

FORECLOSURE SUITS FOR TAXES

ACTIONS INSTITUTED DURING MONTH OF SEPTEMBER, 1934

FIRST ADVERTISEMENT

The defendants named below, and all other persons claiming any interest in the subject matter thereof, will take notice that civil actions have been commenced in the Superior Court of Pitt County, North Carolina, in which the COUNTY OF PITT IS PLAINTIFF to foreclose certain certificates of tax sales and liens held by the said COUNTY OF PITT for 1930 DELINQUENT TAXES.

And all of whom will further take notice that they are required to appear before the Clerk of the Superior Court of Pitt County, North Carolina, at his office in the Courthouse in Greenville, North Carolina, and present and defend their respective claims, if any, within six months from the date hereof, or be forever barred from any interest therein or claim in or to the proceeds from the sale of said lands.

The property described below and set opposite the names of the respective defendants was listed for taxation by said defendants for the year 1930 as shown in the several complaints filed in said actions, and is the same real property owned, or formerly owned, by said defendants.

Answers Timely Farm Questions At State College

QUESTION: Where can a grower secure the 12 cents loan on cotton authorized by the Reconstruction Finance Corporation?

ANSWER: Any bank, cooperative marketing association, partnership, corporation, or person is authorized to lend money to producers on eligible cotton warehouse receipts. Certain forms, which can be obtained from the county agent, must be completed and submitted with application for loan. All cotton must be graded as low middling or better in grade and must be tax-exempt or have had taxes paid on it before application is filed.

QUESTION: Are table scraps good for chickens?

ANSWER: Table scraps are usually an extremely concentrated, highly seasoned food and often produce dire results if the birds are allowed to gorge themselves. Where only a few birds are kept and fed only a grain ration the scraps undoubtedly supply some of the deficiencies brought about by such a feeding method. This system of feeding, however, does not bring out the best in the birds and causes low vitality as well as a decreased production. For best results all birds should have the proper ration and be well housed.

QUESTION: What grasses are recommended for permanent pastures in North Carolina?

ANSWER: The grass mixtures vary with the type of soil and location. The grasses that would do well in the Coastal Plain section on loamy soils would be unsuited to other soil conditions in the Piedmont Section. A full list of the recommended mixtures for different sections is given in Extension Circular No. 202, copies of which may be obtained free from the Agricultural Editor at State College.

MOVING OF POST OFFICE BRINGS GREATER ACTIVITY TO BLOCK

A great increase in activity has been noted in the business block, to which the Postoffice was moved several months ago, its quarters now being in the new building erected by J. W. Holmes adjoining his office building.

NOW IS A GOOD TIME TO RE-NEW YOUR SUBSCRIPTION.

JUST TO REMIND YOU—When in Farmville strolling around, if you chance to get on Main Street and happen to want something to eat, whether it be apples, grapes, oranges, lemons, bread or cabbage, potatoes, a bottle drink, or almost anything else of which you happen to think, stop at the cab mounted on wheels, right on the vacant corner of Main and Wilson Sts. JACK RUSSELL, noted for fair prices, full weight, and a friendly smile.

SURE

WE LOOKED at THE OTHERS and that's why

I Bought a Terraplane I have paid three times as much for an automobile that was not nearly so comfortable to ride in and handle as my Terraplane. Performance is great; the economy is great. —W. F. HOWARD, Rochester, N. Y.

I Bought a Hudson I have owned at least 25 cars. I am thoroughly satisfied with my judgment in purchasing your car, as it has performance, economy, comfort and price. —HENRY M. McCONAUGHY, Seattle.

We Bought a Terraplane We both being aviators, selected a Terraplane, because its lines most nearly approached an airfoil and therefore offered the least resistance to the air. We have secured between 19 and 23 miles per gallon on trips. —MR. & MRS. PAUL B. SATON, Charlotte, N. C.

I Bought a Terraplane I used to be a high priced car driver, but not after I sat behind the wheel of a Terraplane. I'd never have a car again without Road Levelers like you furnish. Smoothest riding I've ever enjoyed. —E. A. CONNELLY, Cincinnati.

Does it pay to take your time about buying a car? Just ask Hudson and Terraplane owners. Of the thousands of men and women who have bought new Hudsons and Terraplanes this year, 5 out of every 8 looked at several other makes of cars before they decided.

They'll tell you how much you'll be ahead if you "don't buy any car too hurriedly."

We'll be glad to show you more owners' statements like these above, as well as sworn affidavits to certify the economy and low

upkeep cost enjoyed by owners of Hudson-built cars.

You'll be interested, also, in the facts about the recent nation-wide "Challenge Tests." Only one competing car dared accept a wide open challenge to prove economy and performance—and was beaten in every test.

The facts about Hudson and Terraplane are here at our showrooms for you to see—more real brass tacks information than you ever got about any cars before. Come in and ride in these cars—drive them.
