Quarter's greatest claim to a box seat
 in the Sound business rests upon her
 habit of sending Harry Stubbs to the
 Legislature. Another sounding place
 is Aurora. Some sound for one State
 to make, eh?

On the Port side, however, there is
 not such a list, but there'll be more
 aft. When it comes to sound, North
 Carolinians have no terminal facilities,
 but in Port terminal facilities—that's
 another way of "toting freight." At
 any rate Wilmington is a royal city,
 of the line of Hanover, and they have
 caught most of the croakers at More-
 head City, and Beaufort is holding
 the fort. Up the creek a-piece is
 Fayetteville, and Brag. North Caro-
 lina Brag. Tarhelium by the Gas-ton,
 Bull Durham and Buncombe. Time
 falls in which to descend upon the
 Coastal Plane (near Kitty Hawk), the
 Piedmont (Dukes, Chesterfields, and
 Camels), and the Lost Provinces which
 Rufe Doughton and Tam Bowie found
 a few years ago, and last, but not
 lost, "The Western Highlands," where
 plans are being made to entertain a
 hundred million American tourists
 during the Summer, Fall and Winter
 months. Tarhelium, and dinged be
 he who first shall cry "Enuf, Enuf!"

Old Tar Heel writes the following
 testimonial on the use of Tar-helium,
 and what it has done for him it should
 do for any other moderate breather:
 "When I started the treatment sev-
 eral years ago, I was run down at the
 heel—in fact, there was a blister on
 it. I felt depressed all the time. My
 pulse was as slow as election returns
 from Robeson, and my nerve was as
 weak as clay. My appetite was not
 Craven a thing. I didn't know the
 difference between the taste of sand-
 clay and concrete, and afraid to take
 Oil. But—
 NOW
 I feel as good as Red Grange ever
 felt, as good as Marian Talley when
 she is giving largess to Grand Op-
 era birds, as good as a college boy at
 a "rap" meeting, as good as well, if
 I felt better I'd have to reduce the
 dose. I am now much richer and
 stronger than I was. I am first in
 manufacture, commerce, industry, ag-
 riculture, education, religion, good
 things and EVERYTHING ELSE. I
 have been informed that I was first at
 Creation, farthest from land at the
 Flood, first and second at Babel,
 fastest, fastest and fastest at Ger-
 sams, last, largest and largest at Ge-
 ttemeter. I excel the President, I
 outshine the King, I understand
 the "underworld" of the underworld."

...everything that grows out of the
 ground, rock or air, I am getting
 larger and stronger every day—in every
 way. My breathing has entirely cleared
 up, and now the enervating, en-
 ergising, ethereal sniff of Tarhelium
 is to me just as delightful as the last
 sight draft of ether is to the operator
 before the surgeons begin the prelude
 in A. Major. There are several new
 tonics on the market, and I've had a
 number of flattering offers if I'd agree
 to change my testimonial, but I am
 unwilling to go back on Tarhelium.
 It has given me a better Hyde, and a
 healthier Person. I was getting
 Onslow, and in the Pitt, but now I am
 a-Wake with a fine Edge-combe; am
 Rockingham and Macon War-ren Bun-
 combe Hanover fist."

**RHEUMATIC ACHES
 AMAZINGLY HELPED**

Wonderfully better after
 simple home treatment

When those old aches in joints and
 muscles come on—try this simple home
 treatment that so many rheumatic
 sufferers have found effective.

"I suffer very much with rheuma-
 tism," writes a Salt Lake City, Utah,
 woman, "especially during changes of
 weather. I always use Sloan's Lin-
 iment and it relieves the pain very
 quickly."

Hundreds of letters like this have
 come to the makers of Sloan's telling
 of the wonderful relief they have got
 from all kinds of muscular pain with
 this amazingly effective liniment.
 Sloan's gets results because it doesn't
 just deaden pain; it gets at the cause.
 Right to the place that hurts it brings
 a healing stream of fresh, new blood.
 Quickly and surely it carries off the
 rheumatism germs, takes out stiffness
 and drives away the aches and pains.
 So clean and easy to use too. All
 druggists—35 cents.

**Night Coughing
 Relieved At Once**

Why suffer continually from a pes-
 sistent, weakening night cough when
 you can get simple, instant relief, and
 usually break the cough completely in
 24 hours by a new method based on the
 famous Dr. King's New Discovery?

Here is the method: You simply take
 one teaspoonful and hold it in your
 throat for 15 or 20 seconds before
 swallowing it. It has a double action.
 It not only soothes and heals irritation,
 but also removes the phlegm and con-
 gestion which are the real cause of the
 coughing. As a result even the worst
 cough usually disappears quickly.

Dr. King's New Discovery is for
 coughs, chest colds, bronchitis, spe-
 cific croup, etc. Fine for children,
 too—no harmful drugs. Very econom-
 ical, as it does in only one teaspoonful.
 At all good drug stores. Ask for

As Calaveras Saw Life,
 The wisdom of John Calaveras—
 like the eagle among the highest
 peaks and rocky threads of cobweb,
 so men struggle in the webs of their
 own nature, giving here a start, there
 a pitiful small jerking, long sustained,
 and falling into stillness.

**What Are Your
 Plans for 1926?**

The trouble with most of us is the lack
 of any plan. We drift along with the
 tide—up and down—in and out—and
 reach the goal by accident

Rail and steam will take one around
 the world—if that is where one wants
 to go.

The new year is well on its way.
 Have you devoted some good sound
 thought to what should be done toward
 realizing that greatest ambition—Building
 Your Own Home?

It is our business to lend assistance to
 you in attaining this ambition. Make
 your start today. Come to our office
 and talk things over. Take advantage of
 present conditions.
