One Of Siamese Twins Is Refused Marriage License

(Continued from page one)

marriage would be "immoral and indecent." William C. Chandler, acting corporation counsel, said authorities felt that a publicity stunt was involved in the proposed union and that the city would not be a party to such an affair.

Charlotte, July 5.—If Violet and Daisy Hilton fail to get a marriage license nearer home they might try in North Carolina as did Eng and Chang Bunker, the "original Siamese Twins" who settled in this State, married and reared families nearly a century ago.

L. J. Martin, of the register of deeds office here, said today he knew of no reason why a license would be denied Violet or Daisy or both if application was made here.

"So far as I know there would be no legal barriers in their way here," he said. "If they walked into this office I think I'd give them one—two—well, whatever they wanted."

The Bunkers settled near Mount Airy, N. C., after exhibition tours in this country, married sisters and reared large families. Eng had eleven children and Chang, ten.

The sisters were Sarah and Adelaide Yates, of Wilkes county, who married the twins in a double wedding on April 15, 1843.

"—the BEST I've ever seen for steps and porches!"

It shows how quickly the constant scraping, grinding, scumming wear of many feet will ordinarily ruin the appearance of steps or porch. Hallways in offices, hospitals, stores or schools—wherever the wear is heaviest, there is the place for Floor and Deck Enamel. It dries hard overnight to a tough, gloss enamel finish—holds its neat, attractive color and appearance under most severe conditions of wear and weather.

Use this superior product for lasting, satisfactory service—indoors or out—on those places that get the roughest treatment.

4-H Clubs Gather in Washington

ABOVE: Secretary of Agriculture Henry A. Wallace, whose informal address at the recent 4-H Club Camp in Washington was read with interest throughout the nation, autographs the programs of two lucky 4-H members from Iowa. They are James F. Kearns and Miss Florence E. Meier. Attractive Miss Meier has specialized in canning, clothing and room improvement since 1927. Although Secretary Wallace's recent writings have shown him to be a believer in world trade, he has made the point that certain vital industries have to be built up in this country. While he did not name any of these, many people feel that the nitrate of soda industry is one of them. (Photo by I. N. P.)

LEFT: An important quartet in agricultural affairs. These officials have been working day and night to aid the drought-stricken West but were not the busy to take an interest in the 4-H Camp. Left to right, they are: Col. L. W. Westbrooke, Assistant to the Federal Emergency Relief Administrator; Wm. I. Myers, Governor of the Farm Credit Administration; Chester A. Davis, Agricultural Adjustment Administrator; and Sanford Tugwell, who has just been appointed under-Secretary of Agriculture. Mr. Tugwell's address was one of the highlights of the Camp.
