KNOCKOUT!

ORANGE DELIVERS A KNOCKOUT BLOW TO COMPETITIVE CLAIMS IN 24 SCIENTIFIC TESTS!

THE result of a two year series of tests of Orange Tobacco Fertilizer against 24 competitive brands delivers a complete knockout to all competitive claims!

And, all this proves that on the basis of 1000 lbs. per acre Orange was worth more per ton—\$97.88 more!

Here are the facts about Orange, certified by the highly skilled and reputable farmers who made them.

To be any good to you, the fertilizer you use must perform consistently. It must do a good job not in one isolated case, but year after year, on farm after farm.

It produced 150 lbs. more tobacco per acre than its 24 competitors.

That's Orange! Use it and deliver a knockout blow to your fertilizer worries!

It produced better tobacco per acre, the tobacco grown with Orange averaging \$2.27 more per 100 lbs.

Jamaca is our standard grade goods, next to Orange the finest tobacco fertilizer we know of. We believe it to be better than anybody else's best. S-D goods for cotton, peanuts, truck and grain are also the finest of their kind!

By producing more tobacco and better tobacco, it returned more money per acre—\$48.94 per acre more!
