Choral Club Meets With Mrs. Hobgood.

The Choral club, which is the music department of the Womans' club, held its regular meeting on Monday evening at the home of Mrs. J. M. Hobgood.

The program consisted of musical clippings and a discussion of Beethoven, with a splendid rendition of his "Moonlight Sonata," by Mrs. Heywood Smith. Songs to be sung by this group at the D. A. R. celebration in November were selected and rehearsed at this time.

Mrs. J. B. Newton Bridge Club Hostess.

Among the social affairs of the week was the delightful bridge party given by Mrs. J. B. Newton on Tuesday afternoon. Handsome dahlias of vivid hues decorated the reception and living rooms where six tables were arranged for the game.

Get-To-Gether Group Meeting Met Tuesday

The fall Get-Together meeting of the Episcopal Auxiliaries of Pitt county met on Tuesday with the local Auxiliary as hostess. The meeting, held in Emmanuel church, was opened with the celebration of the Holy Communion at 10:00 o'clock, with the rector, Rev. H. G. England, as celebrant.

Mrs. E. T. Cox, of Winterville, presided over the meeting and responded to the cordial welcome given by the rector. Two of the principal speakers were unable to be present, but the program as presented was excellent. Mrs. H. G. England gave a talk on "The Bishop's Crusade" with some suggestions for following up this movement.

The program was concluded with a vocal solo by Mrs. M. V. Jones. Reports of activities in the Auxiliaries represented were given and plans for the fall work were outlined.

The meeting closed after a luncheon served by the hostess Auxiliary at the home of Mrs. J. W. Joyner. During the dinner hour Mrs. H. A. Ross, of Greenville, was elected president of the organization, at the recommendation of the nominating committee.

FOREIGN MISSIONS FACING A CRISIS

Charlotte, Oct. 19.—Foreign mission work of the Presbyterian church is facing the greatest crisis in the history of the church work, according to the report of the foreign mission committee of the 116th stated session of the Mecklenburg Presbytery which closed at St. Paul church today following a two day gathering.

The foreign mission committee of the Southern Presbyterian church has been forced to borrow approximately \$100,000 to be added to the debt of \$120,000 of April, 1927.

This is to care for the added expense brought on by the revolutions and civil warfare which is now sweeping China and other nations where the missionaries of the church are operating, it was shown.

Of the 200 missionaries of the church, 68 whose furloughs were due or will be due soon, have returned to America and will not attempt to enter China again until conditions have become more settled. Of the 27 who were on furlough last year, some are remaining in America, seeking some kind of employment while others are unable to return to their tasks in the field. There are 50 in Japan, Korea and parts of China awaiting more settled conditions, the report said.

ADMINISTRATIVE NOTICE

Qualified as Administrator of the estate of Annie Laurie Lang, late of the county, wife of North Carolina, this is to notify all persons interested in the said estate to appear before the undersigned at the Court House at Farmville, N. C., on the 27th day of October, 1927.

Safety Suggestions By Local Woman's Club.

In the interest of fire prevention, the local Woman's Club makes the following appeal to our citizens for co-operation in the interest of greater safety, making Farmville a fireless town:

"The nation's yearly loss of 16,000 lives and \$870,000,000 in property are frightful facts. Those who have suffered loss of dear ones or the ruin of their homes or business by fire, have a story to tell that can never be forgotten. It makes every citizen of Farmville resolve to work for a better fire record from now on.

"Begin now by cleaning out all useless material and rubbish. They clutter up space and invite fire.

"Clean out the chimneys, flues and pipes filled with soot from last winter's use. You will get better operation, satisfaction, and avoid danger from fire.

"Don't do your own electric wiring or overload the lines because you need more safe plugs. A professional electrician's service is cheapest in the end. Always use proper fuses in electrical currents—fuses are the safety valves.

"Gasoline and other volatile liquids are dangerous cleaning fluids. Use only safe compounds. Hunt gas leaks with a flashlight—never with a flame light. Soap suds, when applied to the "suspected" place, will reveal the leak bubbles.

"Watch disposal of matches and smoking materials—they cause the largest number of fires. Keep matches and electric devices out of the reach of children. Inspect your radio wires, keep them heavily insulated. Insulation wears off.

"Have a good safety ground and standard lightning arrester. Turn off electric current on all electrical devices—even when left for a moment.

"Walls, ceilings and partitions should be shielded from stoves, furnaces and their pipes. Open fireplaces should always be screened and gas lights turned off tightly when not in use.

"Make a list of these and all other fire possibilities on your premises, then determine to make your home safe and sound against fire for your family and yourself. An ounce of prevention is worth a ton of cure."—The Woman's Club.

Now Read What 11,105* Doctors say About Lucky Strike Cigarettes Because "It's toasted"

Paul Whitman, Nosed Orchestra Leader, writes:

WHAT is the quality that Giacomo Rimini, Margaret D'Alvarez, Cesare Formich, Armand Tokstyan, Emma Trentini, William Faverham, Florence Keel, Paul Whitman, and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105* doctors answered this question "YES."

These figures represent the opinion and experience of doctors, those whose business it is to know.

*It was but recently, when I started to act as master of ceremonies with my band at the Paramount Theatre, that I realized how good perfect voice conditions were to a performer. I have always been a consistent smoker and, fortunately, Lucky Strike cigarettes have become my habit. Like their toasted paper, each leaf of the cigarette is so soft as to give me no sense of irritating my voice, which is becoming a great asset in my work.

We have certified that we have analyzed 11,105 signed cards, certifying the above statement. LYMAN H. ROBERTS, a M.D. CONSULTING ACCOUNTANTS AND AUDITORS New York, July 21, 1927.
