And Christmas is only a little more than 300 days away.
Money is the greatest linguist of them all, for it speaks in all languages.
Many a man with plenty of brains hasn't got enough to make up a fire.

Don't forget to greet the stranger within Farmville with a pleasant smile.
The wife who tries to regulate her husband's business usually has her time well taken up.

There can't be any ghosts, or come of the present crop of biographers wouldn't get much sleep.
Correct this sentence: "I like to smoke but because my wife objects I quit the habit some years ago."

You don't have to read these paragraphs, and thank the gods, after we finish writing them, we don't have to.

One reason why human nature is no better than it is the fact that men are such poor materials for improving.

Hitting the Low Spots
"Do you travel much in that old flivver of yours?"
"From coast to coast."
"Goodness! Have you really gone from Main to California in that boat?"
"Oh, no. I mean I coast down one hill and then tow it up another one and then coast again."

HIGH SCHOOL NEWS NOTES
(Continued from page one)
To Play Greenville

The local cagers will engage the Greenville tilters at Knott's warehouse next Tuesday night in what is expected to be one of the most exciting struggles of the season. The Greenville boys have credit for a win over Farmville 22-16, played the first game of the season.

The locals have been drilling on both offense and defense as well as on a few new plays, during the past few days in order to give Greenville a struggle they will always remember. Come out and see the boys in action. A battle royal for the long end of the score is almost a certainty. The Athletic Association was not able to bear the expenses of games during the first half of season.

Teacher: Vivian, why haven't you been studying for the last 45 minutes?
Vivian: I've been trying to figure out what to study.

Teacher: Why did Paul Revere start out on his ride?
Buck: He was in a hurry to see the new Ford.

One: "Johnny, why don't you buy a new Ford and sell the Hudson?"
Two: "It's not substantial enough."

"Bum" Rumley says "modern civilization will not have reached its peak until drug stores handle a complete line of salads, divorces and flivvers."

Mr. Peele: Robert, you had better send in your application for college entrance or you'll be crowded out.
Robert Goodson: No need to think about that now.

Mr. Peele: Why?
R. G.: Tuskegee Institute put out an ad which stated that they always had room.

Mr. Peele: Excuse me.
Freshman: I'm alright teacher, you see I got hit on the head when I was a baby, but I'll soon get over that.

I hate to be grouchy and blue; But I wish the teacher had this lesson too.
Mr. Peele: It takes work to make a real professional man, whether a doctor, a lawyer, a preacher or what ever profession you choose.

James Wheelless: I know it. That is why I'm going to be a soda jerk.

Mr. Peele, sending Sheppard Smith in for the first time: Go in Sheppard, don't get nervous and don't let the crowd bother you.

Miss Turnage: Mary Alice, when was George Washington born?
Mary Alice: I never met him.

Here's to Mr. Peele our coach so grand Ever may he have a team to hold in hand, And a Chrysler to carry them over the land. He asks no reward for his efforts so great Yet he strives continually for a lucky break; When Farmville High with a mighty rap Will have to be admitted to the athletic map.

Painless Touch System.
Where did you find this wonderful follow-up system? It would get money out of anybody.
"I simply compiled and adapted the letters my son sent me from college."

"Did you see that conductor look at you as if you had not paid your fare?"
"Yes, and did you see me look at him as if I had?"

The Man And Woman Of It

New York State Now Has Both Under Investigation As To Their Office Activities

New York, Jan. 31.—Citizens of the Great State of New York appear to have braced six of one and half a dozen of the other.

There is Florence E. S. Knapp, Mrs. Knapp, a dean of Syracuse University was New York's first woman secretary of state. Now she is charged by an investigator appointed by Gov. Smith with forgery, false audits, grand larceny and the wasting of more than \$197,000 in the taking of the 1925 state census.

That's the woman of it and also the Republican of it and also the up-state of it.

And there's Maurice E. Connolly, President of Greater New York's Borough of Queens. Connolly is under investigation before Justice Townsend Schudder, also appointed by Gov. Smith, to dig to the bottom of charges that Queens Borough sewer construction and paving have cost \$10,000,000 more than they should.

That's the man of it and the Democrat of it, and also the metropolis of it.

The six of one and half a dozen of the other promises to add up to the total sum of the dozen commonly called dirty.

WORK BEGUN ON SNOW HILL-HOOKERTON RAILROAD
It may be of interest to the Farmville people to learn that actual construction has begun on the Snow Hill Railroad, which is to run between Snow and Hookerton.

John Hill Paylor, local attorney, has been looking after the legal end for the railroad, securing rights of way, and acting in the capacity of legal adviser.

Now the Boston has demanded a boycott on beef, Texas will probably come through any day now with a demand for a boycott on beans. A maximum sentence often means a minimum of words.

SCOUT HEADLINERS

We met in our new hut last Friday night, and what a time! Boy Howdy—It's a good thing we have a double floor.

Mr. Joyner—"Luther, what is this knot called?"
Luther T.—"The Hang-man's Knot."
Mr. Joyner—"Please demonstrate its use."
Note—It's a pity he didn't obey his orders.

Ernest Barrett and Stewart Shirley, two new members are waiting for their initiation. It won't be long now, and we hope they won't feel hurt.

Owing to the amount of water colors used on Luther Thomas' face when he gave his Indian war dance, there will be a scarcity of them in our little town for the next year.

B. O. Turnage, Jr.—"Mr. Joyner, this dictionary isn't any good."
Mr. Joyner—"Why B. O.?"
B. O. T.—"Because there is no index to the words."

Mr. Joyner—"Harold, please take your seat."
Harold H.—"Where to?"

Mr. Joyner—"J. T. how many stripes has the American flag?"
J. T. Windham—"That depends upon the size of the flag."

We want to take this opportunity to thank each and every one who has contributed to the building fund for our new hut. Every one has shown such an interest in the Scout movement that we feel it impossible for us to show you our gratitude.

We want to mention that Dr. P. E. Jones showed his extreme generosity by deeding to us the lot on which our hut stands. We appreciate also the help that our Scoutmaster, Mr. J. W. Joyner, has given us. Mr. J. N. Gregory, representing the Rotary Club, has given most of his time in overseeing the job and getting donations. We want you all to watch the movement as it grows and feel proud that you helped give us our start.
