Capital Keyholes
By Bess Hinton Silver

TEN-STRIKE
Governor Ehringhaus bowled 'em over when he named Clyde A. Erwin to succeed the late Dr. Arch T. Allen as Superintendent of Public Instruction. Erwin is regarded here as highly capable and he is extremely popular with the school teachers and they also vote. It was another plum for the West where there has been complaint that the Governor has not been passing out enough of the administration sweets.

CHEAPER TALK
By the time you read this the State Utilities Commission may have already ordered reduction of telephone rates in many North Carolina cities. The order has been held up by delays in preparing reports and briefs but is now expected any day. Capitol Hill is looking for it before the ballots fly next Tuesday.

BAD FOR US
The State of Georgia went haywire on diverting its highway funds while using federal aid money for road construction. Uncle Sam got tired of being Santa Claus for Georgia politicians and passed a ruling that any State diverting even one cent of its highway money would be penalized one-third of the amount of its federal aid funds. That means that North Carolina will lose about \$1,000,000 a year, during the next two years, if diversion of highway funds is continued. The State is now using one million bucks collected from motorists to pay for general State expenses. The Washington boys are regular old meanies about diversion.

MAY BE TRAINING
Congressman R. L. Doughton denies that his campaign speeches outside his own District are part of a drive for Democratic nomination for Governor in 1936. "Farmer Bob" says he is running for Congress and battling for the party and "to say that I now have designs upon the Governor's chair and am making a campaign for it is manifestly unfair" but hastens to add "That isn't to say that I will not run for Governor." Figure it out for yourself.

STAR BOARDERS
Ralph Moore, steward, and William Sams a fellow inmate of the federal transient camp in Dare county weren't satisfied with life in the "Roosevelt Boarding House" so they took unto themselves an automobile without due process of law. Then the cops took them to the hoose-gow and Judge N. A. Sinclair gave Moore a five-year meal ticket in the State penitentiary and Sams got off a bit lighter.

SOCIAL LEGISLATION
A program of social legislation is being cooked up for the coming General Assembly session but its passage is by no means assured. Governor Ehringhaus is expected to give the program some sort of blessing but a lot depends on federal legislation proposed which would levy a tax for unemployment insurance to be used by States having their own plans and by Uncle Sams in other States.

STRONG TALK
Congressman Walter Lambeth took his foot in his hand and delivered a wallop at Harry Hopkins, federal relief administrator, for paying what he termed higher-than-normal wages in the South. Raleigh is wondering if the hundreds of persons enjoying federal relief in the Eighth Congressional District will vote for Mr. Lambeth next Tuesday. If they don't a lot of other folks will since Mr. Lambeth only said out loud what others have been whispering around the Capitol for some months.

STILL RUNNING
Recent developments surrounding the probable candidacy of Clyde R. Hoey, of Shelby, and Congressman R. L. Doughton for the Democratic gubernatorial nomination in the above-mentioned year of 1936 have crowded Lieutenant Governor A. H. (Sandy) Graham off the front page but word reaching Raleigh indicates that Mr. Graham is not letting up on his horse generally believed to be headed toward the same goal. Talk of violent opposition to Mr. Graham by Senator John Sprunt Hill, of Durham, leads to speculation as to what sort of committee appointments Gov. Graham will slash out to the wealthy Durham publisher next January.

THEY LIKE IT
A great many people wonder why men frequently mentioned for offices they never actually seek don't emphatically withdraw their names once they decide not to run. There are reasons and then reasons but remember—most of them are lawyers and the attendant advertisement doesn't hurt business one whit.

SILVER LINING
School teachers and other State employees are perking up since the report of the State Treasurer's office showed the general fund will be in the black. The public hired help has been hitting the rough spots with a 33 per cent salary cut ordered by the last Legislature and utilized by Governor Ehringhaus to balance the budget. But now the pesky old thing is more than balanced and the slaves hope that the next General Assembly will find this sufficient cause for being more liberal with appropriations.

SITTING PRETTY
Probably the safest Democrat in North Carolina, so far as next week's election is concerned, is Stanley Winbourne, State Utilities Commissioner. C. Zimmerman, his G.O.P. opponent, is not rated a triple-threat under ordinary circumstances but Mr. Winbourne is bulwarked with recent reductions in electric light and power rates that will mean millions of dollars in the pockets of Tar Heel voters. It's a guess in Raleigh whether Mr. Winbourne or Charles M. Johnson, State Treasurer, will pile up the largest majority next Tuesday.

FRESH FISH
North Carolina fishermen are almost on the verge of starvation with their catches selling as low as one-half cent a pound and no market for others, as the result of haphazard marketing and transportation methods. R. Bruce Etheridge, State Director of Conservation and Development and Captain John A. Nelson, head of the commercial fisheries division, believe that legislation requiring properly refrigerated vehicles for transporting seafoods for commercial purposes would greatly relieve this situation by insuring delivery of these products in good condition. There is money in North Carolina waters and they believe it can be secured by proper regulation of fast transportation. The fishermen are organizing with this end in view.

Bill Klem, the umpire who never made a mistake, finally made one. He forgot he was in a hotel lobby when he described Goose Goslin to the world.

From 1853 to 1930, the play "Uncle Tom's Cabin" was showing somewhere in America, giving it the longest continuous run of any production.

Engineers have found that radio stations thrive best on certain soils, i.e., transmission is better over soils that are retentive of moisture than over dry soils.

THE ENTERPRISE \$2,000 EXPANSION CAMPAIGN
(Continued from page one)

weeks—moments that otherwise may be lost.
How long would it take you to save enough money out of your earnings to purchase a car of this value or one of the other gifts awaiting you in the gift distribution? Figure it out for yourself. You will readily see the opportunities that participants in this distribution affords.

Work in Spare Time
Very little is required of you to win. You have the time, plenty of it. A few hours a day spent among your neighbors and friends for The Farmville Enterprise is sufficient to win the biggest gift in the list. You have the time. Really, your spare time—a few minutes at the noon hour, a few minutes of an evening—is worth more to you these next few weeks than any full time employment you could imagine. Yet it is but a side issue—a spare time proposition. Nothing more. There is no sentiment about it. To earn money is honorable and the big, handsome, speedy car is now provided, it is here for you.

You Cannot Lose
You cannot lose. You are paid for every minute of your time. Every active non-gift winner is given an absolute guarantee that he or she will be paid for his or her time—fifty of every subscription is yours if you fail to land one of the big gifts. That, in itself, is a good business proposition. We all have spare moments after work that we can turn into cash.

There is one thing, though, that is certain. There is absolutely no way you can secure one of these gifts—either car or cash except by votes. There are but two ways you can get votes. One is by collecting the free vote coupons which appear in each issue of the Enterprise. The other is by securing subscriptions or renewals.
You Can't Buy Votes
No votes will be sold. There is absolutely no way you can secure votes except for coupons or subscriptions. You are not to spend one cent yourself. You are to get your friends to save coupons and to secure subscriptions and renewals. Coupons and subscriptions will win and these two alone.

If there is anyone who imagines he or she can enter and carry away a big gift by spending money, he or she is advised now to stay out. Read the vote schedule. Unless you want to compete in the same fair and square manner in which The Farmville Enterprise puts on this great gift distribution, save your energy for some other plan.

All On Even Terms
Nothing but straight and honest, fair methods will be tolerated. If you are in earnest, if you will devote an hour a day, if you are ready to compete on even terms with every one else and if you want to assure yourself of some real money or the big car—then you want to participate in this distribution of gifts.

More Votes At The Start
In order to absolutely eliminate any possible chance of anyone "buying" his or her way to victory, The Enterprise is giving more votes at the start than at the finish. As the campaign progresses, the voting power of both coupons and subscriptions diminish until finally they are worth less than one-sixth their present value. The final week is of the least concern, for votes then count so little. The first weeks are the weeks that count most when coupons and subscriptions count the most.

"The early bird catches the worm."
It is advisable to start early. It pays to be able to make up your mind quickly. Votes are greater and easier to get at the start.

Start Early—It Pays
You can get more coupons and more subscriptions at the start than you can when many candidates are out after them. At the start the cream is yours. What you get early, you get easily. And the early coupons and subscriptions count up faster—the votes are bigger. The first weeks are the best.

Make up your mind now. Enter now. Everybody wins. You win. You can't help but win. The more you do the more you get of course. But everybody wins something.
Cut out or tear out the nomination blank in this issue of The Enterprise write in your name, your address, and if you have a telephone your telephone number. Mail or bring your nomination to this office. This is your first step. That starts you off with 5,000 votes. Nominations may be made by anyone for anyone. A friend can nominate you. You can nominate a friend. But only one nomination counts for each entry. No one is barred. Men, women, boys and girls are all eligible. Make the start. Let's go!
Short and Snappy
This campaign will not be a long drawn out affair of several months' duration. It extends over a period of only a few weeks. It closes December 22nd. Think of securing in about seven short weeks, gifts that would ordinarily require months, yes even years, of self-denying and saving to acquire—and these are given to you for your spare time and a little interest in helping The Enterprise enlarge its subscription list.

Information and Assistance
In order to give everyone who participates in this great campaign the greatest possible assistance and to properly handle the circulation so

that each new subscriber will get his or her paper promptly, to avoid confusion, The Farmville Enterprise has secured the services of a circulation manager. He is thoroughly experienced in this line of work. He will give his entire time and attention to those who desire to take part in this gift distribution. If there is anything you want to know or do not understand, call and see him, or telephone him.
The Enterprise office will be open 8 a. m., to 8 p. m., each day. You will always find the circulation manager here. Put him to work for you. He will be glad to help. Telephone him if you wish. If you prefer, a representative of The Enterprise will call and explain just how to go about winning the gift of your choice, if you request it.
You have as many friends as anyone else in this community, so be sure and enter your name today.
