

Bethel, N. C., Nov. 13, 1926
 "We have been using 'AA Quality' Fertilizer for 25 years and as yet haven't found anything as good. This year we are making eleven hundred pounds of tobacco per acre with all the dry weather we had. All we have sold to date has averaged 7.00 per hundred, taking all our common and leaving our best yet to sell. We recommend it very highly and expect to continue using it."
 —W. G. Keel

Ahokee, N. C., Nov. 2, 1926
 "I planted fifteen acres of tobacco, using 500 pounds of the acre of 'AA Quality' Fertilizer and will make about 1100 pounds of tobacco to the acre. Up to this date, I have sold about one-half my crop and will average \$500 to the acre."
 "I have been planting tobacco for 25 years, and during that time have used several different brands of fertilizers, but your 'AA Quality' Fertilizer has given me the best crops I have ever raised."
 —L. H. Beaton

Make each tobacco plant give you more and better-quality leaves

It takes a complete fertilizer, well balanced, rich in plant food elements, to feed the tobacco plants properly and make smooth-textured, top-quality leaves.

"AA Quality" Tobacco Fertilizers have been manufactured to meet the exact needs of tobacco. They are so formulated as to feed the growing plants right up to the ripening period. They are in perfect mechanical condition. They can be easily and evenly distributed.

Materials are carefully prepared, completely mixed, cured and remilled. Sixty years of fertilizer manufacturing experience goes into every sack you buy. The largest fertilizer manufacturing company in the world guarantees their dependability.

Tobacco is too much of a money-crop for you to take any chances on your yield. Get these crop-producing fertilizers, proved reliable by year after year of results. Grow high-quality tobacco that means big profits.

The Super-Six Principle, freed to the Limit—

and Beauty to Match Its Matchless Performance

The seven body styles created for the new Hudson Super-Six have shared equally with its brilliant new performance in its enormously successful reception everywhere shown. At the New York Show and all subsequent Automobile Shows the Hudson-Six exhibit has outdrawn any other by two and three to one. It is the high point of the year in interest, discussion and sales activity.
