F. H. S. Notes

(Continued from page one)
 ask nothing—look for ships, but for a
 girl to depend on your games, so says
 Nain Sarah, Singer and Grace.
 Miss Turnage: "Ray, have you ever
 been out of the State?"
 Roy K. "Yes man; I was born in
 ..."
 Miss Russell: Use status in a sen-
 tence.
 William Jones: Van I came in last
 night, my wife said, "Is that you, Wil-
 liam?"
 Mr. Peel: Did you hear of Wilson?
 James Wheelers: No.
 Mr. P. Taff?
 J. W. No.
 Mr. E. Cleveland?
 J. W. Is his last name Ohio?

Smith: What do you think of Mus-
 soini?
 Pussilla: I've never had a cat with
 him.
 "The laziest man in the world is the
 guy who says, 'Moonbeam, kiss her for
 me!'"
 Mr. Peel: We want to start early
 tomorrow morning, you can get up at
 breakfast, can't you?
 Ernest Haffner: If I hear it break
 can.

Bill Harris was standing on a busy
 street corner in Norfolk crying, when
 a man stopped by his side.
 Man: What's the trouble, son?
 Bill: I'm lost.
 Man: Any reward?
 Bill: No.
 Man: You're still lost.

Miss Carraway: Richard, what
 would you do about the Niagara
 affair?
 Richard P. Tell it to the Marines.
 Teacher: My ancestors came over
 on the Mayflower.
 Unknown student: Probably immi-
 gration laws were not so strict at that
 time.

F. H. S. She: Can an kid gimme a
 kiss.
 F. H. S. Boy: Oh, no; I have grave
 intentions.
 She: Aw, that's alright; I'm vacat-
 ioned.

Lynn: "Do you think I'm a fool?"
 Teacher: "You should say, 'I am a
 fool!'"
 Lynn: "I am a fool!"
 Teacher (unknown): "I know it!"

Miss Russell: What are you late for
 today?
 Vivian: For class, I guess.
 Miss: Hey, lend me a quarter, will
 you?
 Earl M. Say, if it cost for a trip
 around the world I couldn't get outta
 sight.

Smith: Didn't your brother get a
 job as deckhand on a submarine?
 Sam: Yes, and he's just flooded with
 work.
 Smith: What are needles for?
 Flapper: Photographs, you know.

"Oh, what a lousy deal," said the
 exchange man as he signed the collect-
 ing instrument.
 Dean: One says "never meet the
 girl on the stairs, it might run down."

While witnessing the game in the
 bank, "My Friday club" I overheard
 the young ladies in a conversation
 "Oh, that's a beautiful play," the other
 said. "Yes, and I can't believe the
 skill of the boys."

The "I'm a dumb child" that got
 the other girl.
 Miss: What are needles for?
 Flapper: Photographs, you know.

See me this week!

This is a big year for Swift's Red Steer—make sure you get yours

I know one thing that's going to make bigger crops and more money for farmers around here this year. Swift's Red Steer Fertilizer! Successful farmers are using Swift's. They are ordering theirs now. Have you ordered yours?
 I know the best fertilizer practice in this locality. I know what our Agricultural College recommends. I can help you select the right kind and the right amount of Swift's Red Steer Fertilizer to make you the most profit.
 I recommend Swift's Red Steer High analysis fertilizer. Because of its high analysis, I can save you real money on this fertilizer. You get the benefit of lower costs for freight, labor and bagging.
 Let's talk this over. Come in this week and we'll make plans.

 PONTIAC NEW SERIES SIX

One Hundred and Twenty-Five Dollars... EXTRA PROFIT, from each ACRE of TOBACCO

Here is proof of extra profits as high as \$125 per acre. Not claims, but facts. Real facts. Facts right close to home. Facts which prove it pays to lime tobacco land.
 In a letter written October 20th, 1927, Mr. J. Harvey Edwards, a successful grower of Snow Hill, Green Co., N. C., who raised 63 acres of tobacco last season, says he averaged 32 cents a pound for his crop. Mr. Edwards says that he estimates the use of Buquo Magnesian Lime enabled him to get 12 cents a pound more because of higher quality. With only a small investment per acre for lime Mr. Edwards made an extra profit of \$125 per acre.
 Mr. Edwards says in his letter:

"For five years I have used Buquo Lime, and have found that it has markedly increased my yield of tobacco. Before using Buquo Lime, I had considerable trouble with tobacco drying up and with sand-down. Very little of my tobacco dried up now, and my tobacco has been completely finished. When using Buquo Lime I find that the quality of my tobacco is greatly improved. Buquo Lime not only aids tobacco but improves the land to such an extent that it is very noticeable in crops that follow."

Buquo Magnesian Lime is so finely ground that it does the work of larger quantities of coarse, ordinary limestone. Buquo Lime is 97% to 98%

pure carbonates, of which 42% is carbonate of magnesia, this preventive of sand-down in tobacco.
 Liming pays handsome profits. Here is the evidence, from farmers near you. Check up, ask any of them about Buquo Magnesian Lime—Don't miss the opportunity to increase your profit. Use Buquo Magnesian Lime this year.

Partial List of Growers Using Buquo Magnesian Lime Under Tobacco

Grower	Adapted Profit Per Acre
J. HARVEY EDWARDS, Snow Hill, Green Co., N. C.	\$125
M. B. SPEIGHT, Sparks, Edgecombe Co., N. C.	100
A. S. BIRK, Pikeville, Wayne Co., N. C.	90
VAN WALTERS, Barnwell, Robeson Co., N. C.	84

W. O. RADDY, Leo, Florence Co., S. C.	60%
MRS. M. F. & ROY LEWIS, Denmark, Robeson Co., N. C.	33 1/2%
J. D. BRITT, Snow Hill, Green Co., N. C.	20%
W. T. GREENWY, Henderson, Vance Co., N. C.	20%

Consider these facts. Plan now for larger yields of top-price tobacco. Use Buquo Magnesian Lime under your next crop. Its cost is moderate—less than \$5 to \$7 an acre will do the job; the added profit is from ten to twenty times its cost.
