HERE AND THERE

At Darlington School.
Among the most popular boys at the famed Darlington School for Boys, Rome, Ga., is Glen (Sonny) Humphrey, of Brooklyn, N. Y. Sonny is vice president of the Junior class, a member of the staff of "The Darlingtonian," and a tackle on the football team. Humphrey spent several weeks in Farmville last summer visiting the family of Mrs. Nannie Moye Humphrey.

Among the North Carolina boys who are, or have recently attended Darlington are: Bob Lang, Billy Morton, Richard and Billy Parker, Farmville; Jack Wooten, son of E. R. Wooten, former speaker of the State Senate; and Preston Moseley, Kingston; Bruce Beasley, Fountain; William P. Few, Jr., son of the President of Duke University; Angus W. McLean, son of Ex-Governor McLean; Joe Cannon, Jr., son of Joseph Cannon, Concord, and brother of Anne Cannon Reynolds Smith; John Ormand, Hookerton; and Marion Blount, Greenville.

There are twenty-three Tar Heels at Darlington this year.

At The University.
The Farmville boys at the University of North Carolina are making excellent records; B. S. Smith, Jr., a popular member of the sophomore class of 800, is president of the Sophomore Y Cabinet, considered an outstanding honor. Eli Joyner, Jr., David Oglesby and Billy Parker, freshmen, made high averages during the first semester, and Eli is on the business staff of "The Daily Tar Heel," University paper. Young Oglesby, who is quite studious is now at home recuperating from an appendicitis operation.

The last three boys are active in the Freshman Friendship Council and B. S., Eli and Billy are members of the Phi Delta Theta Fraternity. It will be remembered that John B. Lewis, Farmville's present mayor, was an outstanding student at Carolina and that he made Phi Beta Kappa, the highest scholastic honor at the University.

RESOLUTIONS OF SYMPATHY

Adopted by Ocklawaha Tribe
No. 47, I. O. R. M.

Whereas; On February 15, 1934, the destroying Angel, Death saw fit to remove the Spirit of Brother James P. Nichols from the tangled Forests of this life and transplant it in the Happy Hunting ground of the Great Spirit; Therefore be it resolved,
1st: That while we deplore the passing of this our Brother, be it known that "We sorrow not as those who have no hope" but feel like our loss is his gain.
2nd: To his Family and Friends we extend our heartfelt sympathy in this sad hour of trial, and would say to them to so live and Pattern his life that there at last may be a happy reunion.
3rd: That a copy of these Resolutions be sent to the bereaved Family of our deceased Brother, a copy be spread upon our Minutes, and a copy be sent The Farmville Enterprise for Publication.

B. J. SKINNER,
CHARLIE WALSTON,
BOB A. NORMON,
Committee.

Learned Her Lesson.
A friend of ours was a collector for a lodge. His little daughter was in the habit of accepting pennies from the members. Her mother chastised her and told her she must not accept pennies any more. So the next day, when one of the members offered her a penny, she said: "I can't take pennies; I can only take nickels and dimes."—*St. Albans*

A Big Ear.
Howell—I always keep my ear to the ground. Powell—Aren't you afraid that an automobile will come along and take off a slice of it?—

NO CASH CROP ON RENTED LAND

Dean I. O. Schaub of State College has explained the following points in regard to growing crops on land retired from cultivation under the crop reduction contracts.

The contracts allow growers to use the rented acres to grow feed, food, soil-building, or erosion prevention crops, provided none of them are offered for sale.

Since the contracts also specify that the growers are not to increase any of their other salable crops when they reduce the one covered by the contract, a number of growers have gotten the idea that it will be all right to grow a cash crop on the rented acreage so long as they do not increase the total amount of that crop.

In other words, the dean said, if a farmer heretofore has been growing two acres of garden truck for sale, he may grow the same amount of truck, but not on the rented acres.

To do so would be a violation of the contract, the dean emphasized.

Likewise, growers cannot shift part of their cotton crop to land retired from tobacco acreage or part of their tobacco crop to land retired from cotton, even though the total acreage of each crop is not increased thereby.

The contracts specify that a certain amount of land is to be retired from the production of cash crops. That land and no other must be set aside as the rented acreage.

14-POUND TROUT IS SENT TO ROOSEVELT

New Bern, Feb. 21.—President Franklin D. Roosevelt may be disappointed in having to cancel his planned sea voyage during the spring, but he may get a taste of the water this week, if he eats a 14-pound speckled trout sent as a gift to him by Mack L. Lupton, local fish dealer.

The trout is the largest of the species ever seen here by Mr. Lupton; and he sent it to President Roosevelt not only as a token of appreciation for national leadership but also as an incentive perhaps in encouraging the President to come to this section some time on a fishing trip. The fish was caught by Capt. John Day, of Oriental, about 12 miles down Neuse river.

DARLING OF THE POETS—Reproduction in true colors of striking paintings by Henry Olive, distinguished American artist. In the American Weekly Magazine with next Sunday's Baltimore American. Buy your copy from your favorite newsdealer or newsboy.

Ninety-nine percent of the land grown to tobacco in Person County has been signed under reduction contracts for 1934 and 1935, reports the farm agent.

The low temperatures of recent weeks has killed oats and seriously injured the barley and wheat crops of Burke County.

SPECIAL BARGAINS IN USED TRUCKS READY FOR OPERATION!
In this day of a motor-wise public, you can't fool most of the people ANY PART of the time! That's why so many motorists prefer to buy here, where Truthfulness is the policy.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—you can get Kruschen at any drug store in America. If not joyfully satisfied after the first bottle—money back.

Fascinating Facts of NATURE

WHAM! .. Chilean Natural Nitrate, the world's only natural nitrate fertilizer—is blasted from the ground, refined and shipped to you. You put it back into the ground on your farm where it fairly works wonders on your crops. It is as natural as the seeds you plant.

CHILEAN NATURAL NITRATE

CHILEAN NATURAL NITRATE IS NITROGEN PLUS—NITROGEN, PLUS THE NITROGEN—GIVEN "INDUSTRIES" SUCH AS IODINE, CALCIUM, POTASSIUM, SODIUM, BORON, MANGANESE, ETC. SUCH AS THESE IS PLANT FOOD IN ITSELF.

GEN. ROBT. E. LEE GRADUATED FROM WEST POINT (2nd IN HIS CLASS OF 86) THE YEAR BEFORE THE FIRST SHIPLOAD OF CHILEAN NITRATE SAILED INTO A VIRGINIA PORT—1850

Chilean NATURAL NITRATE

CHEVROLET ANNOUNCES
a revolutionary new line of low-priced trucks
Bigger, huskier models feature an entirely new engine, giving increased power on less fuel than ever!

THE 1934 line of Chevrolet trucks— year's models—bigger in bodies, with stronger, heavier frames, huskier transmissions and rear axles, and larger brakes. They will deliver more power at the time when you need it most. They will haul bigger loads than ever at an even faster pace. Yet, Chevrolet trucks are even bigger than last

operating costs are actually lower than before—and that means the lowest in the hauling field. The net result of all these improvements is a line of trucks like no others on the market—the first to offer such a combination of big capacity, great power and unequalled economy.
