**UNCLE WATT PROPOSES  
EASTER FEAST FOR  
INMATES COUNTY HOME**

A visit to the County Home last Sunday evening was very impressive, especially the religious exercises or the part of it that I chanced to hear, the closing hymn, "We'll Never Grow Old," sung by some of the assembled inmates, many of whom are Septuagenarians, who have passed the three score and ten, and some over eighty years, while the others are nearing that mature or ripe stage of existence.

But one of the most impressive things noticeable was the cheerful countenances upon their unpolished faces—many of them bearing traces of suffering, sorrow, and wrinkled and pallid cheeks, which once exhibited dimples and the hue of a cherished flush of joy in the by-gone days of youth. Yesterdays of theirs, and now there is only one ray of light gleaming over them—the glimmering silver star of Hope, (and may it never fade)—as they peacefully wait for Him, who doth all things well.

Really I believe it would be time well spent for everybody to visit our County Home and take the children. Yes, if all the schools throughout the State would occasionally carry their children to these Homes it would be educational and certainly their visit would be most heartily welcomed by not only the inmates, themselves, but also by the officials and keepers, because to a great extent it would show cooperation, which is really the vital object of Civilization.

I found nearly twenty-five per cent of the inmates from Farmville township, one of the twelve townships of Pitt County, and with less than one fifth of the population. How many of our ministers, teachers, leaders of patriotic and community organizations have visited the County Home during the past year? Let us not forget we too may some day wander over these lonesome hills alone to.....

King David prayed to not be forgotten when he was aged and his head was gray. Have you a dozen eggs or the equivalent you would like to contribute to a Easter feast to these inmates of your County? If so bring or send them to me by next Thursday morning, March 29, and they will be carried to them in the afternoon. I shall leave Farmville about 2:00 P. M.

Uncle Watt.

**BIRTH ANNOUNCEMENT**

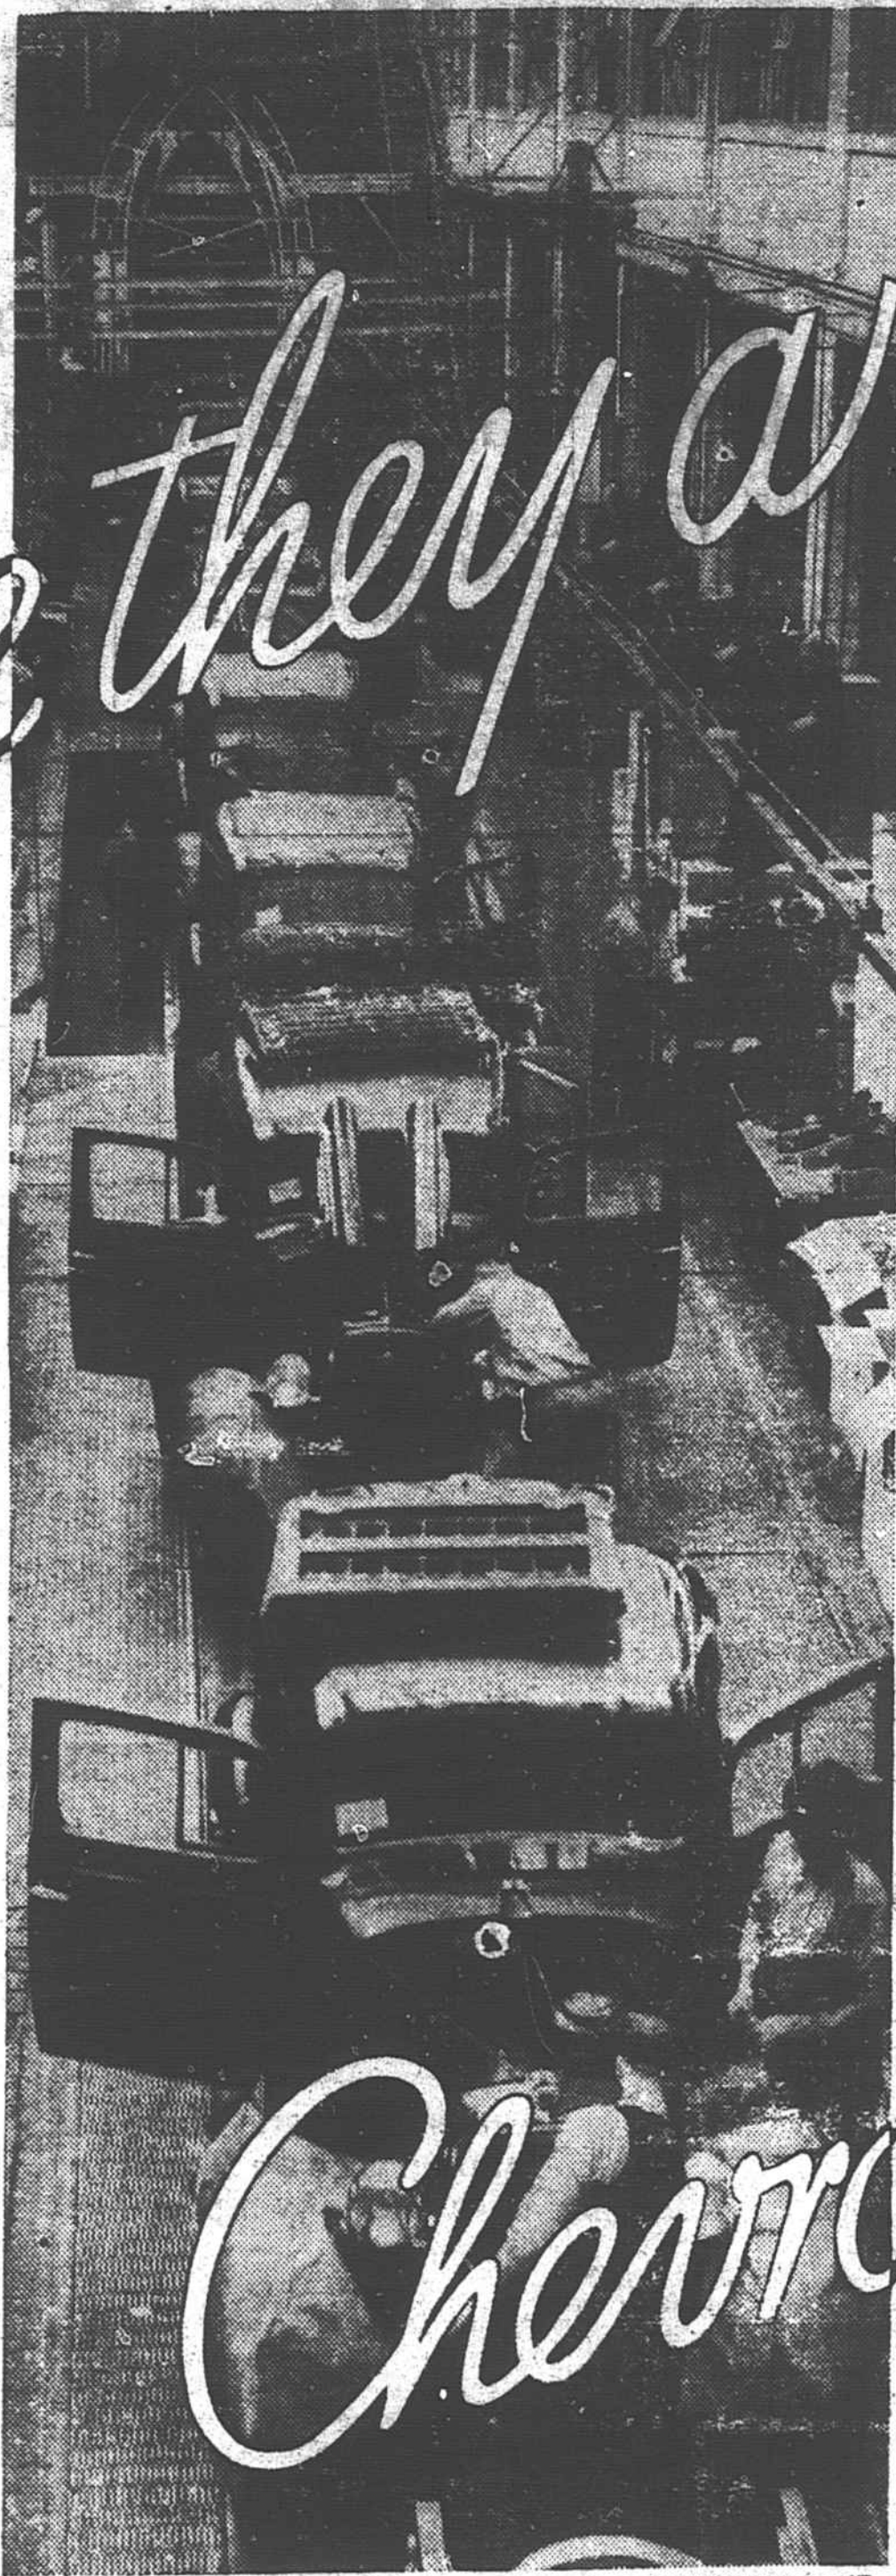

Mr. and Mrs. A. Q. Roebuck announce the birth of a daughter, Carolyn Wheeler, on Friday, March 9, at the Pitt Community Hospital, Greenville.

There is one consolation for the public in political races—some of the candidates will be defeated.

*America - here they are!*

To fill the record-breaking nationwide demand, Chevrolet cars are being produced at a record-breaking rate of

**4000**  
units a day!

*Drive it only 5 miles and you'll never be satisfied with any other low-priced car*

CHEVROLET factories are breaking records, trying to give America all the cars it wants. 4000 units a day are rolling off the assembly lines. February output was twice that of January. March output, according to present indications, will be three times that of January. More Chevrolets are now being produced than any other make of automobile in the world. And today, Chevrolet is happy to report that all its dealers will soon be in a position to make immediate deliveries.

When you consider how short a time the new Chevrolet has been in production—when you consider, also, that the 1934 car is not last year's model improved, but a basically new automobile, with sweeping changes in design—this production record becomes somewhat of an accomplishment. But, a still greater accomplishment, in our opinion, is the way that these cars have all been produced!

Despite continued nationwide pressure for more and more volume, every car that has left the factories has been built and tested to meet Chevrolet's highest standards of care, precision and quality. The result: When you place your order for a new Chevrolet, you'll not only get a big, rugged "Knee-Action" car—you're also assured of getting a typical Chevrolet car in economy, dependability and long life.
